Dollar Wins Over Pacific Mail

Washington, D. C .- The restraining order of sale by the shipping board of the five vessels and service of the California-Orient line to the Dollar interests was dissolved by the District of Columbia supreme court.

The ships are to be sold to the Dollar interests for \$5,625,000 and will be continued in operation out of San Francisco in addition to the five President type ships now operated out of Seattle over the northern route to the orient by the Dollar lines for the shipping board, and to their vessels going to the orient out of Pacific ports in a round-the-world service.

Their acquisition of the five vessels involved in the sale, which are at present operated out of San Francisco for the board by the Pacific Mail, will leave the latter company without any vessels in the orient service and with none which can compete with the president-type vessels apparently available for purchase.

WETS TO TEST STRENGTH

Wisconsin Assembly Expected to Approve Straw Vote Plan.

Madison, Wis .- The state assembly a week is expected to add its proval to the resolution already adopted by the upper house calling for a a state-wide "straw vote" on probi-
