Devoted to the Interests of Halsey and Linn County

CHRISTIAN ENDEAVORS MEET IN THE DALLES APRIL 19-22

Plans Have Been Made For Big Gathering of Young Folks

According to present indications the annual Christian Endeavor convention to be held in The Dalles April 19-22 will be one of the finest ever held in the state. The churches of that city are making splendid preparations for the entertainment of the convention, and the civic clubs and the city itself are giving their backing and the use of the municipal auditorium for the sessions indicates. This assures adequate convention facilities.

Much interest is being expressed in the parade which will occur on Friday afternoon of the convention. It will be a great demonstration of Christian youth, and the order in which the counties will march in the parade will be determined by the order in which they attain their goals in the present registration campaign. Washington county which has already attained its goal, will have the honor of heading the parade.

Rev. Mr. E. W. Proctorius, national evangelical church secretary with headquarters in Cleveland, Ohio, will come especially for this convention, and will be chief convention speaker. Other speakers will include Paul C. Brown of Los Angeles, Dr. Norman K. Tully, pastor of the First Presbyterian church of Salem and Rev. Walter L. Myers of Eugene. The singing will be led by Prof. C. H. Hobbart of Eugene and Miss Lulu Aydelott of that city will preside at the piano. The convention will begin on Thursday evening and end on Sunday evening, and its program will be full of things which the young people like such as addresses, convention singing, conferences, banquets, convention picture, parade, etc. There will also be sight seeing and other outdoor recreation between sessions, and the old historic reminders of the early pioneer days with which The Dalles is so intimately connected, will be of interest to the visitors. Lodging and breakfasts in The Dalles homes will be given the delegates who desire it. There is no limit to the number of delegates who may go from a city and no official qualifications are necessary in order to become a delegate.

Mrs. Florence Elham of Lee's E. g., has given up \$50,000 left by her late husband, to marry.

FETCHING AND YOUTHFUL

The vogue for printed fabrics for next season's spring and summer frocks has included varied striped materials. Stripes horizontal, diagonal, vertical and almost every other kind will be used in fashioning or trimming some of the new sports frocks. For the slender person who can afford to wear horizontal stripes, the frock shown above is very fetching and youthful. The skirt is of black satin, plaited all around and the striped blouse is of red and white. Note the smart little collar, cuffs and pocket ornaments fashioned of white grosgrain ribbon edged with the red. It is worn by Marceline Day, Metro-Goldwyn-Mayer player.

OREGON OUTLOOK REPORTS SHOW UPWARD FARM TREND

Agricultural Situation Showing a General Improvement

The general agricultural situation in Oregon is improved, the gross farm income being higher than at any time since the peak in 1919-20. There is an increased activity in farm lands and an increase in number of farms. With increased efficiency and adjustment of production to market demands, increase of farm income is indicated for some time.

Cattle prices are expected to remain fairly high for some time to come, but new operators are cautioned in starting at present high prices for breeding stock. Sheep are increasing throughout the world but market demand is expected to be good except in occasional years.

The Dairy situation is favorable with increased demands for products, without corresponding national increase in production, though high quality of butter must be produced. Little alarm need be felt over shipment of cows from state as they are being fully replaced with better ones.

Halsey Business Men Active in Interest of Welfare of City

In today's issue of the Enterprise will be found a page advertisement by the leading business men of Halsey. We are proud of this community page and feel that each business house whose signature is a part, are proud too.

When we first came to Halsey we were impressed with the unity of purpose so manifest here and which is one of the city's best assets. This impression grows more from month to month.

The page will be published once each month and is a good will greeting from the City of Halsey to every man, woman and child, assuring you of their untiring efforts to be of service to you in every way possible in the upbuilding of your community and its trading center. Greetings.

W. C. Elmore, and her sons, L. D. Tyer who is an electrical engineer, and H. Dean Tyer. The latter is in the civil service.

"Grumpy" will be shown at the city hall Friday evening under the auspices of the Thursday Study club. Members of the Albany high school dramat club will take part, with Bob Stevens in the leading part.

The cooked food sale last Saturday sponsored by the parent-teacher association brought \$12.72, which will go toward their pledge toward the new community hall.

Miss Georgina Clark was the guest of Mrs. Genevieve Kendall of North Albany, for luncheon last Monday.

The moving picture show Tuesday evening was well attended, and the one next Tuesday, "The Calgary Stampede" with Hoot Gibbon in the major role, will undoubtedly draw a much larger crowd.

A three-act drama, "Beads On a String," is being advertised for Saturday night, March 10, at the Charity Grange hall. The cast is composed of home talent and is under the auspices of Charity Grange.

Heat and Brilliance of Stars

The heat of a star is determined by its brilliance. At the hottest stage it is brightest because the light from it is white. But as it cools as all stars do in the course of time the light becomes yellow and then red and so cools down until it becomes a planet such as our own earth.

Smile and the World Smiles With You

A TRUER statement was never made. Test it out for yourself. When you get up in the morning, get up with a smile, meet your family and your friends with a smile—see what a big improvement it makes in your day.

Smiling will get work done quickly and efficiently. Smiling is so much easier to do than frowning. The frown of determination may well and profitably be replaced by the willingness to serve.

Smile at Neighbor Jones and he will smile at you.

Smiles tend toward happiness in the home and in the community. It carries with it its own reward—a knowledge that each day we are doing our share toward making this a better and happier place in which to live.

Smiles make little troubles out of big ones, and little troubles disappear entirely when met with a smile. Let's make this a town of miles of smiles.
