

WOMEN CAN NOW DO MORE

Because Lydia E. Pinkham's Vegetable Compound Keeps Them Well

Fifty years ago there were few occupations for women. Some taught school, some did housework, some found work to do at home and a few took up nursing. Today there are very few occupations not open to women. Today they work in factories with hundreds of other women and girls. There are also women architects, lawyers, dentists, executives, and legislators. But all too often a woman wins her economic independence at the cost of her health.

Mrs. Elizabeth Chamberlain who works in the Union Mill factory making overalls writes that she got "wonderful results" from taking Lydia E. Pinkham's Vegetable Compound. Mrs. Chamberlain lives at 500 Monmouth St., Trenton, N. J. She recommends the Vegetable Compound to her friends in the factory and will gladly answer any letters she gets from women asking about it.

If Lydia E. Pinkham's Vegetable Compound has helped other women, why shouldn't it help you?

Piano Never Shakes Off the Installments

Nowadays when one buys a new piano the old one must be disposed of. This is taken care of by the salesman who allow "liberal" prices for the old instruments in trade, accept a little cash and get the balance in weekly or monthly installments. But what do the salesmen do with the old pianos? Just this. They must find a market for them. Of course they must first repair and revarnish the old instruments, after which they are boxed and made ready for shipment. The greatest market for these "slightly used" pianos is said to be in South America, Africa, Asia and other parts of the world where they are sold to the natives who yearn for music and whose ambition it is to drum out tunes on an instrument all their own. The natives pay a small amount down and the rest in monthly payments extending over long periods. Thus it may be said that the whole life of a piano is just one installment after another.—Pathfinder Magazine.

If your eyes smart or feel scalded, Roman Eye Balsam, applied on going to bed, will relieve them by morning. Adv.

Object, Circulation

"They say Maud is very particular in choosing confidantes."

"Indeed she is. She never tells a secret to anyone she thinks will keep it."

A miser's face is like a bank note; every line in it means money.

Tanlac Relieves Many Ills

Health Ravaged by Bad Heart, Nervousness and Sour Stomach, Mrs. McLean Manages to Avert Disaster. Health and Strength Are Restored. Gains 38 Pounds.

"Take Tanlac—that is my advice to everybody, and it is from one who has tried it," says Mrs. Elizabeth McLean, 4171 Lincoln Ave., Oakland, Cal.

"Four or five years ago I first used it, and ever since then have depended on it. Then I was afflicted generally—had to build up or give up entirely. My stomach was in an awful state, my heart bothered me and I could not eat. I was so weak and nervous, I kept losing weight and strength, my health seemed wrecked, nothing helped me.

"But six or eight bottles of Tanlac put me back in splendid condition. My stomach troubles gave way; I gained perfect digestion and with it an appetite hard to satisfy. I increased in weight from 120 to 158 pounds. Tanlac is my formula for good health. It is and always will be the best."

Tanlac made of roots, herbs and berries, helps build up nervous, weak bodies, drive out causes of suffering and give the body good health.

"Don't suffer pain needlessly. Learn from others. Take wonderful Tanlac. At your druggist's."

BLOTCHY SKIN

need not annoy you. Pimples, blackheads, etc. are quickly dispelled by Resinol

A BEAUTIFUL COMPLEXION for only \$1.25. Ask your dealer for BERMUDA or write Dept. W. Chicago.

Vitglass in Greenhouse To force an earlier start of his garden this year, W. Kerr Russell, M. R. D. S. of Edinburgh, planted seedlings under vitglass in his greenhouse. He reported that the vitglass plants germinated before the others and showed much taller and sturdier growth. Mr. Russell is part author of "Ultra-Violet Radiation and Actinotherapy." He suggests that greenhouses be equipped with vitglass and that the glass would be especially adaptable in the raising of early strawberries.

Old-Time Bible Boxes In the Seventeenth and early Eighteenth centuries family Bibles were kept in oak boxes made especially for that purpose.

Flowers in Pickle

Flowers can be preserved in their natural colors and shapes by a new method recently tested with good results. A half-inch layer of white scouring grade sand is placed in a dish or similar receptacle, and the flowers are inserted stem downward and sprinkled over until the petals and blossoms are covered. The dish is then put in a warm dry place, and in about a week most of the blossoms will be found perfectly dry. Blossoms treated in this way will often retain their natural shapes and colors for a year.

Puts An End to Bunion Pains

No Need to Suffer Another Day Those Agonizing Torturing Pains.

There is one simple yet inexpensive way to reduce inflamed, swollen toe joints and get them down to normal and that is to apply Moore's Emerald Oil night and morning. Ask your druggist for an original two-ounce bottle of Moore's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if this wonderful discovery does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of Emerald Oil at once. Applied night and morning as directed they will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

The Health Fund

A health expert has just been talking about "overdrafts on the health fund" so convincingly that one inevitably examines one's habits of life from the doctor's standpoint. Late hours, overeating, lack of exercise—why, doctors' bills ought mostly to be entered in the family account as "recreation," "food" and "travel" (either street car or auto). But there's one thought for the man who never plays. The cost of a breakdown is really a business expense, and presumably deductible on the income-tax return.—Baltimore Sun.
