W. H. Robertson is building a garage.
Kenneth Miner was in Halsey last week.
Rev. Mr. Gillespie of Peoria was in Halsey Saturday.
Everett Albertson has a new Chevrolet coupe.
William Seefeld is moving to his place, two miles west of Halsey, formerly the Gray place.

Nothing is too good for our patrons. Last Friday L. J. Hauser of Albany asked an Enterprise representative for rain. Here you have it.
Albert Miner, Mr. and Mrs. Coates and Mrs. Martin and son Otis and daughter Faye left for Raymond, Wash., Monday morning.
A good crowd was present at a meeting of the Peoria community club Friday night and a poultry specialist from O. A. C. gave a talk on that subject.
Monday Mr. and Mrs. W. H. Beene sold their piece of about 22 acres, about two miles east of Brownsville, to John H. Warehine and wife, recently of Montana.
Otis Martin, on his way to Ira Miner's Sunday, ran into a ditch about eight feet deep, eight miles east of Albany on the Lebanon road, capsizing his car and smashing its top and front fender. A bent wishbone made the auto unruly. Wallace Miner was with him. Neither of them was much hurt.
Mrs. Ella B. Norton of Los Angeles has sold the Brownsville hotel to Fred Schraeder and wife of the southern city, who will

arrive this weekend and take possession.

The greenhouses represented by Hall's Floral and Music shop at Albany, whose card appears in the Enterprise, held open house Sunday. There were visitors from Salem, Corvallis, Eugene and other points and all were surprised at the extent and beauty of the floral display.
Because Mrs. Hannah Cummings is aged and not very strong a daughter is wont to come to town and help with the work occasionally. Monday morning she came to do the washing but her mother had beaten her to it and she found the clean clothes hanging out to dry.
The use of tobacco by minors and the furnishing to them of the weed is being warded against by Albany police. One man who gave snuff to his son and told the officer he had a right to do so paid a \$10 fine Monday. Another party paid \$10 for selling to a minor who wanted tobacco for another party, reports the Democrat.

On Mrs. J. C. Porter's birthday, Saturday, twelve ladies gave her a surprise party and handkerchief shower. The radio entertained the party and refreshments were served by Mrs. W. A. Muller and Mrs. Fred Sprenger. Participants were, Mesdames Dunn, Caruthers, Pruitt, Koch, Munson, Dick Duncon, G. W. Laubner, T. I. Marks, W. A. Muller, James LaMar and Fred Sprenger.

Comity of Nations is the Program

New Impetus Given to World Peace Ideal By Balkan Adjustment.

Paris.—Internationalism as opposed to extreme nationalism—an internationalism which will be based in moments of war peril on the surrender of state sovereignty — was given new strength by the league of nations.
Completing the work of its special session by quickly adjusting the crisis between Greece and Bulgaria, the task for which it was convoked, the council of the league, passing on to greater issues, virtually wrote the second chapter of a modern history of which the Locarno security treaties with Germany constituted the first chapter.
This second chapter is that henceforth the league of nations becomes the machinery for the settlement of all disputes and that war must cease, because, as Austen Chamberlain, the British foreign secretary, said, if it does not, all nations will perish from the earth.
Obeying the covenant of the league, Greece and Bulgaria, by agreeing to submit their quarrel to the mediation of the council, set a precedent which, Mr. Chamberlain warned, must be followed by all. He said that any menace of war anywhere concerns all the members of the league.
The closing of the session was marked by a moving address by Aristide Briand, the president, who declared the league's existence had been fully justified by this settlement alone.
In reverent tones, which thrilled his hearers, M. Briand dedicated the session just closed to the memory of Woodrow Wilson, who proposed and realized the league of nations.

CLAIM DRY LAW JUSTIFIED

Federal Council of Churches Reaffirms Stand on Prohibition.
Washington, D. C. — "Prohibition has already yielded results which fully justify its adoption."
This is the flat statement of the administrative committee of the Federal Council of Churches after considering its policy on the subject in the light of the recent report on the prohibition situation proposed by its research department. There is nothing in the report, the administrative committee says, "to justify modification of the stand of the churches on prohibition."
The council renewed in the statement its pledge of unequivocal support of national prohibition. Prohibition is the deliberately and permanently established policy of the country it declared, adding, "the liquor traffic and the saloon must not come back again."

