

FROM OUR CORRESPONDENT

Interesting Little Notes from the Surrounding County as Told by Our Active Special Correspondents Weekly.

HUBER

Miss Esther Boren of Huber has been on the sick list, but is improving.

Mrs. Ahlvers of Huber has been in Portland several times lately as her daughter's father-in-law, Mr. Schultz, at Sellwood is quite low, having suffered a stroke.

Mrs. R. E. Dodds writes from Ottumwa, Iowa, that her mother Mrs. Bartness, whom they are visiting, has suffered two paralytic strokes, and they are worried about her. They had contemplated bringing the mother with them on their return to Oregon.

Mr. and Mrs. Deschepere moved out from Portland to attend the basketball game here. The Misses Ida and Ada Schleeman came out with their brother and brother-in-law. Miss Theresa Lundberg also was out from Portland and played several selections on her violin.

Mrs. Patterson of Huber has received a letter from her sister from Eugene, saying that they had to lay over at that place because there was a wreck on the road, which prevented their immediate return to Marshfield after attending their mother's funeral at Cedar Mills last week.

On Friday the 25th of January at 8 P. M., the Loyal Sons Basketball team of Aloha and Huber, gave a comical dialogue entitled "McIntyre Wants a Valet."

The program, which was very good, was given at the Huber Schoolhouse. A basket school followed. There were baskets of every color under the sun, and they were trimmed with flowers, ribbons, and little Japanese lanterns. Some of them reminded one of the Portland Rose Carnival floats. All the baskets contained mysterious good things to eat, and were waiting for a price to be bid on them. Under the able Rev. McGuffee (who proved a good auctioneer) the baskets all brought a good price and 82 dollars and 5 cents was realized from the sales. The proceeds of the sale go to the L. S. Basketball team.

It looks as if Huber is going to get some more enlightenment. The electric lights seem coming in leaps and bounds. Saturday morning men working for the company were busy surveying along the road. Now if only our Honorable County would get busy and fix up the roads, that would give us a chance to have friends come to see us in their machines. Some of the roads are in sad disgrace, especially Hennessey Ave. Visitors must leave their machines quite a ways away from the house. This makes it very unpleasant, especially if you wish your friends to get a good impression of your part of the country. For we must all boost for our vicinity. We have seen several Real Estate men try to sell land along the line, but as long as the roads are a mass of mud it is impossible. And the folks who must drive back and forth to work are in danger of breaking a spring, or running off a tire. You can't keep the machines in the road. They will skid around and go sideways like a crab.

It is very hard for a man to keep his machine straight, when it is evident that it wants to do a fox trot, etc., and the man and machine are not to blame. It is the road that it to blame. So the County fathers we now petition.

To put our roads in better condition. More people would come here to take up their abode. So please, Oh please, fix up the road.

The language our menfolk are using when the road is their auto abusing. But I'm not going to tell you. For I wouldn't look well in print.

TIGARD NEWS

Mike Boyd is slowly recovering from an attack of appendicitis.

Miss Marie Steinman of Spokane is visiting at the home of her aunt, Mrs. William Ariss.

The Tualatin high school basketball team beat the Tigard-Lincoln high team in a fast game at the Tigard school gymnasium.

Fred Holm has gone to Olympia, Washington where he will engage in business. His many friends of Tigard wish him success in his work there.

The Metzger Woman's Club met at the Club House Wednesday, January 16th. A recent

project of the club is the installation of hot lunches in the Metzger schools. The women take turns in supervising the work, each on serving for one week.

Mr. and Mrs. George Boland were honor guests at a reception given by relatives and friends at St. Anthony's Hall January 20, the occasion being their 50th wedding anniversary. Lunch was served at 1:30 after which a talk was given by Dr. A. W. Vincent. Many beautiful presents were received. About fifty guests were present.

