From Our Regular Correspondents

Wednesday evening of last week the members of the Neighbors of Woodcraft gave a reception for Mrs. L. H. Armstrong, with the families of the members as additional guests. For this pleasant affair the hall was used. Games and conversation made the evening pass all too quickly. At 10 o'clock the committee in charge of arrangements invited those present to the dining room where ice cream and cake was served. The tables were placed to form a Greek cross and with the snowy linen, sparkling silverware and vases filled with cut flowers, made a pretty picture.

Mrs. Armstrong has been one of the faithful members of Vine Maple Circle and was always ready and willing to do her part in either the lodge or social activities of Halsey.

The family left yesterday for their new home at Colony Bay, Montana, and took with them the best wishes of their many friends in this community.

Mr. and Mrs. O. J. Albertson, Mr. and Mrs. Cecil Dawson, Lester Albertson and Booth White were Sunday dinner guests at the Robert Ramsay home.

A group of neighbors of the L. H. Armstrong family tendered them a farewell party at their home south east of Halsey last Tuesday evening. The affair was planned as a surprise. Conversation, music and singing made the evening pass all too quickly.

Those present were Mr. and Mrs. Whitbeck, Mr. and Frank Loom, Mr. and Mrs. George Workinger and family, Mr. and Mrs. Wahl and family, Mr. and Mrs. Wilbanks and daughter, Mrs. E. D. Isom and

OLD TIME GOODNESS PLUS THE NEWEST COOKING CONVENIENCE

Richly flavored meats, succulent vegetables, puddings that melt in your mouth, are just as typical of the modern "Flavor Zone" cooking as they were of the old Dutch oven. For the "Flavor Zone" oven first browns the food to perfection, then cooks it to wonderful tenderness. And it does both of these automatically without any watching or tending on your part.

are clearing up after lunch—you can put your entire dinner in this oven. Make two simple adjustments, close the oven door, and you can stay out of the kitchen all afternoon if you want to.

At the proper moment, the current comes on automatically and browns the food. Then it is automatically turned off and cooking continues on stored heat until everything is done to a turn.
