Peace has taken French leave of Central Europe.

A slogan for 1924: Get the axe for Old Man Tax.

The bird of paradise is the eagle on the American dollar.

The allies would have agreed long ago if each hadn't a greed.

Lightening doesn't strike twice in the same spot, it never has to.

The country prefers a sphinx in the White House to a straddler.

Anyway, European currency encourages the higher mathematics.

There is no reason to blame the French—they dun the best they could.

Straw votes never amount to much, they merely indicate the people's choice.

Bonus advocates will maintain that tax reduction is the unkindest cut of all.

One of the advantages of the budget system is that the politicians can not budge it.

The Monroe Doctrine as Secretary Hughes points out is still one of America's best bets.

Alaska wants to be made a state but Congress thinks that it does not owe enough money yet.

The turn over most people are interested in is the one just after the alarm clock begins to ring.

It might help the demand for wheat if there was a law against using sawdust in the breakfast foods.

Prohibition may not be exactly in its infancy but it is a sure thing that it thrives of the bottle.

Before awarding the $100,000 Bok gift to any peace plan, it might be well to try the plan in Ireland.

What this country should begin to inquire into is whether France considers the occupation of Rhur as a life calling.

Germany must now be having the time of her young life if as the old saw has it that one can live on the interest of one's debts.

Among the things that need not be worried about for the coming year or so are the acoustic properties of the White House.

When we take a look at the three mile line, it makes us wonder what it is that our tourists find to drink in other places.

If we would practice the golden Rule toward Europe, doing to her what we would have her do to us, we shall certainly leave her alone.

For the average married man earning $4,500 or less Federal Taxation is almost inconsiderable compared with state and local taxation.

Uncle Samuel will require the assistance of a lot more dry agents now that it has been shown that a man can swim across Lake Erie.

It is Europe, and Europe only, that is to blame for its conditions, and by no twist can even a fraction of responsibility be laid at America's door.

Governor Pinchot has invited the Governor of the anthracite consuming states to meet again at Harrisburg. He is as long on conferences as he is short on remedies.

If we meddled in Europe's endless squabbles and muddled with the League of Nations, the Monroe Doctrine, like Mr. Monroe himself, would be regarded as deceased.

Some Congressmen are perfectly capable of passing a bonus bill with no provisions whatever for the funds required. That is where politics gets ahead of business.

It will be observed that Mr. McAdoo is not pointing to his administration of railroad affairs as proof that he could effect great economies in transacting the affairs of the Government.

VALUABLE HOUSEHOLD RECIPES AND SUGGESTIONS

Apple Tapioca Pudding—Soak overnight one teacupful tapioca. Pour off any surplus water and put in a pudding dish with 8 or 10 apples, quartered, sugar, a pinch of salt, a little cinnamon and one pint of water. If the apples are not very juicy a little water may be needed. Bake an hour in a slow oven. To be eaten warm with sugar and cream.

Suet Pudding—One cup of suet chopped fine, one cup of molasses, one cup of sweet milk, and two teaspoonfuls of baking powder. Mix to a stiff batter and then stir in one and one-half pounds of currants, and one pound of raisins. Boil two and one-half hours in a bag.

Fruit Pudding—Cover the bottom of a pudding dish with any nice tart fruit. Dried cherries or plums are nice, or if you use apples slice them thin, add sugar and a small piece of butter. Then make a batter of one cup of flour, one teaspoonful of baking powder, one of salt, and enough sweet milk or water to make the batter quite stiff. Pour this over the fruit and steam about an hour. Serve hot with hot sauce.

Steam Pudding—Four teacupfuls of flour, one of sugar, one of sweet milk, one tablespoonful of melted butter, 3 teaspoonfuls of baking powder, two eggs; mix in any kind of fruit. Steam two hours and a half.

Charlotte Russe—Line a pan with lady fingers, or light cake. Take a quart of cream, sweetened to taste and flavored with vanilla, then whip it. Pour half a cup of hot water on half an ounce of gelatine which has been soaking in a little cold water. After it is dissolved stir very hard into the whipped cream and then pour it into the mold being careful not to upset the cake. Set in a cold place to harden.

Apple Pudding—Pare and core half a dozen apples, slice as for pie and lay them in a square tin. Do not use a dripping pan as it is apt to color the apples. Take one teacupful of sour milk, one small teaspoonful of soda, a little more shortening than you would use for the same amount of biscuit, and stir in flour to make a batter as stiff as for cake. Sprinkle a little nutmeg over the apples and place here and there a few small pieces of butter. Pour on the batter and spread evenly over the apples. Put it in the oven and be sure you let it stay long enough to bake the apples done. When the pudding is done cut it in square pieces, turn it bottom side up, and serve with any good pudding sauce.

Suet Pudding—One cup of chopped suet, one cup chopped raisins, one cup of sweet milk, four cups of flour, one cup of molasses, one tablespoonful of cinnamon, one of cloves, one of baking powder, one teaspoonful of salt. Steam three hours. Eat with a hot sauce.

Rice Pudding—Into a 2 quart basin put one cup of well washed rice, one of granulated sugar, one of raisins, a pinch of salt, a lump of butter the size of an egg, and a little grated nutmeg; fill the basin with new milk and bake in a moderate oven for three hours. If the top becomes brown before the rice is cooked press it down under the milk with a spoon but do not stir the pudding while baking.

Raisin Pie—Take one pound of raisins and turn over them one quart of boiling water. Keep adding so there will be a quart when done. Put the juice and grated rind of one lemon into a cup of sugar, three tablespoonfuls of flour and one egg; mix well together. Turn the raisins over the mixture, stirring the while. This makes 3 pies. Bake as you would other pies.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles Mentho-Sulphur and use it like cold cream.

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

It's Pay Day for Our Savings Depositors

A "dividend" has just been credited to the account of each one of our Savings Depositors, in the form of Interest. If you will bring in your pass book the next time you come to the bank, the amount due you will be entered therein.

This is as much a Dividend as though you had clipped a coupon from a Bond, or had received a dividend check. Better, in fact, for from now on the interest itself will draw interest.

Some depositors will come in for a good share of this "melon"—others will not receive so much. If the amount in your case is small it is only because your savings have been small.

The more you save the more your Interest will be. A Savings Account is like a plant—it grows more rapidly when it is watered frequently.

Resolve NOW to make your next "dividend" larger by saving more and more often.

If YOUR name is not on our interest "payroll" you are missing something. Open a savings account now
