POOR VISIBILITY CAUSE GUN CLUB TO SLUMP IN SHOOT

Martin Koontz, Chas. Morris and Frank Gansle Are High Men

Sunday was a gloomy day for members of the Halsey Gun Club. With a determination to make at least two straight breaks, the club boys assembled at the target field for a record. Old staid and seasoned shooter began falling down right from the first and they never rallied. The jinx was working overtime alright but toward the close of the afternoon some of the members began to shatter crockery in a most pleasing manner. The high men were:

Martin Koontz, 23; Charles Morris, 23; F. G. Gansle, 22.

James Drinkard, one of the best shots in this part of the state, had a poor day and let 6 birds give him the ha' ha' and W. L. Norton who has been doing good work, lost his control and let 7 saucers go to the cupboard unbroken.

Following is the standing of the clubs at the present time:

Club	Won	Lost	Tied
Heppner	9	0	0
Portland	8	1	0

of Eugene visited at E. E. Hover's Sunday.

Men were repairing the telephone line Friday.

Mr. and Mrs. A. L. Knighten attended a card party in Albany last Friday night.

Mrs. A. F. Albertson attended the all day services at the Free Methodist church in Peoria Sunday.

Mr. and Mrs. Harvey Wallace spent Saturday night at the A. F. Albertson home.

Mr. Heinrich, Bert Minckley, Clate Smith and A. F. Albertson, spent the greater part of Monday testing telephones and the different parts of the line in search of the trouble which remained after the main crew had repaired the line. It was finally located and we owe our thanks to them for the trouble.

Some one entered the fruit room at L. E. Eagy's Wednesday night and took 14 quarts of Royal Anne cherries. Mrs. Eagy heard them on the walk but by the time she awakened Mr. Eagy and he got up they were gone, but they heard a car start down at the road in a few minutes. We are afraid these parties are going to get indigestion or something worse if they don't quit taking fruit.

Another Firpo Coming

The photograph shows Juan Firpo, brother of the one-time hard-hitting Luis Angel Firpo who is now grown so corpulent that he apparently cannot stage a comeback. The "Wild Bull of the Pampas" is grooming his younger brother for an appearance in the United States. Juan is a middle-weight.

The FARMALL

All-Year, All-Crop, All-Purpose TRACTOR

THE FARMALL is an ideal plowing tractor. It moves handily and rapidly over the fields, leaving well-turned furrows in excellent shape for the operations and crops to follow. It is the same on belt work.

All through the winter the Farmall can be gainfully used about the farm. The built-in fly-ball governor supplies a steady flow of profitable power. The power is tempered to the load for efficient machine operation, which also reduces the wear and tear on the machine materially.

And in the spring the Farmall will be all ready for planting and cultivation of row crops. It will do all farm power work that any other type of tractor of equal capacity can do, in addition to all row-crow planting and cultivating operations.

The Farmall is an all-purpose, all-crop, all-year tractor. On all crops, all jobs in the field or barnyard, it sets new standards for easy handling and operating efficiency. Come in and see the Farmall.
