Insurance Company Sells

Negotiations have been concluded by the California State Life insurance company of Sacramento, to take over the entire business of the Intermountain Life insurance company of Salt Lake City, Utah.

The transaction increases California State Life's total insurance in force to approximately \$100,000,000 and the admitted assets to about \$15,000,000. The operating field will now include California, Oregon, Nevada, Utah, Idaho, Wyoming, Arizona, Texas and Oklahoma.

In acquiring the Intermountain Life, California State Life Insurance Company have absorbed an insurance company of exemplary soundness and healthy condition; one which has had an excellent and conservative management from its organization seventeen years ago.

With this acquisition, the California State Life becomes one of the dominant legal reserve companies of the Pacific coast and Rocky mountain territory.

Railroads Pay Heavy Tax

It is stated by good authority that in the past thirteen years railroad taxes have increased 228 per cent, while the total sum paid in dividends shows an increase of but 22 per cent. At present their tax burden amounts to \$1,000,000 a day. The burden of this taxation besides falling on stocks and bonds it is shown that ten per cent of American railroad securities are held by life insurance companies and that one-third of the endowment funds of our colleges and universities are so invested, as are part of the forty-six million savings deposits.

It's the Mower with the High, Easy Lift

You can quickly and easily raise the bar of this mower high enough with foot or hand lift to clear field obstructions, and cut with the bar in that position. In rough, stony fields, you will especially appreciate the high lift feature of the

John Deere Mower The Mower with the High, Easy Lift

Twenty-one-point clutch insures instant starting of the knife—prevents clogging. Special construction of gear assembly overcomes crank-shaft end thrust, reduces wear and insures delivery of maximum power to the knife.
Simple field adjustments permit taking out lag in cutter bar and re-centering

knife in a few minutes' time. Improved construction of cutting parts insures better service and longer life. The John Deere is simple—easy to operate and easy to keep in good running order. A boy can safely operate it and do good work.
Can be furnished with all-steel tongue truck if desired.

The Most Misunderstood Woman In American History

Who knows Lincoln—the Suitor—the Husband—the Father? Who knows the story of his marriage to Mary Todd and their later trials and triumphs.

Only a small group of intimate relatives have had access to Lincoln's heart and home, and now these relatives—the family of Mary Todd—have broken the silence of sixty years to write this great romance, the story of "Mary, Wife of Lincoln," by Kate Helm, her niece. The first big installment

of this touching, tragic story will appear in the May number of McCall's Magazine.

Mary, Wife of Lincoln, is first of all a great romance! It is one with the romances of old that will live through the ages—a story that will awaken the sympathies and stir the hearts of all its readers.
