News Notes From All Over Oregon

Gleaned by the Western Newspaper Union for Busy People

George W. Halter, 51, prominent rancher of Arago, was drowned in the Coquille river.

A safe in the railroad station at Redmond was blown with nitro-glycerine and \$175 stolen.

Vessels entered at Portland during March numbered 120 against 114 in March last year.

The Southern Pacific trestle at Ada between Eugene and Coos bay, was damaged by fire.

Fred Oakes, 75, ended his life at The Dalles by firing a 30-30 rifle bullet into his head.

Oregon postmasters have been nominated as follows: Klamath Falls, John A. McCall; La Grande, Ralph R. Huron.

In the first quarter of 1926 building permit totals in Bend exceeded those of any previous year by more than \$15,000.

King Bros. Boiler works of Portland was lowest bidder for the new pipe line for The Dalles. The bid was \$52,043.90.

Marshfield is furnishing a temporary airplane field in the north part of the city, where visiting planes may land this summer.

Mrs. J. A. Hills, 45, of Lowell, was killed suddenly when the family cow became frightened and trampled upon her while she was milking the animal.

The body of Roy Campbell, ex-prize fighter, aged 25, of Klamath Falls, was found in Lake Ewanna. The body had been in the lake between one and two weeks.

A movement has been launched at Hood River to place a monument of native basalt over the graves of Nathaniel and Mary White Coe, the town's first residents.

William Chancy Winston, father of the broccoli industry and planter of the first commercial pear orchard in Douglas county, died at his home six miles south of Roseburg.

Influenza is declining rapidly throughout the state with the advent of spring weather, according to figures compiled by Dr. Frederick D. Stricker, secretary of the state board of health, which showed but 97 cases. Two weeks ago there were more than 200.

Net operating revenues of the Pacific Telephone & Telegraph company in Oregon during the year 1925 aggregated \$1,415,014.06, or \$54,753.73 less than in the year 1924, according to the annual report of the corporation filed in the offices of the public service commission at Salem.

Plans for immediate construction of a 30-room concrete and steel wing to the present building of The Dalles hospital, at a cost of approximately \$60,000, are announced. The wing will be the first of three units to be built, which, when completed, will give The Dalles a 150-room fireproof hospital.

MAJOR PRICE

Maj. X. H. Price, who is secretary of the American Battle Monuments commission which plans to mark the scene of every American action in France with a monument.

Representatives from communities along the lower Columbia river gathered at the Astoria chamber of commerce Friday night to form the Lower Columbia River Commercial Union.

The Oregon Electric railroad had an operating deficit of \$153,378 in 1925, according to the annual report filed with the public service commission. The loss was \$23,478.24 in excess of that for 1924.

The fish patrol boat Governor of the Oregon fish commission, valued at \$10,000 and only partially insured, was destroyed by fire while patrolling the Columbia river off Three Tree point near Astoria.

In an effort to stem the spread of pine beetle infestation within the boundaries of Crater National park the government will establish a pine beetle control camp in the southern section of the park.

Fire which broke out in the boiler room destroyed the lumber mill and planing mill of the Chiloquin Lumber company, located on Sprague river near Chiloquin. Loss was placed at between \$100,000 and \$125,000.

The fiscal year of the state game commission ends September 30 and not November 30, as has been observed by the commission for several years past, according to a legal opinion prepared by the attorney-general.

A telegram from the war department indicates that German war trophies consigned to Oregon have been given priority over other western shipments and will arrive in Portland on May 4. The shipment weighs 70 tons.

The state highway commission has announced that oiling operations on a number of the macadam highways in eastern and central Oregon will be started in the near future. One oiling crew began near Arlington on Monday and similar operations will start at Bend and Pendleton April 15 and at Huntington about May 1.

Residents of Oregon, except corporations, who have paid the Oregon license fee, may operate their motor vehicles for hire or profit on the highways of Washington for a period of 90 days by filing an application with the county auditor and paying for each month one-twelfth of the regular fee, according to instructions sent out by Charles R. Maybury, state director of licenses.

Five hundred college students representing every state in the union and practically every college and university in the United States, have applied for the 70 summer jobs at Crater lake national park this year, according to Richard W. Price, managing director of Crater lake lodge and affiliated concessions.

The survey of the Columbia river channel from Portland to the sea which will be ordered by the board of army engineers as soon as funds for the next fiscal year become available, will be made on the basis of a 35-foot channel as well as a 30-foot channel at the request of Senator McNary, Major-General Harry Taylor, chief of engineers, has announced.

Hundreds of women in Oregon are wearing coyote skins around their necks under the impression that they had purchased fox furs, according to Dr. W. H. Lytle, state veterinarian. Dr. Lytle says that between 5000 and 6000 coyote pelts are available in the state of Oregon annually and that many of these are put through a process that gives them the appearance of genuine fox skins.

The earliest forest closing order in the history of the district forest office has closed to smoking an area of more than eight thousand acres in the Cascade national forest on account of extreme hazard caused by slashing and dry weather. The area affected is a large timber sale tract, and the order limits smoking to designated safe areas. Such closing orders as this usually do not occur until the months of July or August.

