

**The Traffic Officer**  
It's a safe bet that the cars which step-out with the "go" signal are equipped with Champions—the better spark plug. If every car owner used Champions there would be fewer traffic jams.

Champion is the better spark plug because of its double-ribbed sili-manite core—its two-piece construction and its special analysis electrodes.

Kitchen utensils of the Greeks and Romans of the Fourth century B. C. have just come to light at Canopus, near one of the mouths of the Nile, according to Prof. Ralph Van Deman Magoffin, president of the Archeological Institute of America. Excavation at a temple near this site has yielded up mementos or offerings left by thousands of pilgrims that make clear many phases of life in antiquity. The collections include many kitchen utensils and a nearly complete set of Greek and Roman weights. Many of them are tokens vowed by soldiers who hoped for success in war. "Some are sling shots," explained Doctor Magoffin, "while many are tiny replicas of the soldiers' themselves on elephant or horseback. Grain baskets and camels seem to have been the favorite gifts from merchants; weights from looms are found in considerable numbers. Many of the pieces are unique, and their publication and exhibition will add much more to our growing knowledge of ancient times."

**The Rarer Sort**

Gen. Mason M. Patrick, chief of the air service, said at the Army and Navy club in Washington the other day: "Young Colonel Lindbergh is remarkable for the nonmercenary character of his ambition. He's ambitious to do better and better work, but he cares nothing about money." "Now most of us are like Jones. A man said to Jones one day: "Jones, what would you do if you had \$1,000,000?" "Do?" said Jones. "Why, I'd do the same as anybody else would do, of course. I'd overwork myself into dyspeptic neurostenia trying to make it \$2,000,000."

**Does Weakness Detract From Your Good Looks?**

San Francisco, Calif.—"About two years ago I was weak and rundown in health. I suffered so much with backache and pain in my side, and did not get any relief until I took Dr. Pierce's Favorite Prescription. A few bottles of the 'Prescription' was a permanent benefit to me and I am glad to recommend it to others for I believe it will do for them what it did for me."—Mrs. E. Webb, 1103 Laguna St.  
Obtain this famous "Prescription" now, in tablets or liquid, from your druggist, or write Dr. Pierce, President Invalids' Hotel in Buffalo, N. Y., for free medical advice.

**Early Caterpillar Train**

A Hampstead correspondent recalls that nearly 70 years ago he saw in Hyde park a trial of a military train of wagons loaded with soldiers dressed in fatigue jackets and drawn by a steam engine bearing the name India. This engine, he says, laid and raised its own track, each "slipper" being apparently about 4 feet long, mounted, and revolving on rollers much like the modern caterpillar movement. The experiment, according to the London Post, appeared to aim at improved military transport, and the men hauled would probably number about 200 in eight wagons.

**HOW MRS. WEAVER WAS HELPED**

By Taking Lydia E. Pinkham's Vegetable Compound

As Mrs. Weaver herself says, "I was never very strong." This is a mild statement describing her condition, for, according to her letters, she was subjected to no small amount of ill-health. Fortunately, her sister was familiar with Lydia E. Pinkham's Vegetable Compound and begged Mrs. Weaver to try it. "After three or four weeks," writes Mrs. Weaver, "I felt a great difference in myself. I would go to bed and sleep sound, and although I could not do very much work, I seemed stronger. I kept on taking it and now I am well and strong, do my work and take care of three children. I sure do tell my friends about your wonderful medicine, and I will answer any letters from women asking about the Vegetable Compound."—Mrs. LAWRENCE WEAVER, East Smithfield St., Mt. Pleasant, Pa.

If you knew that thousands of women suffering from troubles similar to those you are enduring had improved their health by taking Lydia E. Pinkham's Vegetable Compound, wouldn't you think it was worth a trial? In some families, the fourth generation is learning the merit of Lydia E. Pinkham's Vegetable Compound.
