**Senate Fighting About Peace**

Washington, D. C.—After a delay of nearly three years, the senate headed the repeated urgings of the White House and began debate on a resolution proposing American membership in the World Court.  
 Even in its beginnings, the discussion took on many of the same characteristics that vitalized the senate's long struggle over the league of nations. Once more the mantle of leadership for favorable senate action fell upon the shoulders of a democratic spokesman. In opposition stood a determined phalanx of irreconcilables under the captaincy of a republican chairman of the foreign relations committee. Holding the balance was a group whose leaders had been the "mild reservationists" of the fight over the league.  
 The resolution of adherence upon which debate began was offered by Senator Swanson of Virginia, ranking democrat on the foreign relations committee, without the approval of Chairman Borah, of the foreign relations committee, fired the first salvo into the pro-court ranks.  
 Replying to the opening shots from Senator Swanson, democrat, Virginia, and Lenroot, republican, Wisconsin, the Idaho senator undertook to establish what relation the world court bears "to the political institution known as the league of nations."

**ADOPT NEW LUMBER GRADES**

A Three Years' Campaign for Changing Rules Ends.  
 Tacoma, Wash.—The new standardized grades and sizes for Pacific Coast lumber will go into effect January 1, thus ending a three year fight begun by Secretary of Commerce Herbert Hoover in his campaign to bring about standardization in the lumber industry.  
 The announcement was made at the meeting of the West Coast Lumbermen's association here. President E. D. Kingsley told the association members that since the last meeting 14 more of the leading northwest manufacturers have pledged themselves to adopt the new standards by January 1. This brings the number of those so pledged to 84 per cent of the association membership and these mills have a capacity of 80 per cent of the association's output.  
 Iowa Town Seized by Desperadoes

**Tax Reductions Up to Senate**  
 Washington, D. C.—The \$325,000,000 reduction bill has entered upon its uncertain journey in the senate, assured only of prompt consideration.  
 With the measure effecting far-reaching slashes in income tax payable next March 15, President Coolidge has asked the senate to act in time for it to become law before that date.  
 Chairman Smoot of the senate finance committee, to which the measure goes first for study and approval, has called the committee to meet January 4, immediately after the holiday recess.  
 Though passed by the House by a vote of 390 to 25, and endorsed "in principle" by President Coolidge as well as the leaders of both parties in the house, the attitude of the senate on the measure is a question mark.  
 The bill repeals the provision for publicity of income tax returns, voted into the last revenue act by the senate, and the gift tax, a provision forced into the last law by the house.  
 However, the principal fight in the senate now appears to center on the measure's income tax changes, which relieves 2,500,000 taxpayers by increasing personal exemptions from \$1000 to \$1500 for single persons and from \$2500 to \$3500 for married persons.

**Who is Rich?**  
 (Cor. Nashville Banner)  
 In front of the little store at Thompson's station the richest man in Williams county chatted with a group of friends, when they were approached by a neighboring farmer bearing three small packages in his hands, and he said:  
 "Well, I have sold ten bushels of wheat and I am taking a few things home to Molly and the children." Holding the packages up one by one, he continued:  
 "Here is a calico dress for Molly, some apples for Lizzie and a dime's worth of candy for little William. They will be waiting for me down at the gate. Mollie is not expecting this dress and the children will be tickled to get the apples and candy."  
 As he drove away the rich man turned to his companions and said:  
 "Boys, I would give every dollar I possess if I could feel the happiness that man feels at this moment. When he gets home he will find more affection and rejoicing than I have experienced in ten years."

In thousands of humble homes throughout the land such scenes as that which marked the Tennessee farmer's return are being enacted daily. These are the homes of the truly rich.  
 "It is more blessed to give than to receive."  
 A larger body of Norwegians and their descendants met at the Norse Centennial at St. Paul than has ever been gathered together in Norway.
