Wants New Deal Made in China

Swampscott, Mass.—Insistence that China live up to its territorial obligations and protect the lives of foreigners was announced as the keystone of the policy of the American government toward the nation.

Secretary Kellogg outlined the attitude of the administration after a week-end conference here with President Coolidge, centering chiefly on the Chinese situation. He insisted that there must be "scrupulous observance of the obligations to China entered into at the Washington conference."

Formulation of a definite policy was deemed necessary by the president and secretary of state in view of recent disorders there jeopardizing the lives and property of Americans and nationals of other countries and on account of the completion of ratification of Washington's treaties dealing with Chinese customers and extra-territorial rights.

Before his departure for Washington, Secretary Kellogg expressed confidence that all of the nine powers signatory to the Washington treaty designed to bring about a revision of the Chinese customs, would participate in the conference which, it stipulates, must be called within three months after completion of ratification.

In addition to the United States and China, the nations which negotiated this treaty are Japan, Great Britain, Italy, The Netherlands, Belgium, Portugal and France.

Utah Man On Tariff Commission. Swampscott, Mass.—President Coolidge appointed Edgar Bernard Brunsard of Utah as member of the United States tariff commission to succeed William S. Culbertson, recently appointed minister to Roumania.

No Agreement on Chinese Question. London.—No agreement has been reached between Japan, the United States and Great Britain regarding a policy toward China, it was stated officially at the foreign office.

Important New Road

Wenatchee, Wash.—A dream of 15 years ago, when a group of prominent Snohomish county residents stood on the old Great Northern switchback topping Stevens pass and expressed a desire for a modern highway, was realized Saturday when Governor Hartley officially opened the road to traffic. Nearly 3000 persons were in attendance at the dedication program, which was held under the auspices of the Stevens Pass Boosters' association and participated in by chambers of commerce and commercial clubs along the route of the road.

The Stevens pass highway cuts off nearly 44 miles from the distance from Spokane to Everett and Seattle and the easy grade will reduce the running time to Wenatchee, it is believed. The road is 140 miles long and boasts 70 miles of pavement.

Brown, secretary of the game commission, hailed from the Calapooia city and now Edgar F. Averill, a former resident and belonging to a Brownsville family, succeeds Burghdoff as head of that body.

Impromptu Roundup Stunt

Ivan Smith was a little late in staging his racing stunt Sunday evening, July 5th, but he succeeded in holding the attention of his small audience while he was about it.

His pony likes to race with motor cars pretty well and coming toward Halsey that evening the game became so exciting that he was unwilling to stop when the boy wanted him to do so, at Mr. Moss', and when he attempted to stop him, he attempted to stop him he jumped the fence, and, catching his foot in the upper wire, dumped himself and his rider into the door yard.

Mr. Moss quickly came to the rescue and carried the unconscious boy into the house, where the application of cold water soon revived him, and he was found to be uninjured, except for bruises and being badly shaken. He was sent home with his brother Theodore, who passed there a little later, and two days afterward he and the pony were out again.
