NEW McNARY FARM RELIEF BILL FAVORS CO-OPERATION

Would Organized Selling to Avoid Flooding of Markets

Seymour Jones, state market agent, says: "By the courtesy of U. S. Senator McNary we have a copy of his 'Agricultural Surplus Control Bill,' and the favorable report thereon made by the senate committee on agriculture and forestry. Important changes are made in this bill from the provisions of the bill passed last year and vetoed by President Coolidge. The committee report says: "The present bill proposes two distinct and separable remedies—first, loans to co-operative associations at a low rate of interest, as frequently suggested by the secretary of agriculture, Mr. Jardine; and second, in case of the failure of the first remedy to accomplish the purpose of the act, the making of marketing agreements providing that losses on transactions authorized under the agreements would be absorbed by the commodity whose producers receive the direct benefit. Both methods are directed toward promoting orderly marketing and, in case of tariff-protected commodities, making the tariff effective."

Shook Absorbers Hold Meeting

The Button Buster gathering last Thursday night was well attended and the evening's entertainment full of thrills. The amusements were good; the feed was good; the sports extra good; social atmosphere good plus and the seriously solemn ritualistic work of the order carried out in a most impressive manner by the officers. Music by the Benoit Tofen orchestra was one of the delusions of the meeting.

SCHOOL NOTES

Edited By Wilma Wahl

The American History class has been having a series of debates, the first of which was "The United States should adopt free trade." Those on the affirmative side were Mary Smith, Jennie Nicewood and Mac McCord; negative, Nora Coldiron, Wilma Wahl and Frances Norton.

The second debate was: "The United States should adopt a double standard of currency." The affirmative debaters were Charles Wright, Muriel Lake and Carl Isom, the negative Hope Hussey, Edith Smith and Nellie Falk.

The last debate question was: "The United States was unwarranted in acquiring her Island Possessions." Affirmative, Ruth Sturtevant and Daniel Wesley; negative John Quimby and Henry Kirk.

Mr. Sias and Mr. Shelly entertained the student body with a number of musical numbers and a very interesting talk by Mr. Shelly who is assisting with the revival meetings now being held at the Church of Christ.

In last week's notes an error was made in the report to the school reporter thus omitting the name of Frances Norton who should have been credited with the same grade as that of Esther Seefeld in the college entrance examination.

Want Ads to Help You

On nearly every farm is some piece of machinery or tool that owner has no use for and that some one else would buy or trade for if it was only known.

To bring buyer and seller together to the mutual benefit of both, try using want ads in the Enterprise, the cost will be small and the benefits remunerative to you. Try it once.

Famous United Artists to Be Heard Over National Broadcast Network

Dodge Brothers, Inc. in association with Joseph M. Schenck, president of the United Artists corporation, will again transform the nation into one vast radio broadcasting studio on Thursday evening, March 29, between six and seven o'clock Pacific standard time when one of the largest radio audiences ever reached will hear the voices of the world's most famous motion picture stars.

In a radio hour program that fairly captures imagination, the listeners in, running into the score of millions, will hear alternately from New York and Hollywood, where Charles Chaplin will deliver a series of humorous anecdotes in various dialects, D. W. Griffith will talk on "Love and Marriage" John Barrymore will do his famous "Hamlet" soliloquy, with special musical accompaniment. Norma Talmadge will discuss "Modern Fashions and how Hollywood is bringing Paris to California," Dolores DelRio will make her debut in this country as a singer, rendering a Spanish song with violin, cello and piano accompaniment; and Douglas Fairbanks, who will act as master of ceremonies, and in addition to introducing the above stars, will give a talk on "Sports and athletics."

From New York, E. G. Wilmer, President of Dodge Brothers, Inc., comes before the microphone in an answering message of appreciation to the nation for their tremendous interest in the "Victory" hour broadcast last January.

Paul Whiteman and his band, also broadcasting from New York, will repeat his success on the "Victory" hour.

The famous United Artists stars will gather at the studio bungalow of Fairbanks, which will be transformed by radio technicians into a soundless broadcasting chamber, and from here the lines will run directly to New York.

The program is the result of negotiations which have been carried on for over three weeks by wire, telephone, and personal conference between executives in New York, Detroit and Los Angeles, and involving representatives of United Artist, the National Broadcasting company, the American Telephone and Telegraph company, and Dodge Brothers.

Through the courtesy of the Cheek Neal Coffee company, who yielded the Maxwell House coffee hour to Dodge Brothers, an hour was obtained that is ideally suitable from a time stand point for all sections of the country.
