

FARMER'S WIFE GETS STRENGTH

By Taking Lydia E. Pinkham's Vegetable Compound

Schoolfield, Va.—"My mother had taken Lydia E. Pinkham's Vegetable Compound and I decided to take it for my own troubles and found great relief. I was hardly able to stand on my feet sometimes and now I feel better than I have for several years. I credit the Lydia E. Pinkham's Vegetable Compound with my present good health. I have taken five bottles of it and I am now able to do all my housework and sewing, feed my chickens, milk the cow and tend the pigs, and feel fine."—Mrs. J. C. BRADLEY, Box 249, Schoolfield, Virginia.

RECKLE OINTMENT

No One Respects a Liar

I find great pleasure in a truthful man. One can depend on what he says, and learn from him. . . . But no one pays any attention to a liar, or much respects him. I have never known a really successful man who was a liar. Men of that disposition soon learn, if engaged in real affairs successfully, that untruthfulness is a drag, like a suit of clothes when in swimming.—E. W. Howe's Monthly.

Education by Mail

To meet educational needs of families living in remote parts of Manitoba and of children unable on account of physical handicap to attend school a system of correspondence instruction has been inaugurated by the provincial department of education. It is estimated that about every fourth person in the province of Manitoba is seeking by study to reach a higher educational standard.

In Saskatchewan, where an outpost's correspondence school has been maintained for two and a half years, enrollment has reached 247. It is believed that about 20 per cent of the students are of foreign extraction.

"Noted" but Ignorant

One of our "noted educators" visiting the Boston convention of the National Education association inquired at the booking office of a sightseeing service about the different historical trips in and about Boston. He wanted to know if the Lexington and Concord trip included Gettysburg. — Boston Globe.

Rebuilding Bergen

Barracks are being replaced by new buildings in the central part of Bergen, Norway, which was destroyed by fire in 1916. Shopkeepers and business men have used the temporary structures, while residents have been forced by the thousands to use some sort of improvised shelter for living places.
