## Work Begun On New Picture

Madge Bellamy and Tom Moore  
to Have Leading Parts; Cam-  
era Work Starts Monday

Work on the new picture, "The Greatest Thing" is progressing rapidly at the Premium Pictures studio. The entire cast has been signed up and the company expects to begin the actual business of taking the pictures Monday. Beaverton people who were fortunate enough to see Madge Bellamy play the leading lady in "The Hottentot" will be especially pleased to learn that she has been secured to play opposite the star in this new Beaverton production.

For the past week a force of fifteen to twenty men have been busy making sets at the studio and it looks like a picture soup futurist would draw when you get in there, a piece of a house here, a street there, a brick building somewhere else, and a dozen different sets and edifices occupying small spaces throughout the whole interior. Cars from Hollywood are arriving daily. Miss Bellamy is expected to arrive Saturday and Tom Moore, the star, is expected from New York Monday.

Numerous improvements have been made on the outside of the building, among them a generating house where a transforming generator, has been installed. This machine takes the alternating current as supplied by the Puget Sound Power and Light Company and delivers it to the stations throughout the building as a direct current. This change from alternating to direct current will prove a big aid in securing the proper lighting effects in the picture as it is almost impossible with the continual flicker of the alternating current to get an effect that is as pleasing as it should be. The direct current will give a light which is steady and strong without the least particle of a quaver.

Several local people have been signed up for this picture and will act in this latest Beaverton production.

## USED RUSSIAN

**MONEY LAVISHLY**  
Six million, seven hundred thousand rubles were purchased by Marshall Neilan for use in his Russian drama, "The Rendezvous," which will be the feature attraction at the Pacific Theatre Saturday and Sunday. There was literally "money, money everywhere," on his set, but not a thought of guarding it or even putting it in the safe at night.

One million of the rubles cost Mickey \$30.00, which he thought was quite exorbitant in that he purchased the other five million, seven hundred thousand for \$2.85. The difference in price, as explained by the banker, was that the first million were of the present currency in Russia, while the last five million were used before the revolution and during the time of the Czar. The rubles decreased so in value before "The Rendezvous" was finished that Mickey didn't even try to cash in on them, but is saving them and debating as to whether he should autograph them and answer his fan mail with rubles instead of photographs.

## CANNING TEAMS TO GIVE DEMONSTRATION

Canning demonstrations will be given at the Banks Hog and Dairy Show September 17, 18, and 19, by competing teams in the county, the winning team to go to the state fair in Salem.

Forest Grove girls have organized a team to compete for these honors. Members of the team received instructions recently by Miss Helen Cowgill of the domestic arts department of O. A. G.

## A LONG WAY AROUND

A certain well-known actress, herself something of a mimic, once objected to an imitation of herself by another comedienne. "It's not a bit like me!" she exclaimed. "It isn't supposed to be, dear," replied the comedienne. "It's an imitation of you imitating me."

## BEAVERTON SCHOOLS NEED MORE ROOM

At a meeting of the District Board held at the school house Wednesday evening the initial steps were taken to fit off a room in what is now the auditorium of the Grade school for the use of the new pupils who are rapidly being enrolled here.

The partitioning off of this room will necessitate the hiring of another teacher.

About two hundred and twenty-five pupils are enrolled in the Grade school at present and more are being added almost every day.

Conditions at the High school building are also becoming somewhat congested and it is thought that it will only be a matter of a short time until another teacher will have to be employed there.

## GOLF LINKS TO BE PREPARED

Mr. John Root arrived from the south the latter part of last week. For some time he has been engaged in landscape gardening in Southern California, but he has been engaged by the Multnomah Amateur Athletic Association to prepare the golf links just east of town.

Work has been progressing rapidly on the links and it is expected that by the coming of spring we will see the local youngsters carrying a sack of golf clubs for the members of the Association.

The building of these links on the hill overlooking Beaverton will give many people an opportunity to see Beaverton with a perspective they have heretofore been denied the privilege of enjoying.

## IMPORTANT CHANGE IN MAIL SERVICE

The change in the train schedule which took effect on Sunday, September 7, materially affected Beaverton's mail service, and although the change was protested it has been of no avail and a consequent re-adjustment all along the line will have to be made. The heavy mail from Portland which has been coming on Train 101 at 7:42 now is an hour and eleven minutes later, arriving on Train 121 at 8:53. This will mean that the mail will not be all worked and sorted in the boxes until probably ten o'clock, and the rural carriers will not be able to leave until about the same time.

The steam train to Tillamook has been set ahead to 8:42 and mail for Tillamook and way points must be in the office by 8:30. The morning mail to Portland will be only six minutes earlier (9:32) but as it will not be possible to wait on the stamp window while sorting the incoming mail patrons must arrange to secure stamps, mail parcels, etc., for Portland or East before closing the window at 8:50. For the present the post office hours will be the same, 7:30 to 5:30 and the postoffice force will try to take care of all requests possible between 7:30 and 8:50.

