Our Service Never Ends

We want you to feel that our real service to you only begins with the fitting of glasses, since no two people's eyes are the same, no two pair of glasses can be the same. We must know that your glasses are exactly right and remain right, come in often so we can make any adjustment necessary for your comfort.

In case you break your glasses, remember we have a complete record of your case on file, if we fitted you, so that they can be repaired quickly and with little inconvenience to you. If we didn't fit you originally, merely send us the prescription or the broken pieces.