The First Bank of Tigard held the fifth annual meeting recently. All officers and directors were reelected as follows: C. F. Tigard, President; Fritz Elmer, Vice President; W. M. Evans, cashier; A. H. Vincent, assistant cashier; C. Christensen, H. W. MacDonald, Peter Olsen and G. A. Plath, directors. The regular 8 per cent annual dividend was declared and a substantial sum carried to undivided profits.

The grange installed officers at their last regular meeting. The officers are: Harvey Huff, master; Mrs. J. Hill, Overseer; Mrs. K. Gehlert, lecturer; C. Christensen, steward; Mrs. Arnold, chaplain; Miss Cox, secretary; E. T. Triffitt, gate-keeper; Mrs. G. Shipman, Ceres; Mrs. Wahl, Pomona; and Mrs. J. Wood. The women served a dinner at noon. Routine business was attended to in the afternoon session. Many visitors were present.

A large crowd attended the smoker given in St. Anthony's Hall January 15. The program consisted of boxing and wrestling matches and various stunts. Music was furnished by the Portland K. of G. quartet. The wrestling match between Harry Kenne of Tigard and Wilkins of Salt Lake was decided a draw. The program was under the supervision of Father Michael. The hall has recently been refurnished and refurnished for entertainment purposes.

The funeral of Elsie Jane Johnson was held at the M. E. Church Thursday afternoon. Rev. Downs officiating. Little Elsie Jane was killed on the highway Monday evening while running to meet her older sisters who were coming home from school. The accident was a shock to the whole community. She was the adopted daughter of Mr. and Mrs. Emil A. Johnson, with whom she had lived since she was three weeks old. The stricken family have the sincere sympathy of everyone in their sad bereavement.

A meeting of the Community Club was held Tuesday evening in the school auditorium. The projected car factory was explained by MacDonald Potts of Metzger in such a way that considerable interest was aroused and the undertaking is virtually assured. A banquet will be given in the near future at which time officers will be elected.

Quite a number from Tigard attended Pomona Grange Wednesday. Among them were Mr. and Mrs. Wahl, Mr. and Mrs. F. Bishop, Mr. and Mrs. C. F. Tigard, Mr. and Mrs. R. Hoffarber, Mr. and Mrs. K. Gehlert, Miss Cox, Mrs. J. H. Little, Mrs. H. MacDonald, Mrs. O. Butler, Mrs. H. N. Salmon, Mrs. Elizabeth Vincent, Mrs. Florence Leedy and Mrs. Gillespie.

TUALATIN

Leslie Glenn visited here with his parents, Rev. S. F. Glenn recently.

Mrs. George Avery recently visited her mother and sister in Portland.

Mrs. H. S. Logan attended a P. E. O. banquet at the Benson Hotel recently.

Mr. and Mrs. Jack Quotly of Vancouver visited the latter's sister, Mrs. John Wolfe.

Mr. and Mrs. Walter Dickinson of Oswego were guests of the latter's sister, Mrs. Ed. Blank.

Dr. and Mrs. W. F. Kaiser of Portland were the guests of Mr. and Mrs. J. R. Thompson recently.

Mr. and Mrs. Wilson Rogers and D. G. Parker attended the Auditorium in Portland not long ago, to hear Edward Johnson.

The Tualatin Community Club met at the gymnasium in regular monthly session last Wednesday evening. It was voted to rent an educational film to be presented by the new moving picture machine. Dancing followed the business meeting.

An organization of Camp Fire girls has been started in Garden Home. Mrs. Woods is the guardian. There are now twenty-one members.

UNITED STATES COAST GUARD TO HOLD EXAMS

This is an exceptional opportunity for young men of the right caliber to complete their education at Government expense and to become commissioned officers in the United States Coast Guard, in which is offered service afloat and ashore.

Cadets and Cadet Engineers are trained to become line officers and engineer officers, respectively, and the age limits for appointment of cadets of the line are 18 to 24 years, and for appointment of cadet engineers 18 to 23 years.

