Safety Pin Lodged in Child's Throat Mother's Presence of Mind Saves Life

Due only perhaps to the presence of mind of Mrs. Edward Warmoth, of 514 Hancock street, Portland, ten-months-old Edward, jr., is alive today. In some way the baby obtained and swallowed a large open safety pin and when discovered by his mother he was blue in the face and slowly choking to death.

Mrs. Warmoth, who is only 23 years of age herself, realized there was no time to call a doctor and although frantic with fear, set to work to remove the pin.

Using her fingers she moved the pin so that the baby could get his breath. Then began the tedious and nerve wrecking job of removing the pin. This was exceedingly

Mrs. Sarah Godley, a Former Halsey Resident, Is Dead

Sarah Parrish was born in Ohio on October 17, 1848 and in 1853 she crossed the plains in company with her parents, Mr. and Mrs. William Parrish. Godley and later they came to Halsey, where for a number of years Mr. Godley was engaged in the hardware business. In 1892 they moved to Portland where Mr. Godley died eleven years ago. Mrs. Godley was a member of the Presbyterian church.

Besides Mrs. Bressler, two other daughters survive. They are Mrs. Annie Anderson and Mrs. Lucy Doyle, both of whom live in Portland. She is also survived by seven grandchildren and three great grandchildren. Harry and Agnes Bressler of Halsey are two of the grandchildren and Gwendolyn and Jean Bressler, also of this city, are great grandchildren.

Missouri has been shown and is advancing James A. Reed as a candidate for president at the coming Democratic national convention. Mr. Reed is, no doubt, good democratic presidential timber and will make the coming convention interesting to his opponents.

Fielding Yost's Best Year

Few football coaches have ever closed their active careers on the gridiron with a better record than the one compiled by "Hurricane" Yost in his last year, 1926, at the University of Michigan. One defeat kept the 1926 Yost farewell from being a perfect one. That was a 19 to 0 setback at the hands of the Navy. But the seven fine victories that the team ran up took away all sting of the Navy defeat.

Poultry and Swine Specialists to Be In Halsey Tuesday, November 15th

Dr. Grubbe, a member of the Research and Clinic department of the George H. Lee company, of Omaha, Nebraska, will hold one of those interesting and helpful poultry and pig clinics at the city hall Tuesday afternoon, November 15, and the poultrymen and swine breeders should attend for it is in your interests these clinics are being held.

The clinics conducted by these people are often called Short Course Schools, teaching how to recognize, correctly diagnose, treat, and prevent disease and other troubles that are common cause of much

loss to poultry and swine raisers. Farmers who have unthrifty chickens or pigs are asked to bring in specimens for post-mortem examination, and receive free instructions on the cause, treatment and prevention of the trouble.

Plenty of specimens are needed to bring out the full value of this demonstration, but if your hogs are sick and you believe, or suspect, the disease is contagious or infectious, do not bring such animals to the clinic but notify Mr. Buford Morris and, if practicable, the doctor will call upon you and make an examination. Remember, no fees are charged, nothing for sale.
