DRIVE FOR UNIVERSITY FUNDS STARTS TODAY

The campaign inaugurated in behalf of the University of Oregon to obtain \$5,000,000 in five years through gifts has reached the active stage of its progress. On May 9 there will be inaugurated by the University alumni, who have taken upon themselves the task of raising \$1,000,000 of the scheduled \$5,000,000 as their share, a three weeks' intensive drive. Former students of the University everywhere, the world over, are to participate.

Necessity is the spur which is driving the University of Oregon gift campaign. Attendance at the University is increasing so fast that it is outgrowing the facilities. Attendance within the past four years has increased 39 per cent. During the same period the University's income from the state has increased but 5 per cent. All of the University's buildings are crowded. Some of them are over-crowded. Not only is the attendance growing, but the rate of increase in the attendance is growing. These facts and the further one that the University prefers not to ask appropriations from the over-taxed public for increased facilities, furnish the reasons for the gift campaign.

This campaign was inaugurated a year ago, but it has only recently become fully organized and begun to attain real headway. The first big effort of the campaign is that to be made by the alumni from May 9 to May 30. With the \$1,000,000 which the alumni propose to raise it is intended to provide a new library, a gymnasium and a splendid memorial court. Citizens of Eugene in a mass meeting held recently have pledged themselves to provide \$500,000 for a splendid auditorium to be built on the University campus, big enough to accommodate from 5,000 to 6,000 students. At present it is not possible to hold an assembly of all students indoors, because there is no building at the University which will accommodate the 2,400 students now in attendance. The current student body has pledged as its contribution to the gift campaign the funds necessary to supply a building for the Students' Union.

The alumni of the University are taking the lead in the campaign. After they have completed their share of the work and the fund, a similar drive to theirs is to be made among the citizens of Oregon generally. Through the alumni drive it is expected that the scope and purpose of the plan will become familiar to the public generally, so that the progress of the state-wide campaign to come later will be facilitated. Efforts also are being made to enlist the contributions of persons of means everywhere who have special reasons for interest in the University of Oregon.

The "kick-off" of the alumni intensive campaign on May 9 is to take the form of drive dinners. Wherever there is a group organized for the campaign in Oregon and out, that group will get together at table on the evening of May 9 and launch the drive.

**TURN HAIR DARK**  
WYETH'S SAGE AND SULPHUR TEA

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage and Sulphur for darkening streaked and faded hair is grander's recipe, and folks are eager to keep the hair a mass, even when it is quite as white as an old man's. It is a great advantage. Nowadays, though, we don't have the troublesome task of gathering the sage and the messy mixing at home. A drug store sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.