An applicant who will have passed his 24th birthday on or prior to date of appointment will be ineligible for appointment as cadet of the line, and one who has passed his 23rd birthday on or prior to date of appointment will be ineligible for appointment as cadet engineer.

Cadets and cadet engineers are trained and educated at the Coast Guard Academy at New London, Conn., and each summer are taken on an extended practice cruise.

Cadets and cadet engineers receive the same pay and allowances as midshipmen in the Navy (\$780 per annum and one ration per day).

Upon graduation, after three years at the Academy, a cadet is commissioned an ensign and a cadet engineer, is commissioned an ensign (engineering). Commissioned officers of the Coast Guard rank with officers in the Army, Navy and Marine Corps, and receive corresponding pay and allowances, grade for grade.

The mental examination for cadets and cadet engineers, which will follow the physical, will consume two or three days. Applicants for cadetships of the required moral character who present satisfactory certificates that they have completed the equivalent of a four year high school course and received four teen credits in subjects prescribed by headquarters will be required to take a written examination in the following subjects only: mathematics, (algebra and geometry), history and English.

Those who do not present certificates showing that they have the equivalent of fourteen credits as prescribed, will be required to take an examination in the following subjects: mathematics, (algebra and geometry), history, English, physics or chemistry or general science, Latin or French or German or Spanish, and General Information. A high school graduate should be able to pass the examination either for cadet or cadet engineer. Those who have not attended high school should if possible, present certificates showing what courses of study they have pursued and their extent.

Applications to take this examination should be filed at once in order that each candidate may be advised whether or not he will be required to take the qualifying examination.

A mark for general adaptability will be assigned to all candidates.

Back Hurts Begin on Salts

Flush Your Kidneys Occasionally By Drinking Quarts of Good Water

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin a drink soft water in quantities; also take about four ounces of Jad Salts from your reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity, also to neutralize the acids in the system they no longer cause irritation, thus a relieving bladder disorders.

Jad Salts is inexpensive and can be obtained at a drug store. It is a delicious water-drink, which everyone can now and then to help keep the eyes clean and the blood pure, thereby preventing serious kidney troubles. By all means have your physician examine your kidneys at least once a year.

Rev. C. L. Huggins of Colville, Washington, preaches in the forenoon and evening at the Congregational Church. There was a large crowd out to hear him and they report very enjoyable sermons.

QUAKERS TO HANDLE GERMAN RELIEF WORK

Funds Collected Will Be Spent in America, Says Major-General Allen.

Official word from Major-General Henry T. Allen, national chairman of the American committee for relief of German children, received by Robert H. Strong, Oregon state chairman, last week at headquarters, 715 Corbett building, Portland, is that all money collected in this country will be used to buy foodstuffs in America for shipment to Germany. There the materials will be distributed by the American Quakers, who have organized to do this great work.

General Allen also wired the Oregon headquarters that relief funds are being collected in Berlin and Bremen and other places for aiding women and children. This is vouched for by American investigators there.

In Portland, the German-speaking members of 26 churches of all denominations and of 25 societies, following action taken at a mass meeting at the outset of this campaign, have contributed several thousand dollars toward this relief fund. It is also announced that they have been collecting relief funds regularly for at least three years to alleviate suffering in their native land.

In a state-wide collection, authorized by officials of the Catholic churches in Oregon, a substantial sum was realized on Sunday. Every Catholic church in the state participated.

Portland labor unions have been subscribing various sums, also, and the Central council there has a special committee of union members working on solicitation, following formal endorsement of the campaign.

Cost of help is small. Will You Save Any Starving German Babies?

Two cents a day, in American money, will save one starving German baby in that war-ridden country, according to a schedule worked out by the American committee for relief of German children, which is now gathering a relief fund of \$10,000,000 for this purpose throughout the United States, with Major-General Henry T. Allen, former commander of American troops on the Rhine, as national chairman.

President Coolidge, Herbert Hoover and others of their type have endorsed this campaign.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, rub a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.
