**O. A. C. on Crop Outlook**

Wheat position continues uncertain on account of large surpluses from Argentina and Australia. Lowered Australian estimates and higher Argentinian ocean freight rates have been price maintaining features.

Oats are firm on account of Mississippi valley rain losses. Rye and old corn firm. Barley stocks fairly large. Price unchanged.

Clover seed slightly stronger. Flax stronger and linseed oil company wants larger Oregon acreage next year.

Certified and standard potatoes firm. Table stock, little change.

**ARE YOUR CHILDREN'S EYES READY FOR SCHOOL WORK?**

That children may develop physically, co-ordinately with the pressure of the school work, their eyes must have immediate attention.

It is very important that children see clearly and comfortably. You will find that the correction of imperfect vision will reduce nervousness and crossness, and bring about willingness to do and new ambition to accomplish in study.

Unusual advantages are offered here. Nothing is spared that your children may see as nature intended them to.

Do not neglect your children's eyes. Take advantage of our special facilities and give your children the fullest opportunity to do their best.

which the teacher took the honors, is reported. Our teachers evidently realize that some of their charges are inclined to go beyond tolerable limits unless curbed.

No names are given in this connection this week. The Enterprise is proud of the schools and young citizenry of Halsey and hopes that the few who have thoughtlessly offended may reflect that they have injured themselves the most and may hereafter be among those whose lives are a credit, and not a debit, to the community.

Mrs. Shotwell, former teacher here, orders the Enterprise sent to her Los Angeles address.

Mrs. C. P. Stafford got home Tuesday evening, with a severe cold.
