

## Plenty of Power for the Hard Jobs

Everyone who has seen this compact, light weight tractor at work marvels at its power. We want you to see it—watch it in the field or at the belt—you will be surprised at the power of the

### John Deere Model D Tractor

This 15-27 H. P. tractor weighs only 4,000 pounds—power ordinarily wasted in moving excess weight in the field is applied to the drawbar of the John Deere.

The John Deere is hundreds of parts simpler—it's the tractor of fewer and sturdier parts. Fewer moving parts reduce friction, one of the biggest power thieves in any engine. Belt pulley is mounted di-

rectly on crankshaft—no power loss.

All operating parts of the John Deere are automatically oiled and completely housed in a dust-proof case—oiling is positive, dust and sand cannot get in to cause friction, loss of power, and undue wear.

John Deere one-piece frame holds all units in permanent alignment.

The great power of the John Deere will surprise you. Drop in and see this sturdy tractor next time you are in town. Let us arrange a demonstration.

## WEATHER CONDITIONS BAD FOR GUN CLUB LAST SUNDAY

Hover, Cross and Hamer at High Slaughter Mark

With the worst weather yet experienced since the Oregonian Telegraphic trap shoot began, members of the Halsey Gun Club faced a discouraging outlook Sunday.

From sunshine early in the forenoon the weather began to frolic and the didos it cut during the day were many and varied. About the time to begin breaking targets the shooters were experiencing a strong wind which carried rain with occasional flurries of snow.

By the time the contest was over they were chilled to the marrow but each member had been faithful and done his bit and the scoreboard didn't look so bad at that.

Tom Hover couldn't be bothered with bad weather and cleaned his flock in his usual good form; Jess Cross decided to save one and C. G. Hamer kept two—score 72.

While the club is a little below the mark set at the beginning of the contest the prediction is that the close of the contest will find the club in the running.

The standing of the clubs are as follows:

Club	Won	Lost	Tied
Heppner	20	1	0
Coquille	18	2	1