Revenue requirements of the western railroads can be met more properly by increasing the tonnage hauled rather than through an increase in rates, according to a brief prepared by the public service commission in proceedings involving a proposed increase in freight rates on the transportation lines operating in the western district of the United States. Copies of the brief were forwarded

Baking Monopoly Move Abandoned
Oregon pensions have been granted as follows: Eugene F. Rice, Portland, \$12; Stanton L. Dobbie, Portland, \$15; Frank Gibb, Portland, \$12; Thomas R. Hamer, Portland, \$12; Milford H. Broughton, Portland, \$15; Mary N. Roberts, Portland, \$30; William Riopelle, Portland, \$15; George A. Day, Portland, \$12; Carl A. Illig, Portland, \$12; Covill F. Gill, Portland, \$18; Elmer F. Butler, North Portland, \$15; minor of Oral F. Gibson, Wasco, \$20; Minnie I. Smith, Bandon, \$20; William S. Gilbert, Milwaukie, \$12; William D. Pickett, Bend, \$15; William J. Schaffer, Multnomah, \$12; Moses Wodage, St. Helens, \$15.

Ward Food Products Corporation Agrees to Surrender Charter to State.

Baltimore.—Outright dissolution of a potential \$2,000,000,000 corporation and drastic curtailment and regulation of other members of what the government had alleged to be a huge baking organization was effected in federal district court here in one of the most sweeping decrees ever promulgated in an anti-trust case. Twenty-three million shares of corporate stock—\$2,300,000,000 potential capital under Maryland corporation laws—were wiped out and a charter ordered forfeited to the state of Maryland.

The decree brings to a close, with victory to the department of justice, but with the consent of the corporations involved, and without trial, the government's action filed last February against the Ward Food Products corporation and alleged allied concerns.

All defendants, both corporate and individual, are enjoined from "doing any act or thing in furtherance" of the alleged combination which the government describes as being in violation of both the Sherman and Clayton anti-trust acts.

The corporations, including all officers and employes, are further enjoined from entering any contract or agreement for the joint purchase of supplies, materials or equipment, or for common prices or policies in marketing.

The corporate defendants are enjoined from acquiring directly or indirectly all or any part of the capital stock of any other baking corporation engaged in interstate commerce where the effect would be substantially to limit competition.

Washington, D. C. — Opponents of prohibition marched on congress Monday in their first organized demonstration in several years.

At a hearing before a senate subcommittee wet leaders marshalled a colorful array of arguments, ranging from a demand for modification of the prohibition amendment itself to a petition for wine and beer.

The whole week has been set aside for hearing the wets and all of next week will be given over to arguments by the dries.

Five eminent jurors, composing a special senate judiciary sub-committee, threw open the doors of the old ward-draft room in the senate office building to hear the wets present their case for modification and the dries offer their arguments for tightening enforcement.

More than 20 witnesses appeared—Bishops, rabbis, government officials, judges and police—to start presentation of wet testimony for the six days allotted the prosecution in this first trial of the prohibition case since its enactment. Others will follow them during the week and more than 100 are expected to take the stand.

"This will be an open forum for presentation of all evidence," Chairman Means of the committee assured both sides before the hearings began. "If the committee determines that more evidence is needed after the wets have used their six days and the dries have used their six succeeding days, it will summon whom it pleases."

The wets' case was begun with an opening statement from William C. Bruce, democrat, Maryland, author of a resolution to permit states and cities to determine whether they want prohibition or liquor dispensed by the government under the Canadian system.

Estate Law Invalid in Washington. Olympia, Wash. — Upholding the Clark county court, the supreme court ruled that the Oregon law, which provides that when one party of a marital community dies, the joint property becomes the sole property of the surviving spouse, cannot be pleaded in Washington to cause deductions from the Washington part of the estate.

Olympia, Wash.—Wednesday, April 7 the gist of new laws passed by the special session of the legislature, ending January 12, became effective. A number of important measures are already in effect by virtue of attachment of the emergency clause, including the voluminous new "game code."

These Oregon counties are entitled to this money. The taxation situation in most of these counties is such that the income is essential. Other taxpayers each year have been paying from 5% to 20% more taxes than if the land grant lands were taxed.

The burden is hard to carry and these taxpayers are entitled to all the relief that can be provided by the grant lands paying their share of taxes.

Maybe They Will Get it, But—
(Oregon Voter)
Western Oregon county courts are going about it right in sending a delegation to Washington to appear before the Senate Public Lands committee in behalf of the land grant tax claim.
These counties have a legitimate claim for back taxes aggregating several million, and to get the lands back on the roll for annual taxation in the future.
It should be made clear that this claim is not being crowded by an attorney who is to get a percentage split, but is being presented solely in behalf of the public of the various counties.
A delegation headed up by W. H. Gore of Medford, and including several representative officials and taxpayers, will make an impression.
