**Light-Running New John Deere**

The use of a wide drive wheel with extra high lugs, improved cutter bar, roller and ball bearings, easier and better lubrication, easy-running reel, improved lighter-draft elevators with flexible capacity and smooth-working binder attachment with improved packer bearings, make the John Deere the lightest-running binder ever built.

Large oil cups, easy to get to, make oiling a simple job, thus reducing wear and lightening the draft. Improved reel, great capacity elevators, levers easy to reach, handy bundle carrier and an all-steel quick-turn tongue truck are other important features of the Light-Running New John Deere.

Come in and see the New John Deere next time you are in town.

**The Most Misunderstood Woman In American History**

Who knows Lincoln—the Sutor—the Husband—the Father? Who knows the story of his marriage to Mary Todd and their later trials and triumphs.

Only a small group of intimate relatives have had access to Lincoln's heart and home, and now these relatives—the family of Mary Todd—have broken the silence of sixty years to write this great romance, the story of "Mary, Wife of Lincoln," by Kate Helm, her niece. The first big installment of this touching, tragic story will appear in the May number of McCall's Magazine.

Mary, Wife of Lincoln, is first of all a great romance! It is one with the romances of old that will live through the ages—a story that will awaken the sympathies and stir the hearts of all its readers.
