REPRODUCTIONS OF FINE PICTURES TO BE SHOWN

Exhibition of Famous Pictures to Be On Display at High School December 8th and 9th.

A splendid opportunity for art education is afforded in the exhibit of Fine Art Prints which will be on display Thursday and Friday, December 8th and 9th at the Halsey high school. There will be a small admission charge which will be used for the purchase of pictures for our schools.

There are 150 large colored reproductions of the old and modern masters. Among the most famous artists represented are: Gainsborough, Titian, Da Vinci, Terborch, Murillo, Van Dyck, Raphael and many others of the old masters, while among the more modern are representative subjects from the brush of Ben Foster, George De Forest Brush, George Innes, Ernest Albert, Frank Duveneck, Gardner Symons, Bruce Crane, William Wyant, Harry Vincent, Robert Westley Amick and Gustav Wiegand. An excellent array of fine art and you will enjoy the exhibition.

Farmers Satisfied With Tariff

Any general reduction of import duties at this time, was opposed in a declaration adopted by the resolutions committee of the American farm congress in Kansas City, after sentiment had developed at a general session against permitting the American market to be opened to foreign importations of agricultural and livestock products.

"For America to permit its own agriculture to fall into decadence, and to depend upon importations of foodstuffs from other countries, would be most unwise," declares the resolution.

Special Grange Matters

State Master Palmiter has asked the Grange of Oregon to provide a fund to meet the expense of initiating an income tax bill in 1928 and many of the local organizations are responding enthusiastically to the request.

Louis J. Taber of Columbus, Ohio, has been re-elected master of the National Grange for the third term. Mrs. Geore A. Palmiter of Hood River, was chosen Pomona.

The National Grange, the National Farm Bureau and the Farmers' Union, together with all the co-operative associations are as one unit in their opposition to repeal the federal income tax law.

Basketball Season Opens Here

The basket ball season in Halsey was opened Friday evening with the annual skirmish between the alumni and the high school boys. The latter held the alumni down to a score of 15 to 14.

The personnel of the alumni team was almost identical with that of the 1925-26 high school team.

A good sized crowd witnessed the game, which was played at the city hall, with the rooters for the two teams being about evenly divided.

Following is the line-up of the two teams:

Alumni	High School
T. Miller	D. Hussey
T. Palmer	g H. Kirk
K. Williams	rg C. McCord
F. Koontz	lf H. Koontz
M. Koontz	rf F. Leeper
C. McAllister	s R. Norton

Mrs. E. A. P. LaFollette while reaching backwards for a cushion Wednesday evening sprained her arm and was suffering considerable pain today as a result.

The Railroads Have Right-of-Way

In the case of Goodman vs. The Baltimore and Ohio Railroad, the U. S. Supreme Court holds that liability for damages in driving on to a railroad track is on motorist.

The highest court has again decided that motor car drivers who venture upon a railroad track do so at their own peril. In this case the heirs of the man killed sued to recover damages because the view of the oncoming train was obstructed. He could hear the oncoming train, but could not see it.

Justice Holmes (inclined in all his decisions to be conservative) held: When a man goes upon a railroad track he knows that he goes to a place where he may be killed if a train comes upon him before he is clear of the track. He knows he must stop for the train, not the train stop for him.

The decision against the heirs holds that the man in the car was not justified in trusting to hearing alone, but must also see that the way is clear.

Burkhart each gave interesting talks on their recent trips, the former to the Pacific islands and the latter to Europe and the Holy land. Refreshments were served at the close of the talks.

The Right to Protection

A determined effort is expected this winter to put the "burglar license law" on the national and on many of the state statute books. The law is not called by that name but that is the effect of the anti-firearms frenzy now going the rounds. It would assure every burglar, holdup and ravisher that there was no pistol in the house or on the person of his victim. A free hunt loving, self respecting American cannot face such a foolish alternative. The anti-pistol fantasy must give way to laws that punish the gun criminal, but allow the honest man the privilege of self defense and of legitimate sport un molested.

Wins First Place As Club Leader

When Alex, Cruikshank of McMinnville won first place in the national contest to determine the best boys' and girls' club leader in the United States, he was in competition with entries from 35 states and Hawaii. This word has just been received from the Farm Journal, famous magazine of Philadelphia, which sponsored the contest.

First prize won by the Oregon boy, now a sophomore in agriculture at O.A.C., amounts to \$250. He was judged the champion club boy of the state a few years ago and has since been a leader of from two to five clubs a year in Yamhill county.
