It does rain sometimes in Oregon. The pavements and sidewalks were wet Sunday morning. There have been about a dozen frosty mornings, mostly imperceptible to any but early risers because fogs took away Jack's white paint early. The trees have been laying their gorgeous fall carpet, too, but E. Rust has been marketing fresh Outhbert red raspberries just the same.

The Pacific International Horse Show, Portland, Oct. 31st to Nov. 7th, again takes the front of the stage in 1925 with the largest offering of premium money in America.

The stake events are: Olympic Hotel, Seattle, \$2,000, for five-gaited horses; Seattle Horse Show Association, \$2,000, to be shown in two divisions as follows: \$1,000, five-gaited mares and \$1,000, five-gaited stallions and geldings; Northwestern National Bank, \$2,000, for roadsters; Portland Chamber of Commerce, \$2,000, for heavy harness ponies; Sovereign Hotel, \$2,000, hunters and jumpers; Portland Hotel, \$2,000, heavy harness horses; Multnomah Hotel, \$2,000, three-gaited horses; W. COURT ACCUSES MITCHELL
Former Air Chief is Formally Charged With Insubordination.

Washington, D. C.—"Conduct to the prejudice of good order and military discipline," was charged against Colonel William Mitchell in court-martial specifications served upon him as a result of his attack several weeks ago on the conduct of the army and navy air services.

The charges are brought under the articles of war which deal with general offense against the discipline and good order of the army.

The statement issued by Colonel Mitchell at San Antonio after the crash of the Shenandoah, said the formal accusation, constituted insubordination and was "highly contemptuous and disrespectful" to the war department.

It was in this statement that the colonel declared the loss of the Shenandoah was due to criminal and almost treasonable conduct of the air services.

Oregon Utilities Body is Opposed.
Washington, D. C.—Objections were filed with the interstate commerce commission to the petition of the Oregon public service commission to reopen the case whereby the Southern Pacific acquired control of the Central Pacific railway. The Brotherhood of Locomotive Engineers and the Order of Railroad Conductors joined in opposing the move by the Oregon commission to test the service of the Southern Pacific under its control. The objection was made on the ground that the benefits have been far reaching since the Southern Pacific took over the Central Pacific and that the state of Oregon could have no jurisdiction, since it was no longer a matter of local concern.

States to Talk Water Division.
Spokane, Wash.—Representatives of Washington, Oregon, Idaho and Montana and of the federal government will meet here October 31 upon invitation of R. K. Tiffany, state hydraulic engineer of Washington, to discuss preliminary plans for a division of the waters of the Columbia river watershed.

Tornado Hits Alabama Counties.
Troy, Ala.—A Tornado hit Pike and Barbour counties Sunday and killed 16 persons, injured a score and did thousands of dollars damage.

Caillaux Refuses to Play Scapegoat

Paris.—Demands for the resignation of M. Joseph Caillaux, French finance minister, were made during a stormy session of the cabinet.

Caillaux is reported to have flatly refused a request by Premier Painleve for his resignation. The finance minister said he had come to the meeting in pursuance of his duties to present his projects for the financial restoration of the country.

He had no intention of being made a scapegoat for the whole government, which was equally responsible with him for the present situation. He declared vehemently that he would not, by resigning, let it appear to the country that he was in any way accountable for the ministerial crisis.

The breach between Finance Minister Caillaux on the one hand and Premier Painleve and Foreign Minister Briand on the other reached a point considered by political quarters as beyond healing.

Failing to get Caillaux out alone, the whole cabinet resigned and he went with it.

OREGON PRODUCTION LESS
Washington State Still Ranks First in Lumber Industry.

Washington, D. C.—Oregon's lumber production in 1924 showed a decline of 7.6 per cent, or 300,536,000 board feet, under the 1923 output, the department of commerce has announced. In the same time the number of producing mills decreased from 479 to 398.

The state held its place as the nation's second largest producer of lumber, being topped only by Washington. The comparative production figures of Oregon for 1924 and 1925 were 3,645,457,000 and 3,366,083,000 board feet, respectively.

The other leading lumber states of 1924 were Washington with 6,267,343,000 board feet; Louisiana, with 3,396,940,000 board feet; Mississippi, with 2,860,975,000 board feet, and California-Nevada, with 1,996,496,000 board feet.

