**Fisher Brothers Milling Co.**

Hay—Grain—Feed

This well known Corvallis firm with office at 147 No. First St. is an extensive dealer in hay, grain, poultry and dairy feed.

To successfully conduct a business of this nature requires special study and care in selecting the stock. Farmers are no longer satisfied to give their stock just any kind of feed, but require a feed that has been tested, and is of proven quality. This concern has given the question careful study and consequently is aiding in the agricultural development of all the surrounding territory.

Fisher Brothers' mill is the home of famous brands of flour which is rapidly gaining in popularity in Oregon. All over the county housewives are demanding flour made in Corvallis at the Fisher Bros.' mill. This fact has not come about merely because this mill is located in this community, but because the quality of their flour is unequalled in this country for baking and common use.

They carry a full line of feed, both imported and local, and have given special care in selecting it so that it will give the best of results. Only feeds that are fat and milk producers will be found in their stock, and they are constantly in touch with their customers who have given such feeds a trial.

They make a special effort to serve the farmer efficiently and are glad to give him any advice or information he desires on any subject pertaining to their line, and as a result their business has grown until they reach out in all directions.

Because of the great volume of business transacted thru their extensive wholesale department, because of their up-to-date business methods and the high quality of products manufactured and sold, this well known concern has gained for this section an enviable prestige as an excellent commercial distributing center and for the firm a reputation of high standing throughout the state.

**Model Clothing Company**

Complete Men's Furnishings

Conveniently located in Corvallis at 228 So. Second St. the Model Clothing Company are outfitters for the man representing a progressive and up-to-date clothing store, which carries at all times a complete and well selected stock of clothing, in fact everything in the furnishings line.

There is nothing so important to the commercial development of the smaller city as an up-to-date establishment where the men of the community can satisfy their demands for clothing and haberdashery. This is the day and age when men, both old and young, must be neatly attired in clothes of distinction and quality. If they have to do their shopping along these lines in some distant city the home community suffers accordingly.

In this part of the state the needs, desires and demands of the male population are more than satisfied at this well known store. This progressive establishment is strictly modern and up-

to-date and is stocked with a class of goods that would be a credit to a much larger city. It features nationally famous lines of clothes for men and young men, which in itself is proof of their wisdom, for these lines are found only in the leading establishments. Just at present they are well prepared to serve men of all ages and ideas with an immense stock on all the newest and most attractive designs.

The clothing department is one of the very popular features of the establishment. Here you will find that the excellent material and the expert workmanship inculcated into their clothes will render your apparel that degree of distinction and quality. That individuality which is so desirable and so hard to obtain has won for their garments a fame that is ever increasing the patronage.

A full line of haberdashery, including shirts, collars, handkerchiefs, hose, shoes and beautiful ties are carried in stock.