Bible Study Tuesday, 2.
The week end convention, held at the Methodist church by eight students and two instructors from the North Pacific Evangelistic Institute, was a great treat to the local congregation. Mrs. Runyon, the head of the music department, led the singing and rendered several beautiful solos. Rev. J. G. Bringdale brought several very helpful messages. The climax of the convention was Sunday morning, when the students gave their experiences in the christian life.
Mr. Chang, who is a university graduate from China and who is now preparing himself to preach in his own country, gave a touching talk on the needs of his people.
One of the students announced that there were seven denominations represented among those that were present and the challenge was given by someone to tell of any difference between them, thus revealing that the old-time religion will make the people one in spirit.
Some sought the Lord for conversion and some for a deeper work of grace in their lives, while many were inspired to be of greater service to the Master.

Dry Agents Pass Up Small Fry.
Washington, D. C.—Assistant Secretary of the Treasury Andrews has taken steps to make the highways safe for tourists, and, incidentally, for those who carry a small flask of liquor in their automobiles. Orders were issued to 24 regional prohibition administrators to concentrate on "big game" and not make the federal law "obnoxious and cheap" by halting automobiles and by arresting minor offenders.
Big Fire Hits Seattle Auto Row.
Seattle, Wash.—A spectacular fire, which swept a block of automobile agency and accessory sales rooms and service garages and threatened Seattle's row, was brought under control after doing damage estimated at \$50,000.

Hoover Warns Monopoly Abroad

Rise in Raw Materials May be Counteracted By U. S., Says Hoover.

Erie, Pa.—Foreign monopolists of rubber, coffee, nitrate, potash and other raw materials essential to American industry were warned in a speech here by Secretary Hoover that if their unfair exactions upon American consumers continued they could expect to find the United States following the same practices and organizing governmentally to retaliate by showing upward the prices on commodities it produces for world trade.
The commerce secretary estimated that the United States was spending upwards of \$500,000,000 annually for the purchase of monopoly-controlled commodities, and declared the procedure of some of these price controllers might "ultimately bring a crash down upon the entire industry."
Mr. Hoover deplored the situation and asserted that the best interests of world commerce unquestionably called for the greatest amount of freedom of trade from price controls. The United States as a matter of internal policy had enacted in the past and enforced the anti-trust laws to prevent its own producers from combining to mulct consumers of American products, but now could easily countenance the creation of combinations which would do with the prices of cotton, copper and oil what had been done by English, Brazilian, Franco-German, Chilean and other national producers of raw materials that America imports. The whole tendency, however, presented grave international danger, and the secretary called upon other nations to reconsider their commercial programs.

Mrs. L. O. Anderson Heads Educators.
Tacoma, Wash.—Mrs. L. O. Anderson, superintendent of the Waterville schools, ex-superintendent of the Douglas county schools and a delegate to the world conference of education in Edinburgh, was elected president of the Washington Education association at the concluding session of its convention here, defeating Miss Mae Mark, superintendent of the Yakima county schools. The vote was 76 to 43.

Happenings in Public Schools

Call for Meeting to Form a Parent-Teachers' Organization

(Halsey School Reporter)

Saturday evening next at 8 o'clock at the Halsey schoolhouse a very important meeting will be held for the purpose of organizing a parent-teachers' association, to include the teachers and patrons of nine districts, as follows: Powell, Kirk, Harmony, Pine Grove, Oak Plain, Grasshopper, Lake Creek, Alford and Halsey. It is believed by those interested that this organization can do much for the furthering of educational interests in the communities, as the parents and teachers will have a remarkable opportunity for co-operation.
It is desired that large delegations of both parents and teachers be present at this initial meeting, that a strong and efficient society may follow.
The first six weeks are gone, tests are over and we settle down to regular study again.
The party Saturday night was much enjoyed. The costumes varied a great deal. There were cowboys, clowns, gypsies and roses. One old crippled lady caused a great deal of curiosity and everyone was greatly surprised to learn her identity. Many of the costumes showed great originality.
French classes have taken up the study of French classics. The French III class is now studying "Jeanne d'Arc" and French II "Les Poudres Aux Yeux."
The history students this year are expected to read 20 pages or more of outside reading every week and be able to report on what they have read.

The fourth, fifth and sixth graders under Mrs. Coleman, have turned health crusaders. This work is under the auspices of the Oregon Tuberculosis association. Eleven health chores a day are required, such as brushing teeth, daily baths, clean finger nails, etc. The Crusaders are required to make 54 points a week in order to wear their pins, which range from blue at first, to red, then gold.
Two high school students lost their tonsils last week. Miss Roberta Vanice at Brownsville and Willmina Corcoran at Eugene. They are offering no reward for their return.
Rev. Robert Parker conducts a Bible class Tuesday afternoons. There were twelve students at last accounts.
The high school and the grades joined in a program Wednesday afternoon in honor of Theodore Roosevelt, Frances E. Willard, Navy day and Halloween. A number of visitors were present.
Charles Wright expects to start to high school this week.