C. R. Maybury, Chief Clerk, Resigns. Olympia, Wash.—Charles R. Maybury, veteran chief clerk of the house of representatives in the state legislature, has addressed letters to members of the house announcing his resignation as chief clerk at the special session, Maybury said. He has served in the capacity of chief clerk since 1913 and was clerk of the appropriations committee at the 1911 session.

The executive council of the German Nationalist party has repudiated the Locarno treaties. This means that for the present, at least, the Nationalist leaders will campaign against the treaties before the public.

MRS. ROGER PEIRCE OF HOLLYWOOD, CALIFORNIA, ONE OF THE COUNTRY'S MOST NOTED RIDERS, AND HER HUNTER, "JOHN PEEL."

The Pacific International Horse Show, Portland, Oct. 31st to Nov. 7th, again takes the front of the stage in 1925 with the largest offering of premium money in America.

The greatest series of horse shows ever known is being held now in California at Stockton, Sacramento, Ventura and Pomona, all former shows being augmented by a flood of newly purchased show horses. According to General Manager O. M. Plummer of the Exposition and Horse Show Manager, A. P. Fleming, a train load of livestock, of which 14 carloads are horses, will come from the east to Portland this fall, as will all the horses now showing in California.

The result of these additions will unquestionably enable the Pacific International to break the size and quality records now being made in the south.

The growth of the horse show feature of the Pacific International is one of the most significant facts of the comeback of the horse.

HUNGARIAN REPUBLIC has been denied permission to visit the United States on a lecture tour. The refusal was based upon the laws which bars persons of known revolutionary views.

THREE YAKIMA POLICE HELD
Officers and One Civilian Taken in Liquor Net.

Yakima, Wash.—Three Yakima police officers and one civilian were arrested here on federal liquor charges and a second civilian was being sought.

Arrests were made by S. E. Bunker, federal prohibition officer, stationed here. Harry Blair, Alden Shumaker and Fred Shumaker, the police officers, were held in \$1000 bail, and Frank Howard, the civilian, was held in \$2500 bail.

Each man pleaded not guilty to charges of possessing, transporting and selling intoxicating liquor when arraigned before C. P. Borberg, federal court commissioner.

18 NAVY SEAPLANES TORN AWAY IN GALE
Baltimore, Md.—Seventeen of 23 United States navy seaplanes here for a navy pageant broke from the moorings near Sollers' point in a 75-mile gale Sunday and were strewn along a five-mile stretch of beach. Another plane moored off Bag Shore park tore free and disappeared.

WASHINGTON SCHOOL FUNDS APPORTIONED
Olympia, Wash.—The apportionment of the state school fund for October was made by the state superintendent of public instruction to the various counties on the basis of school attendance as follows. Total days attendance for the school year 1924-25, 57,294,747; amount apportioned, \$553,570.62, or .9094 per diem.

FATHER OF S-51 DEAD TO SUE FOR DAMAGE
Ardmore, Okla.—Damages of \$25,000 will be sought by I. W. Crawford of Ardmore in a suit against the owners of the steamship City of Rome, which rammed the S-51 several weeks ago. It was announced here. Among the lives lost in the submarine disaster was H. L. Crawford, I. W. Crawford's son, for whom the redress is sought.

Two forest fires reported in the south Umpqua district, between the Umpqua river and Jackson creek, above Tiller, resulted in lookouts being ordered to posts at Red Butte and Devil's Knob. The fires are out of control but as yet are doing little damage. Owing to the lack of rain, the forests are very dry and the fire hazard is increasing.

E. F. Averill, state game warden, and Commissioner Bauer of Corvallis, who have just returned from eastern Oregon, expect to make a tentative recommendation against the proposed game refuge in southeastern Umatilla county, according to Mr. Averill. Deer, it was said, are on the increase in the community where the proposed refuge would be maintained and the winter range is limited. An increase in the number of deer, it is felt, would seriously impoverish the available range, and it is recommended that another survey be made later in the year.

One principal object of the trip of the Rocavells to "the roof of the world" was to get specimens of ovis poli, the wearers of the biggest sheep horns known. They got three.
