Hoover Saved German Youth

ST. LOUIS.—A stirring tribute to Hoover's post-war activities on behalf of the suffering people of Germany and Austria is contained in a booklet just published here, prepared by former Congressman Cleveland A. Newton of Missouri. "For eight years in Congress I fought for food relief and the return of alien property to distressed people in Germany and Austria," said Mr. Newton. "I did this not because they were Germans or Austrians but because it was just. I would do the same for the French, the Belgians or the Russians. I believe in a square deal. I have personal knowledge of the great service rendered by Herbert Hoover to the suffering people of Central Europe, especially children.

Hoover's answer to allied statesmen and others who objected to sending foodstuffs to the famished populations of Germany and Austria was: "We were never at war with women and children!"

"When my post-war proposals for sending food to starving Central Europe were up before the Congressional Committee, it was suggested that Hoover, America's food expert, be called. One may imagine my joy and delight as I listened for one hour to the forceful, masterly, unanswerable presentation which Hoover made in favor of relief for the suffering, hungry and starving people."

Colleges Favor Hoover

If college straw votes are indicative of the sentiment of the American people, then Herbert Hoover will go into the White House with an overwhelming popular majority. A straw vote at the Juniata College the other day showed the following results: Hoover, 255; Smith, 39; Will Rogers, 2. The faculty gave Hoover eighteen votes and Smith two.—Harrisburg (Pa.) Telegraph.

Discontent Breeds Content

We try to make every boy discontented with his lot, and we achieve the most contented and unified and stable country in the world.—Herbert Hoover.
