FARMER'S WIFE GETS STRENGTH

By Taking Lydia E. Pinkham's Vegetable Compound

Schoolfield, Va.—"My mother had taken Lydia E. Pinkham's Vegetable Compound and I decided to take it for my own troubles and found great relief. I was hardly able to stand on my feet sometimes and now I feel better than I have for several years. I credit the Lydia E. Pinkham's Vegetable Compound with my present good health. I have taken five bottles of it and I am now able to do all my housework and sewing, feed my chickens, milk the cow and tend the pigs, and feel fine."—Mrs. J. C. BRADLEY, Box 249, Schoolfield, Virginia.

Church's Great Periods
With much diversity of opinion on minor points, there is a general agreement in dividing the history of the church into three great periods. The first, from the birth of Christ to the time of Constantine; the second, from that epoch to the Reformation; and third, from the Reformation to the present time.

Plan to Regild Tomb of France's Great Son

After 28 years, the dome of the Invalides, beneath which lie the remains of Napoleon, in Paris, is about to be restored to its original beauty. A thick coating of gilt leaf will be placed upon it, at the expense of the French treasury, and it is understood that a special provision in the budget for next year will call for 6,000,000 francs for this purpose. The last time the dome was gilded was for the exposition of 1900 and it required a veritable army of workmen nearly six months to complete the work. It is believed that with present-day methods and special materials it can be completed in a month. The first golden coat was given to the structure in 1714 and the treasurer's records show total payments of 50,000 francs for, with a supplementary daily wine ration for each of the workers. It was not until a century later, in 1813, that Napoleon I decided to spend 243,000 francs for a new coating, and this today is the most solid of all, those of 1853, 1857 and 1900 having been too lightly applied to withstand Parisian climatic changes.

Basket as Elevator

High seas prevented the use of the companion ladder when passengers wished to board the liner "Llandovery" at Port Elizabeth, South Africa, recently, so a large basket was lowered from a derrick and the travelers swung to the deck without difficulty. The container was fashioned like an elevator car.—Popular Mechanics Magazine.

Face to Face

"Do you experience stage fright in speaking over radio?"
"No," declared Senator Sorghum. "I feel as if I were speaking man to man. I classify many of my constituents as morons, who have about the same facial expression as a microphone."

RECORD-BREAKING MONTHS!

Greatest August in WILLYS-OVERLAND history—68% gain over last year!

NOW August has added its sweeping plurality to Willys-Overland's impressive total for 1928. Eight consecutive months have broken every record for the corresponding months in all of Willys-Overland's 20-year history.

Last month 68% more people bought Whippet and Willys-Knight cars than in August, 1927—a gain of more than two-thirds!

Experienced motorists are quick to appreciate the superiority of the Whippet Four, with its many engineering advantages never before brought to the light car field;—the Whippet Six, the world's lowest priced Six, with 7-bearing crankshaft and other costly car features;—and the Willys-Knight Six, which now, at the lowest prices in history, brings the unmatched smoothness, silence, power and operating economy of the patented double sleeve-valve engine within easy reach of thousands of new buyers.
