New Postal Rates in Effect

Beginning July 1 books sent from and returned to free public libraries receive a greatly decreased rate provided in a bill recently passed by Congress, and amended through the efforts of the Oregon state library and the Oregon senators, following the library's protest against a proposed increase. The new rate omits altogether the former service charge of two cents per package, reduces the cost of the initial pound from five and six cents to a flat rate of three cents, throughout the state. All additional pounds in the third zone will cost one cent instead of two cents each. The state thus becomes one zone for library books, which receive a preferential rate.

The state library in 1927 sent out to its patrons 23,631 packages of books. The initial saving on these regardless of zone and weight would be \$1,150, which will accrue to the benefit of the country patrons of the library, as they refund the postage charges when the books are returned. The state library

GLARE

strains your eyes—filter it out with Soft-Lites

Don't leave your eyes unprotected to battle with unfiltered light coming from all directions.

Soft-Lite Lenses increase visual comfort by filtering the glare out of light. They are restful in any light, indoors or outdoors—as soothing as a cool hand laid over your eyes. Safe—never habit-forming—even less conspicuous than clear-glass lenses.

Ground to any prescription, in an "invisible" regular lens for constant use, and a deep sports shade for outdoor wear. We will gladly show you Soft-Lites.

estimates a saving of from \$3,000 to \$3,500 a year to its patrons, and a great increase in the mail order use of state, county, and city libraries. Senator Steiwer gave this bill special attention in response to the requests of the trustees of Oregon state and county libraries

"It's the Light-Running Grain Binder"

That's what users everywhere say of the Light-Running New John Deere. When you put this new binder in the field and see how easily it pulls and the steady, good work it does—you, too, will want a

Light-Running New John Deere

The use of a wide drive wheel with extra high lugs, improved cutter bar, roller and ball bearings, easier and better lubrication, easy-running reel, improved lighter-draft elevators with flexible capacity and smooth-working binder attachment with improved packer bearings, make the John Deere the lightest-running binder ever built.

Large oil cups, easy to get to, make oiling a simple job, thus reducing wear and lightening the draft.

Improved reel, great capacity elevators, levers easy to reach, handy bundle carrier and an all-steel quick-turn tongue truck are other important features of the Light-Running New John Deere.

Come in and see the New John Deere next time you are in town.
