## Indian Children Are Heavier Than Whites

When social workers at the Kansas bureau of child research set out to make some individual growth studies of Indian children they found the little brown-skinned Americans so much heavier than the white children of the same age that the ordinary high-weight-age tables did not "fit" them at all. Through the courtesy of H. E. Pearls, formerly superintendent of Haskell Institute, a federal Indian school at Lawrence, Kan., data and measurements were obtained on 21,037 Indian girls and boys from government Indian schools throughout the country, from which a new set of tables was constructed. Contrary to what one would expect, the Indian children were found to be shorter as well as heavier than their white brothers and sisters. The Indian boys ran from one to four inches shorter and from one to six and a half pounds heavier than white boys, while the Indian girls were from one to two inches shorter and from one and a half to four and a half pounds heavier than their white contemporaries.

## In Trim This Winter?

### Watch The Kidneys After Winter's Colds.

COLDS and grip are hard on the kidneys. When the kidneys slow up, impurities remain in the blood and are apt to make one tired and achy with headaches, dizziness and often nagging backache. A common warning is scanty or burning secretions. Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and aid in the elimination of waste impurities. Are endorsed by users everywhere. Ask your neighbor!

## Brevity the Highest Point of Eloquence

The story is told that when Abraham Lincoln was conferring with a committee over a speech the President was to make, he said: "If I am to talk 45 minutes I will not need any time for preparation, but if I am to speak 10 minutes I would like a week to get my remarks ready."

Lincoln could say more in a few words than any man of modern times. In literature and oratory, it has always been the brief, simple, lucid style of expression that has created the most lasting impression.

The late Senator Beveridge was never able to live down the quip of "Mr. Dooley," who described one of his oratorical flights in the senate as a "spache ye end waitz to."

Many of our writers and public speakers should learn with Cleo that "Brevity is a great praise of eloquence." - Thrift Magazine.
