**Are your children's eyes
Ready for school work?**

That children may develop physically, co-ordinately with the pressure of their school work, their eyes must have immediate attention.
It is very important that children see clearly and comfortably. You will find the correction of imperfect vision will reduce nervousness and crossness, and bring about a willingness to do and new ambition to accomplish in study. Unusual advantages are offered here. You receive the expert services. Nothing is spared that your children may see as Nature intended them to.
Do not neglect your children's eyes. Have them examined now.
Harold Albro,
Jeweler and Optometrist,
313 West First Street Albany, Ore.

10 MINUTES

IN THE KITCHEN

**... AND YOU CAN SERVE
A COMPLETE OVEN DINNER**

That's all the time you need to take the food from the refrigerator, place it in the cold oven, and make the two simple adjustments necessary for "Flavor Zone" cooking. And that's all the time it takes for you to get a delicious, nourishing oven dinner this most modern way!

The oven and oven control have been especially designed to make "Flavor Zone" cooking completely automatic. It requires no watching or tending. You don't have to touch the Westinghouse Electric Range from the time you put the food in the oven until it is ready to serve.

You can be visiting, marketing, or at a club meeting when the "Flavor Zone" oven automatically turns on the current and starts cooking. When the best browning temperature has been reached, the current is shut off automatically and cooking is finished by retained heat. You never have to give your dinner a single thought.
