The McNary-Haugen farm relief bill passed the House last Thursday by a vote of 204 to 121, with the equalization fee retained after a lengthy and stormy effort to cut it out. Fears are entertained now that the President will act unfavorably to the measure, although all the objectionable features have been eliminated except the equalization fee and a system of loans has been provided for that.

Five state champion girls' demonstration teams will attend the Pacific International Live Stock Exposition to be held in Portland this fall. The girls' winning teams in five western states will be provided with free transportation and hotel expenses for 4-H demonstration champions to this Northwest interstate 4-H club event called Camp Plummer after the well-beloved manager of the exposition, O. M. Plummer.

The death of Edgar B. Piper, editor of the Oregonian, which occurred Thursday of last week, was a distinct loss to the people of Oregon and the Northwest. He was a wise counselor, loyal friend, and able writer, who did much for the state.

Some long range prophets predict the end of the world and others predict that Congress will do something about Muscle Shoals.

Mrs. Blair, democratic leader, wants to abolish political platforms and why not, no one ever stands on them.

Nearly everyone knows the saxophone was invented by Adolphe Sax, but no one knows why.

Cigarette prices have been reduced, giving the poor a chance to become opera singers.

**Hoss for Secretary of State**

While national politics and local issues continue to occupy the major portion of the voters attention, the supreme court investigation has somewhat taken the speculative mind off the eastern Oregon congressional fight and transferred its activities to state affairs.

The race for the nomination as secretary of state has definitely narrowed down to T. B. Handly, Multnomah county lawyer, and Hal Hoss, former secretary to the governor and for many years prominent in newspaper work.

Hoss moved to Portland last week and opened headquarters in the old Shrine rooms at the Imperial Hotel, and commenced immediately on an active campaign. He has spoken before several women's organizations and political meetings, and is being endorsed generally by law-enforcement agencies and individuals interested in clean government. According to the political talk around the hotel lobbies and offices where vote dopsters gather, Hoss has a tremendous advantage in Multnomah county because of his great strength out over the state.

Hoss is being promoted as a "business man for a business office," as the primary interest of every citizen of Oregon is to see that the office of secretary of state is maintained at a high standard of efficiency.

Albany Oregon, May 7th, 1928.  
Mr. L. G. Lewelling,  
City.

Dear Sir:—

I notice both by your cards distributed and your newspaper advertisements you are running on your record.

Your cards say you stopped the issuance and payment of void county warrants. What did you have to do with the matter further than write an official opinion to the county treasurer after I had prepared the letter she wrote you asking this question? Is her letter to you not dated March 25th, 1921, and your answer dated April 23rd.

1921, and after the attorney general had decided the warrants were void?

You claim to be responsible for changing the Harrisburg - Albany bridge bond issue into a warrant issue. Is it not a fact that all proceedings were taken to sell bonds but in consequence of the bonding attorneys objecting to the regularity of the proceedings, the warrant issue was adopted to get around these objections?

Your card states in 90% of the cases you have been able to secure a plea of guilty. Have these pleas of guilty or any of them been secured by a bargaining with the offenders as to the punishment they shall receive? In other words, what does or can a district attorney do other than bargain with offenders to "secure" pleas of guilty?

You also state since January 1st, 1925, more than \$34,000.00 in fines has been paid. Is it not a fact that during this same time you and your stenographer have been paid by the state and county more than \$9000.00 and that under your direction more than \$11,000.00 prohibition or secret fund has been spent? Would you state the record or the facts as to how long

your stenographer has been receiving \$30.00 per month from the prohibition or secret fund. In addition to the \$50.00 per month the county has been paying her?

Respectfully yours,  
L. L. Swan.

**Vote X Everett C. Fisher Coroner**

Prompt and Efficient Service is the first requirement of the present Business World. Never in History has there been such a call for "Service." Our Nation, Our State, Our County, and Our City calls for its best men for Public Office.

The work of Coroner frequently requires the services of an Undertaker. It has become customary to choose an Undertaker for this office.

If re-elected to the office of Coroner, I pledge my Best Service to Linn County. I promise to conduct the office with economy and efficiency.

Soliciting your support, and thanking you in advance, I am,

Very truly Yours,  
EVERETT C. FISHER.

**TO THE VOTERS OF LINN COUNTY:—**

Being a candidate in the Republican Primaries for Representative from Linn County, I believe the voters are entitled to know what to expect in the event of my nomination and election, so I am taking the liberty of submitting a brief statement relative to my candidacy.

I have lived in Linn county continuously for the past 28 years, with the exception of 13 months spent in the military service during the World war. For the past 17 years I have conducted a general merchandise business at Sweet Home. Prior to that I lived on a farm at Foster. This background, I feel, will enable me to understand clearly and deal fairly with the legislative problems of both the farmer and the business man. If nominated and elected to the state legislature I will work for legislation having for its purpose strict economy in state government, reduction and equalization of taxes so as to relieve the over-burdened landowner, application of business methods in the state's affairs, and a sensible revision of automobile license laws.

I am a reasonably heavy taxpayer and since my home and all my business interests are in Linn county I am vitally interested in its welfare and development, and if elected will give the best there is in me to the service of my county. If you feel that I could render, as I feel I can, conscientious and successful service to the people of the county as Representative, I will appreciate your support.

Thanking you for your consideration of this letter and your support if you see fit to extend the same, I am,

Respectfully Yours,  
ERNEST L. SCHOLL.

**Before you select your next car see what General Motors offers**

GENERAL MOTORS was organized on the principle that a group of strong companies, working together as a family, could serve the public better than they could separately.

The public has approved this principle.

In 1924 one out of every six cars chosen by the public was a General Motors car. In 1925 the proportion was one in five. In 1926 it was one in four. *And last year it was one in three.*

The improvement in General Motors products is continuous. Great Research Laboratories are constantly seeking new paths for betterment. A 1245-acre Proving Ground tests all that science has discovered and *proves* each new design before it is offered to you. Each year there has been a steady advance in the quality, performance and beauty of General Motors cars, with no increase in price.

**7 famous cars-86 models**  
**\$495. to \$5500. (FOB Factories)**  
*and the low-cost*  
**GMAC Purchase Plan**

The General Motors cars are listed on the coupon below. They include a car for every purse and purpose—passenger cars and trucks—models of every kind—fours and sixes and eights. You may select any model with full assurance that by every test it offers the largest value per dollar in its price class.

The passenger cars include 86 models, ranging in price-at-the-factory from \$495 to \$5500. All closed bodies are by Fisher. All cars have four-wheel brakes. All have quality where quality counts most in long life and high resale value. All are backed by service organizations which are permanent.

**CLIP THE COUPON**

It will pay you to see what General Motors offers before you select your next car. Compare General Motors quality and value in each price class. Learn about the tests General Motors applies to all cars produced here and abroad, at its great Proving Ground. Consider the importance of a time payment plan which gives you low rates, because of the volume of business handled. Remember that you are assured of service, because General Motors dealers are everywhere.

By using the coupon below, you can bring into your home immediately full, illustrated information about any or all of the products made by General Motors. With this will come a new book called "Principles & Policies." You will find it unusual reading, for it takes you behind the scenes and shows just what General Motors is and what it is doing to continue to merit public goodwill.
