'Twinkletoes'

The story hinges around a love affair between Twink and Chuck—a love story that is like a flower growing in the dingy, sordid background of London's Limehouse district.

The Button Busters

No, Susie; the Button Busters don't bust any buttons. They slip into their hall without paying any admission fee and sit around and grieve over life's ills and swell with woe until the thread breaks and the buttons come off whole. The janitor sweeps them up next day and he and his friends find them handy when the contribution box is passed. It has been found that they are of no use in slot machines, but there is hope that the Busters may be induced to change the style and adopt a button that will be more useful in this respect.

The Busters are altruists and try to avoid imparting their sorrows to others, so they put on a cheerful aspect—so cheerful that their cabinations in the hall can be heard in the street below some times.

If you meet a fellow going home in the gray dawn with shingle nails attaching his suspenders to his trousers you may suspect him of being a Buster. Be kind to the sorrowing man.

Stomach so Bad Can't Eat Even Fruit

"For years was badly constipated and troubled with gas after eating. Could not eat fruit and many other things. Alerika has done me good—can now eat anything (signed) W. H. Fletcher. Alerika removes GAS and often brings astonishing relief to the stomach. Brings out a surprising amount of old waste matter you never thought was in the system. Stops that full, bloated feeling and makes you enjoy eating. Excellent for chronic constipation. Halsey Pharmacy.

Economic Organization Must Allow for the Development of Higher Life

By WILLIAM T. MANNING, Episcopal Bishop of New York.

Our economic life ought to be so organized, and in time will be so organized, that every man, whatever his task or calling, will have time for the development of his higher life. No human being ought to be debarred from such opportunity. Every man and woman in every line of work should have time for this.

When we become wise enough to see this, labor will take on its true dignity and our labor men will do finer work and more work than ever before. I am glad, therefore that William Green, the present wise and able president of the American Federation of Labor, is emphasizing this as a matter to be kept in view and brought about in due time.

Wholesome recreation and amateur sport may have its proper place on Sunday, provided it does not take the place of prayer and worship. Our sports and recreations are in their own proper place as truly acceptable and pleasing to God as our prayers and our worship, but it is not right for us to give to recreation the hours that belong to worship. The instinct for play is as divinely implanted in human nature as the instinct for work and the instinct for worship. The church must not merely tolerate clean sports and recreation but give them its glad and open blessing.

Honey Bees and Red Clover

White clover honey has no superior. Alsike nectar is like it. These are what N. T. Sneed is advertising at 20c a frame. These frames are made for one pound each of honey, but the bees do not use the scales and weights vary, so for safety they are guaranteed at not less than thirteen ounces.

Mr. Sneed says that some of his bees get honey from red clover. This is unusual for the domestic bee, which ordinarily cannot reach the nectar in that flower. Thirty years ago, though many people here kept bees, very few red clover plants bore seed. In time the bumblebees increased. With their longer proboscis they reached the red clover honey and in doing so pollenized the blossoms and now this valley exports much red clover seed.

If a strain of hive bees with long extracting tubes could be bred the red clover fields would yield increased income.

Diseases reported to the state board of health from this county last week were 4 of influenza and 1 each of measles, pneumonia and scarlet fever.

Celebrate Golden Wedding
Jan. 24 Mr. and Mrs. J. A. Stevenson of this city, surrounded by their children and grandchildren, celebrated their 50th wedding anniversary. Mr. Stevenson wore the same coat and vest that he was married in in Halsey in 1877.

Seven seems to be a favorite number with this couple. Married '77, they have had seven children, seven grandsons and seven granddaughters besides a great grandson and a great granddaughter.

The following children were at the reunion: Lester H. Stevenson, San Francisco; Alice S. Keeney, Palouse, Wash.; Nellie S. Robnett, Myrtle Point; Stanley R. Stevenson, Eugene; Glenn G. Stevenson, Portland; Harold Stevenson, Brownsville.

Old memories were recalled, old songs were sung, late hours were kept, and one coat, one compact, two purses and some silves were all that came up missing (for a time).

Mr. and Mrs. Stevenson will spend the next couple of months in San Francisco.

The
McConnon Remedies,
