

Albany Directory

This is good advice: "If you live in Albany, trade in Albany; if you live in some other town, trade in that town." But in these automobile days many residing elsewhere find it advisable to do at least part of their buying in the larger town. Those who go to Albany to transact business will find the firms named below ready to fill their requirements with courtesy and fairness.

Another Federal Anti-monop Gesture

National Products Corporation Is Assailed By Department of Justice.

New York.—The United States government has moved to prevent what it regards as an attempt to convert the chain-store system into linked fetters for the restraint of trade and commerce.

United States District Attorney Buckner filed an equity suit in federal court to enjoin the National Food Products corporation from obtaining further stock in competing food corporations and to require the corporation to dispose of its present holdings in such concerns.

The suit was the snag upon which the third great proposed combine in America's \$22,000,000,000 food industry was caught. It followed within a few days a similar anti-trust action against the proposed \$2,000,000,000 Ward Food Products corporation and the collapse of negotiations for a \$250,000,000 combination of the Postum Cereal company and the California Packing company, generally attributed to fears of meeting government disapproval.

The district attorney charged that the National Food Products corporation, a holding corporation recently formed through acquisition of capital stock in other corporations which operate more than 16,000 chain stores throughout northeastern states, would lessen competition, restrain trade and create a monopoly of one or more lines of commerce. The total capital of such companies is in excess of \$160,000,000.

To Change the Inauguration Day

Washington, D. C.—The Norris constitutional amendment, changing inauguration day from March 4 to the third Monday in January, and the date for meeting of congress from December to the first Monday in January, was adopted by the senate by a vote of 73 to 2.

The amendment came up in the unanimous calendar, and passed with little discussion. It was passed by the senate last year but failed in the house.

Bleese, South Carolina, and Kang, Utah, democrats, cast the only dissenting votes on the resolution, which now goes to the house.

The Epworth League and the Christian Endeavor Society at Shedd have consolidated.

Houses Squabble Over Tax Bill

Bill Approved By Upper House Makes Cut of \$456,251,000 In Tax Burden.

Washington, D. C.—Carrying a reduction of nearly half a billion dollars in the annual federal tax burden, the senate passed the revenue measure.

The vote was 58 to 9, six republican progressives, two democrats and Senator Shipstead, farmer laborite of Minnesota, voting against it. The others were: Senators Frazier of North Dakota, La Follette of Wisconsin, McMaster of South Dakota, Norbeck of South Dakota, Norris of Nebraska and Nye of North Dakota, all republicans; Reed of Missouri and Wheeler of Montana, democrats.

The \$126,000,000 cut made by the senate over the house bill must run the fire of conference between the two houses.

Besides accepting all of the reductions proposed by the house, the senate made these major changes in the bill:

Repealed the inheritance tax. Struck out the tax on admissions and dues. Eliminated the tax on passenger automobiles.

Repealed the capital stock tax but increased the 12 1/2 per cent corporation tax 1 per cent.

Cut \$23,000,000 from the surtaxes on incomes between \$24,000 and \$100,000.

Reduced further the taxes on cigars.

The additional tax reduction voted by the senate was assailed as "economic folly," by Chairman Green of the house ways and means committee.

The senate, in going \$126,000,000 beyond the total approved by the house in its \$330,000,000 bill, not only threatened a treasury deficit, but jeopardized the enactment of many pending bills calling for increased government expenditures, including the public buildings bill, said Mr. Green. Chairman Green is supported in his position by other house leaders.

Owen D. Young to Aid Trade Parley. Geneva.—Owen D. Young, associate of Vice President Dawes in creation of the Dawes plan, has been tendered, and will accept, an invitation to participate in the preparatory commission of the league of nations' economic conference. His forthcoming acceptance is interpreted here as indicating that the United States will bring before the conference a demand for an investigation to break up world monopolies in certain raw materials.
