## WOOD Superior Circulator

The Wood Superior Circulator is made like a warm air furnace. The inside stove is constructed similar to our well-known Wood Superior, but has in addition an outer casing which forms the circulating flues. The body of the inside stove is made of special heavy gage iron and securely fitted to the cast inner closed top and to the corrugated bottom. The sectional ventilated, corrugated linings are extra high and durable. The Wood Superior Circulator consists of an inner fire chamber, surrounded by an ornamental casing, either Walnut Enamel finish or Black with Weylville Polished steel body. This casing is not in contact with the fire chamber at any point, there being an intervening circulation space from the bottom to the top of from four to five inches. The bottom plate has open fret work permitting the easy ingress of the colder air near the floor to the space between the fire chamber and the casing. Here it becomes highly heated and is pushed upward and out through the fret work top, thus causing a constant circulation of all the air in the room or house, quickly resulting in even temperature throughout.

The Wood Superior Circulator is provided with a water pan, enamelled inside, which is attached to the back casing and is large enough to afford a satisfactory degree of moist air, owing to its large evaporating surface.

The Wood Superior Circulator is unquestionably the most wonderful heating stove ever offered for the use of wood.

It will heat several connecting rooms easily, supplying plenty of moisture to keep the circulated air in the most healthful condition.

# Vote The Republican Ticket

ELECT  
**FREDERICK STEIWER**  
U. S. SENATOR

ELECT  
**I. L. PATTERSON**  
GOVERNOR

The election of Steiwer as U. S. Senator from Oregon is of national importance. By virtue of republican control of the senate Senator McNary holds the chairmanship of the important irrigation and agriculture committees. If the voters of this state should go so far afield as to elect a democrat it might mean a loss of republican control of the senate and a consequent surrender of Senator McNary's vital committee chairmanships.

A vote for Steiwer, the regular republican primary nominee is a vote for republican control of national affairs.

Patterson is familiar with the problems that would confront him as Governor of Oregon. A farmer, he understands the problems of the farmer. A business man he knows the needs of business. He promises fair and just treatment for all. He will seek to lower taxes through a reduction of the cost of state government. He will not follow established precedent and spend most of his time away from the state capital.

Patterson will be your governor, on the job, attending to the business of the state as it accrues.

## To the Voters of Linn County

Being the Republican nominee for County Commissioner of Linn County, I believe the voters are entitled to know what to expect in the event of my election, so I am taking the liberty of submitting a brief statement.

I have lived in Linn county for the past twenty-five years. My home and business interests are all in Linn county. I am familiar with conditions in all parts of the county, and if elected will consider the interests of the county as a whole and endeavor to give a square deal to all sections.

I fully realize the present burden of taxation, and if I am elected I will at all times have the interests of the taxpayers at heart and will strive earnestly to eliminate waste, extravagance and improper expenditure of the people's money. I will use my best efforts to see that from every dollar's worth of tax money there is rendered a dollar's worth of service. I will work for the progress and development of Linn county.

Earnestly soliciting your support, I am,  
Cordially yours,
