

ALBANY AMERICAN LEGION TO STAGE 3-ACT COMEDY

November 28, 29, 30, Dates Set for "Baby Mine"

The American Legion will break into the theatrical limelight on Monday, Tuesday and Wednesday, November 28, 29 and 30, when the war veterans will present at the Ramesum theater in Albany, the three-act musical comedy, "Baby Mine."

The show is being produced under the direction of Mr. and Mrs. McNaughton, who scored a decided hit with the last production for the Elks, "Purple Flashes."

"Baby Mine," is a combination of a laughable farce-comedy, and a series of beautiful revues, and contains a cast of fifty people. Pretty chorus girls, beautiful models, talented soloists, cute kiddies and funny comedians, will all help to make it a big success. It has been presented in several coast cities with equal success.

The cast of "Baby Mine" includes the following: L. J. Bell as Alfred Hardy, father of triplets; Mrs. Ura McNaughton as Zoie, a great little fibber, and Alfred's wife; C. J. McNaughton as Jimmie Jenks, the baby stealer; Mrs. W. L. Bilyeu as Aggie Jenks, Jimmie's wife; Lillian Metcalf as the Irish colleen; Mary Crawford as the Italian girl; Al Green as the Irish father; and P. A. Matheny as the vigilant cop.

Some of the many song hits that will be heard in "Baby Mine" are "Rosy Cheeks," "Bring Back those Songs of Long Ago," "The Gingham Girl," "Yesterday," etc.

Theater and Legion patrons can look forward to the theatrical treat of the season.

All seats are reserved and will be on sale at the Music Shop in Albany Saturday, beginning at ten o'clock.

Halsey Meat Market Installs New Refrigerating System In Its Shop

The Halsey Meat Market has just installed a late model Sherer meat display refrigerator with a Frigidaire cooling system. The new piece of equipment places the local market on a par with any like establishment as to the sanitary handling of meats and other foods, handled by a meat market. The refrigerator is built of golden oak with plate glass front and the interior is finished in white enamel with trays of the same finish. It affords an excellent and wholesome view of meats and selections by patrons so much easier. Mr. Hoffman is to be commended on his enterprising spirit.

We're going to see something done to improve the looks of Second street, judging from comment heard on the streets recently.

There is a report current that a dog poisoner is abroad and that a number of Halsey dogs have met death by this means. The person that has fallen so low as to inflict this kind of torture on any dumb animal should be classed in the same category as the old time horse thief and if caught should be meted out the same punishment.

The Right to Keep and Bear Arms A Constitutional One

The right of individual initiative and freedom from unnecessary restraint is born in every American citizen. An effort has been made in the past few years to prohibit the ownership of small arms although the second amendment of the Constitution of the United States says, "The right of the people to keep and bear arms shall not be infringed."

Target practice and good marksmanship has been part of the life of the normal American. Legislation to prohibit this on the theory that it would reduce crime, is a mistake, for the criminal would still get his gun. The fact exists that more gruesome and hideous crimes are committed with hatchets, axes, clubs, and knives than other instruments.

Charity Grange Organizes Literary Society; First Meeting Saturday

Friday evening the residents of the Charity Grange neighborhood met for the purpose of organizing a literary society. The society will hold meetings every two weeks on Saturday evenings.

The purpose of the organization is to put on programs during the winter and perhaps to stage a drama.

The newly elected officers are Byrd Waggoner president, Edith Long secretary, Lena Veatch manager and Ed Kizer marshal. The first meeting will be held Saturday evening, November 26.

Parant-Teachers Met Friday; Good Program Rendered

The regular meeting of the Parent-Teacher association was held Friday evening at the high school although the attendance of parents was far from being a record breaking one. The program, as published last week, was carried out with the exception of the paper on "Child Study" by Mrs. Smith, and was unusually good. Two numbers were added, one being a vocal duet, "I'll Never Play with You" by Fern Rossman and Linden Bramwell, and the other a recitation by Kenneth Waggoner.

Mrs. Nora Coleman who is in charge of the club work to be prepared during the winter, and which will be exhibited on Achievement Day in the spring, gave a most favorable report on the work so far. She has organized two clubs at the Pine Grove school. One is a boys club in camp cooking and the other a sewing club for girls. A club has also been organized at Peoria, and within a week or two it is anticipated to have clubs organized in the Kirk and Halsey schools as well as a number of others.

A request from the Greenback school patrons to unite with the local Parent-Teacher association was read and it was voted to have them come in as members. The other schools in this vicinity have their own association.

December 5-9 will be art exhibit week, and will be sponsored in the local school by the Parent-Teachers. There will be 150 pictures, many of them old master pieces, on exhibit during the three days. The Parent-Teachers will meet on the evening of December 9, and it is hoped that the attendance will be unusually large on this evening. A nominal fee of ten cents will be charged for the exhibit. The proceeds to go toward the purchase of pictures and art supplies for the school. Punch and wafers will be served during the social hour.

Mrs. Sidney Smith, president of the association, presided during the meeting.

HIGHWAY NORTH OF HALSEY SCENE OF THREE WRECKS

Three Persons Injured and Four Autos Damaged

Three auto accidents occurred on the highway north of Halsey Sunday afternoon and Monday.

The first one was about four o'clock Sunday afternoon when a Hudson sedan, bearing a California license, skidded on the wet pavement went into the ditch and turned over. No one was injured, and the car was not seriously damaged. This accident happened about one and a half miles north of Halsey.

The second accident happened about six o'clock the same day when a Buick coupe driven by Dr. H. P. Nottage of Albany, and a Dodge touring, with J. W. Law of Eugene, met in a head-on collision opposite the Harry Shepherd home north of Halsey. Mrs. Law who was in the front seat, was badly cut on the face by glass from the windshield. The back seat of the Law car was occupied by an elderly couple, each of whom was severely shaken and bruised. Both cars were damaged. The wheels of the coupe were broken and the front smashed.

Monday afternoon as Roy Rickard of Route 4, Corvallis, was going north his Willys-Knight sedan skidded on the wet pavement and took a nose dive into the ditch. Spectators stated that the car spun around, the top being torn completely loose from the body. The car apparently is a complete wreck. Rickard, himself, however miraculously escaped injury. This accident happened about a block north of the G. Mitzner home.

Frank Gansle of the Arrow garage towed the cars in.
