LOCAL WAREHOUSE MAKES SHIPMENT OF CLOVER SEED

The T. J. Skirvin warehouse company shipped a car load of clover seed last Saturday to a firm in Chicago. The net price to Mr. Skirvin is \$10,296.70. This shipment represents the crop of but a few farmers and shows that clover is a very profitable crop as well as one that improves the land on which it is grown, being nearly as beneficial as corn in helping to revive land that is worn from too frequent cropping of wheat or oats. In addition to seed a fairly good crop of hay is generally harvested.

The same company has handled and shipped over \$15,000 worth of rye grass seed this season, shipping nearly all of it east where it is used on timber lands and produces an excellent forage.

SCHOOL NOTES

Edited By Wilma Wahl

In the world history class contest the Wildcats are still ahead.

Carl Sperling has been absent from school for several days. He hurt his ankle last Tuesday while playing football and is still unable to walk.

At the glee club meeting Thursday afternoon, Esther Seefeld was elected president of the club and Mae McCord was elected secretary-treasurer. The club has decided to put on an opera, "Patience." The books have been ordered and practice will start soon. It will be given about Dec. 16, at the hall.

The freshmen class is giving a party Friday evening at the hall in honor of the sophomores. The student body is invited. Prentice Isom and Earl Elliott are on the refreshment committee, and Norris Hughes and Dick Hussey are on the social committee. Mr. and Mrs. Rosman, Mr. and Mrs. Clark and Mrs. Isom have been asked to chaperone the party. Contests will be held and a good time is assured.

Howard Moss, a member of the seventh and eighth grade room was absent Monday forenoon. Floyd Carter, also a pupil in the same room, was absent the same day.

J. W. Van Kirk spoke at the high school Tuesday afternoon. He addressed the high school seventh and eighth grade pupils on "World Peace," and after the address gave the students an opportunity to contribute money to this

cause. He gave them pins, postcards or pamphlets, according to the amount given.

The seventh and eighth grade pupils met in the play room of the school house Monday evening for a Halloween masquerade party. Clowns, hoboes, pirates, sailor boys, and other characters made the time merry and games and ghost stories were enjoyed. At an early hour a bounteous lunch was served after which the children went to their homes.

The student body of the high school held its regular meeting Wednesday. The treasurer announced that all dues had been paid for the first semester. Mrs. Bond, speaking for a committee, proposed that the student body, Study club, school board and city council unite their resources and build a community house. The plans for the building are not definite but there is to be an auditorium and gymnasium, club room, and library, and a stage. The high school has been saving money for several years and have planned to build a gym whenever the sum was sufficient. Keith Hayes, Bessie Reynolds and Charlie Wright were appointed a committee to consider the matter and to meet with the city council Monday night. Then the student body will decide if they care to pledge their money to this cause. Wilma Wahl and Ruth Sturtevant were elected as delegates to attend the educational conference in Eugene.

Esther Seefeld,
Assistant reporter

Raymond Nebergall of Albany was a business visitor Wednesday.

Purdue Has Texas Star

The photograph shows Ralph W. Welch, clever Texan playing with Purdue. Welch was an outstanding star in the Harvard-Purdue game, when Harvard was defeated, 19 to 0. However, in the Chicago-Purdue game Welch's fumble cost his team the game, 7 to 6.

HIGHWAY NORTH OF HALSEY AGAIN SCENE OF ACCIDENT

The highway just north of the city limits was the scene of another automobile accident Tuesday morning when a Buick roadster driven by Everett Ohse of Los Angeles skidded and went into the ditch.

Ohse, who is a hotel clerk of the Southern California city, was thrown against the steering wheel with such force that his ribs were torn loose and his lungs were both punctured.

Joe Harris of 1717 East 4th street Olympia, Wash., and who was the other occupant of the car, suffered a broken shoulder bone and his collar bone was also broken.

Dr. E. R. Wallace of Albany was called and the injured men were taken to that city. Harris' bones were set and he was able to leave the hospital. Ohse at last reports was still in the hospital and was considered in a critical condition.

The wrecked car was towed in by Gansie of the Arrow garage.

Falk and daughters, Luella and Ardella, Kenneth Vannice, Chris. Falk, Hiram Bierly, Chas. and Howard Falk. An enjoyable time was had by all.

Hiram Bierly was a Portland visitor Monday.

J. N. Elliott and family spent Sunday in Benton county visiting friends.

Merle Straley and friend, Margaret Dap'ey, surprised home folks when they came over from Marshfield Saturday. They returned to their school work Sunday.

W. R. Kirk and wife were business visitors at the county seat Thursday.

Theo. and Eugene George, Mr. and Mrs. Lester Pearl of California, came down to the latter's parents, Mr. and Mrs. E. S. Marsters, Monday, to make arrangements for the burial of Mrs. Helen George who died at her home near Springfield Friday morning. Interment was held at the Masonic cemetery at Brownsville Tuesday. Mrs. George will be better known to many as Helen Pearl.

Copperclad Roofs Are Waterproof and Firesafe

For centuries architects have given their finest works the permanent protection and beauty of a copper roof. For 125 years the original copper roof, applied by Paul Revere, has crowned the famous old statehouse in Boston.

In New York city the majority of Fifth avenue's mansions are roofed with copper. Now science has produced in copperclad the same lasting protection—with a wholly new degree of beauty—in a form available to all home builders at one-half the old cost!

Copperclad is copper roofing, 99.99 per cent pure, fused permanently with an extra heavy waterproof, insulating base, in single form.

The copper covers completely the entire exposed surface of the shingle, insuring permanent protection against weather and fire. No other shingle roof is rated more fire-resistant than copperclad.

Copperclad gives your roof at once the velvety blended-green that copper roofs formerly acquired only with age—the color of the beautiful patina so much admired by architects and sculptors. Weathering makes it, year by year, more lovely. And a new beauty of texture with heavy shadow lines is added because copperclads are twice as thick as ordinary shingles.