An additional exchange to Portland has been secured on Train 128 which will leave at 1:30 P. M. and any mail deposited after the departure of Train 124 at 9:32 will be forwarded on the midday dispatch. The evening exchange on Train 102 at 5:04 has been discontinued and in its place we have an exchange on Train 122 at 6:05 to Portland and the East. The postoffice force sincerely regret the slowing up of the mail service but are helpless under present conditions. Arrangements may be made later whereby the mail may be secured but at present there is no show.

E. E. Swenson has purchased the J. G. McFadden property on Watson Street.

Bert Thomson and family are on their vacation. Mr. Thomson is employed by the Standard Oil Company here.

Mr. and Mrs. Howard Jones and Mrs. M. C. Hendricks are spending their vacation at Amnatan Beach.

Chief Gunner's Mate J. J. Sayers of the United States Navy is in Beaverton for a visit with friends.

Harold Dean has returned from Roseburg, where he has been visiting at his grandfather's ranch for the last three months.

## Defence Day Proclamation Issued

Mayor Erickson Joins Gov. Pierce and Pres. Coolidge in requesting Citizens to Participate Today

City Hall,  
Sept. 10, 1924  
Beaverton, Ore.

WHEREAS, the President of the United States has set aside September 12, 1924, for a practical test of the Act of Congress enacted in June 1920, which provides for the security of our Nation; and

WHEREAS, that day is the anniversary of the writing of our National Anthem, the Star Spangled Banner; and

WHEREAS, participation in patriotic exercises and the test of our National Defense Law is in no sense militaristic but is a practical demonstration of loyalty, patriotism and the duties of American citizenship.

NOW, THEREFORE, I, Otto Erickson, Mayor of the Town of Beaverton, do proclaim September 12, 1924, from 2 to 4 P. M. as a holiday and do urge upon all citizens participation in the spirit of this National event in a manner commensurate with the proud traditions of the State of Oregon as "The Volunteer State."

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the seal of the Town of Beaverton to be hereunto affixed this 10th day of September, A. D. 1924.

Otto Erickson,  
Mayor.  
Attest: George Thyng, City Recorder.

## "SNUB" BECOMES MOVIE STAR

A picture within a picture is seen in Pathé's latest two-reel laugh sensation, "Before The Public," starring Snub Pollard at the Pacific Theatre Saturday and Sunday. In the action, Snub wins a popularity contest and is sent to Hollywood to star in a wild and woolly Western picture. When the picture is shown in his home town, Snub becomes a hero, but in the events that follow he finds himself in a number of perilous but humorous predicaments.

## CHRISTIAN CHURCH SERVICES TO BE HELD

The meeting held by the Christian Church members at the Pacific Theatre Sunday afternoon was well attended. The three ministers who were present at the meeting were Rev. C. E. Lemon of Kern Park, Rev. Barker of Hillsboro and Rev. Hanna of Huber.

There will be a meeting Sunday afternoon September 14 at three o'clock at the Pacific Theatre. Rev. Lemon of Kern Park will have charge of the service.

Do your subscribe for the Review or do you just take it out of the post office and read it?

## EXPOSITION TO BE BIGGER AND BETTER THAN EVER

Some of the judges in the different breeds of livestock at the Pacific International Livestock Exposition this fall have been selected already and meet with general approval. Ward W. Stevens of Liverpool, N. Y., has consented to judge the Holsteins. F. W. Atkeson, professor of dairy husbandry at the Washington State College, will place the Jerseys. Frank Brown, of Carlton, Oregon, will award ribbons to the Shorthorn winners. Prof. Kennedy will officiate among the Hereford and Angus cattle. Prof. A. C. Oosterhuis will judge Ayrshires. F. R. Marshall, secretary of the National Woolgrowers' association, will judge fine wool sheep. George McKerrrow of Peawaukee, Wis., will handle the middle wools and Frank Brown, Jr., will place coarse wools.

H. C. McKelvie of Lincoln, Neb., will judge Poland Chinas and Durocs, while R. M. Jenkins, president of the Berkshire Association of America, will judge Berkshires and Chesler Whites. Thomas Brunk of Salem, Oregon, will judge the goats again.

The outlook for exhibits is extremely good this year. A number of famous herds from the East and Middle West are coming, without fail, and others signify their intention of showing at the great Pacific show event. Among the herds that are promised are the Milking Shorthorns, owned by Donald Woodward of LeRoy, N. Y.

It is expected that J. O. Singmaster will be out with his fine "orchersons," and very likely will bring some of the other great draft horse breeders with him. The special train which brought priceless animals across the continent last year created such favorable notice and made such extraordinary time that it is likely to be duplicated this fall. This feature bids fair to become an annual event, and each year the train, like the Exposition, will be "bigger and better."

The growth of the new building has been akin to magic. The spirit of the live stock industry materialized and waxed its wand, uttered the cabalistic words needed, and presto! it was there, larger and more adequate than ever. The whole immense building is enclosed and bulks huge, like some gigantic bird which spreads its wings about to cover its children, the most valuable brood ever gathered together. It is surprising how many improved old buildings. The boys' and girls' club department is new, and will occupy a space 50x100 feet, south of the beef department. The arena is 34 feet longer than before, and the horse department is almost double the size of the old one. The poultry department is greatly enlarged, and the interiors are without exception improved in some particular.

