RASKOB URGES WOMEN TO VOTE

Points Out Gov. Smith's Welfare Record, His Legislation in Behalf of Women.

ALL HAVE RIGHT TO BALLOT

(This is the second of a series of campaign discussions by John J. Raskob, chairman of the Democratic National Committee.)

By JOHN J. RASKOB

Never before has a campaign presented issues of such vital importance to the wives and mothers of the nation. The American home should be represented in full voting strength at the polls.

The nation in normal times makes tremendous demands upon the American woman. In times of stress the country calls upon its womanhood to rick a surrender of future happiness. American womanhood can protect the home against unworthy officials by choosing worthy ones on election day.

The woman's viewpoint has become essential to the peaceful prosperity of the nation. This viewpoint can only be translated into national action by the exercise on the part of the women of their voting right. In the 1920 election only 37 per cent of the popular vote was registered by the women. More than half of the women of voting age refrained from casting their ballots.

A particular appeal is being directed by both parties to the women for their votes. The Democrats are basing their appeal on the social welfare record of Governor Alfred E. Smith, the Presidential nominee. His accomplishments in behalf of women in industry, in the fields and in the homes, the mothers and future mothers of our people, testify to his sincere regard for the home.

The Republican campaign among the women consists largely of subtle, whispered suggestions concerning social and religious distinctions.

Foreign-Born Women

The foreign-born woman married to an American citizen from whom America has the right to make all demands for services in time of peace and war, must not be deprived of her vote due to lack of information as to her rights. The laws of the country affect her home to the same extent as any other.

There are over one million foreign-born women who are entitled to vote. It has been brought to my attention that election boards in some sections of the country are refusing to register such women on the ground that they are not citizens.

It should be understood that any woman, who, prior to September 22, 1922, married a citizen is a citizen of the United States by the very fact of her marriage. Further, any foreign-born woman who became a citizen of the United States by marriage retains her citizenship though divorced or separated from her husband, as long as she resides in the United States.

Election officials should be fully acquainted with the laws in relation to citizenship, and those who have barred foreign-born citizens from registering on that ground have committed a grievous wrong.

Offers Aid

The Democratic National Committee is prepared to answer all questions on this topic and attention will be given to each individual case so that the foreign-born women will be fully informed of their rights. I will welcome letters addressed to me personally by women who have been denied registration and I will see that such cases are completely answered by the lawyers' committee of the Democratic National Committee.

The voting right is one of the highest privileges of citizenship, and no woman should have any sense of embarrassment about registering and voting. The vote came to our women after one of the greatest political crusades in the history of the world. The vote has a value to every woman. Properly cast, it means a better home protected by a better government. It is at the same time a high civic duty and an important privilege. To vote is elevating, not degrading. Do not be ashamed or afraid to vote. Let your home express itself in the affairs of the nation.

See that you are on the Registration List so that you will be eligible to vote on Election Day.

GOV. SMITH VISITING WESTERN CITIES

Citizens of seventeen cities between New York and Helena, Montana, will have had a close-up view of Governor Alfred E. Smith, at the conclusion of his present campaign tour through the West.

The Governor's schedule calls for speeches at Omaha, Oklahoma City, Denver, Helena, Minneapolis and Milwaukee. His itinerary is as follows:

Sept. 17, Chicago; Sept. 18, Omaha; Sept. 20, Oklahoma City; Sept. 21, Newton and Dodge City; Sept. 22, La Junta and Denver; Sept. 23, Cheyenne; Sept. 24, Billings, Butte and Helena; Sept. 26, Bismarck and Fargo; Sept. 27, Minneapolis and St. Paul; Sept. 29, Milwaukee; Oct. 1, Rochester, N. Y.

Governor Smith's speeches will be broadcast over a hook-up of radio stations reaching from coast to coast.

Vrooman Flays Tammany Hall For Attempt to Play "Con" Game on Nation's Farmers

Economic Expert and Official Under Wilson Says Houston Convention Platform Fools Nobody

Flaying Tammany Hall for attempting to play a "con" game on the farmers of the nation, Carl S. Vrooman, assistant secretary of agriculture under President Wilson, declares that intelligent farmers throughout the country have received no comfort from the agricultural plank in the platform of the Democratic convention.

"The Tammany Hall campaign idea seems to be based on the theory that it can sell political gold brick promises to a bunch of hayseeds out West," Mr. Vrooman said "I am confident the farmers of the nation will not fall for this latest 'con' game from 'The Sidewalks of New York.'"

He charged Tammany with being Democratic in name only and said that "It is essentially mercenary and parasitic. It double-crossed Wilson, Cox, and Davis."

"One of Tammany's first acts was of subterfuge and double dealing. The agricultural plank in the Houston platform was a masterpiece of ambiguity, so framed as to admit of one interpretation in the East and another in the West and South."

"A few days after a conference with Peek (George N. Peek, of Moline, Ill.), Governor Smith endorsed the equalization fee principle, but the next day he put out a statement flatly repudiating the equalization fee itself."

"Intelligent farmers have got no comfort from the agricultural plank in the Houston platform. It professes platonic friendship for the principle of the equalization fee, without pledging the party or the candidate to the McNary-Haugen bill or to any other bill or plan of real benefit to the farmer."

Mr. Vrooman has been active in behalf of the "dirt farmers" in the Democratic party. He drafted and

Carl Vrooman

introduced the first farm relief bill in Congress in 1921.

Mr. Vrooman, an expert on economic subjects, and a writer of note, farms 4300 acres of land near his home in Bloomington, Ill. In addition to his service of five years as assistant secretary of agriculture, he served on the agricultural war mission to Europe.
