TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Menthio-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles Menthio-Sulphur from any good druggist and use it like cold cream.

The One Best Tire

Until C-T-C cords came on the market early last year all tires seemed very much alike to the average car owner.

But these big oversize C-T-C hand-built low inflation cords have proved so notably superior that it is a gratification to us to carry them as a part of our very superior service to motorists.

C-T-C's were the first tires built for reasonably low inflation to make riding easier and "conserve the car", being even stronger and heavier than ordinary cords. The tread is especially toughened to stand mountain and crushed-rock roads, and is unequalled for non-skid. Nor can any tire on the market outwear them.

There is also a C-T-C hand-built Balloon tire for extreme low inflation, which fits any standard wheel and rim.

C-T-C Tubes add mileage to almost any casing.

"BREAKING INTO SOCIETY"

A HUNT STROMBERG COMEDY SPECIAL

From Tin Pan Alley to the most select circles of Pasadena, from corned beef and cabbage to patti de foi gras. The O'Tooles take the plunge and boy, oh boy, what a trail of laughter they leave in their wake!

They made a million in oil and immediately tried to "jimmey" their way into Society! The blunders they make, the adventures they have, the excitement they cause, form the nucleus of one of the funniest plots ever written into a picture.

You'll get a hundred dollars' worth of entertainment for every nickle of admission you pay!

Pacific Theatre

This Week, Sat. & Sun.

Since it is a necessity, most desirable, and will last a lifetime, — isn't it thoughtless not to get it NOW instead of later?

A "Standard" Modern Bathroom should be considered in exactly that way. You will not question that a sanitary bathroom is a necessity, so considered by all who have regard for cleanliness and refinement. The fixtures are guaranteed for a definite number of years and there is no reason for thinking that they will not last a great while longer; is it not then a matter of economy to get the equipment at once.

An estimate on such equipment, correctly installed with first class workmanship, will be given upon request.