ALL O. K.  
Jackdaw: How fortunate I was in finding this diamond ring—no more electric lights to pay!

## City Council Met Monday Evening

Petition Presented for a water line  
Extending West on Allen Ave.  
Bill are Presented.

The Council met in regular session at the City Hall with all members present Monday evening. The regular monthly bills were presented and most of them passed. The petition was presented requesting the Council to proceed with the construction of sidewalks on several streets and a resolution was ordered prepared and presented to the adjourned meeting of the Council.

An ordinance was passed at this meeting requiring all restaurants, cafes, pool halls, billiard parlors, dance halls, confectioneries and places in that class to close every night at twelve o'clock midnight. The former owners of the Premium Cafe with their attorney, Mr. McCarty, were present and the attorney spoke against the passing of this closing ordinance which at that time was under consideration.

A petition was presented by several living southwest of town for the right to build at their own expense a water line extending west on Allen Avenue. The Council adjourned to meet again, Wednesday evening when the bids will be opened for the construction of paving on Cedar Street.

HOPS  
(By Anna S. Herzog.)  
Some folks to a glass of beer  
Get never near,  
Except in hops.  
Some folks to hops get never near  
Except when in beer they lick  
their chops.  
To pick the hop upon the vine  
Brings you the dough; for  
health 'tis fine.  
There are all kinds of hops, we  
know 'tis said  
The social hop, hops on the  
vine, in beer and bread.  
And the Hop Head too, now isn't  
it queer  
That hops lead him right to  
his beer?

TUALATIN  
The Rev. S. F. Clemo and his family have moved to Forest Grove for the high school.

Floyd McClelland of the Tualatin Motor Company has gone to Vancouver, B. C. on a vacation.  
Miss Edna Geiberger, a graduate of the O. A. G. commercial department, has gone to Escondido, California, to teach in the high school.  
Mr. and Mrs. Ernest Wilson and three sons of Nyssa have been guests at the home of Mr. Wilson's brothers at the Wilson Leghorn farm.

## FROM OUR CORRESPONDENTS

Interesting Little Notes from the Surrounding Country as Told by Our Active Special Correspondents Weekly

### ALOHA-HUBER ITEMS

Mrs. Mitzel has returned from the hop fields as the children were not very well.

Rev. M. J. Kelley, who has considerable property in Huber, is at present located at Pawtucket, B. I.

Mrs. Blakesly and son Julian have gone to Independence to pick hops. Miss Luella Cascarden accompanied them.

Mr. and Mrs. Demay are rejoicing over the birth of a baby girl. Mrs. Demay has been quite low but is better now.

Mr. Emil Menke of Huber was married about two weeks ago to Miss Helen Diers of Montana, formerly of Huber. They will live in Mr. Menke's home here.

Mr. Rieser, one of the chicken men of Huber, has his new chicken coop all complete. He is going into the chicken business right, he says. He feeds a lot of green buckwheat.

Work on the new house that Mr. Dodds is building on his newly acquired acreage is progressing nicely, and rapid strides are being made toward clearing the premises of brush.

Mr. and Mrs. Plant are divorced. Mr. Plant has gone to Iowa, where some of the tall corn grows, while Mrs. Plant has bought a small place in Huber, and will watch Huber grow a little larger.

Mr. and Mrs. Shepard have started excavating for a house. They are building a new house on the chicken ranch which they bought from Mr. and Mrs. Plant. They are occupying the Norton residence at present.

Leland Shaw and Elmer Erickson took a couple of days' vacation and motored to B. C. They say the roads and scenery are wonderful but the talk of a hard winter is heard on account of so much unemployment.

Mr. and Mrs. Boren had some folks visiting them from Minneapolis. From here they went to Los Angeles and on their return took up their residence in Portland. They love the Oregon climate. Who wouldn't?

Mr. and Mrs. J. Patterson were agreeably surprised a few weeks ago by a visit from Geo. Neider of Baker, who motored down with his brother-in-law. They all went down to Sauvie Island to visit friends and relatives there.

Mr. and Mrs. J. A. Erickson and son Elmer motored to the state of Washington and spent a few days visiting relatives in Tacoma, Sumner and Puyallup. They had a wonderful trip that proved to be altogether too short. They found the roads just great for travel.

Mr. and Mrs. Frank B. Haskins returned from their trip trip to Baker. They brought back as souvenirs some sage brush and cat-tails. They report quite a few fires along the way. They had quite a nice trip, with one or two punctures which make a trip interesting.

Mr. Wells of Hennessey Ave. has gone to the hop fields. He has taken his fiddle with him (he calls it his fiddle, not a violin), and he coaxes those old fashioned tunes out of it, like "When You and I Were Young, Maggie," "Two Little Girls in Blue," "Red Wing," "Swanee River," etc., and we are thinking that some of the hop pickers are getting some real treats of an evening around a camp fire, some tunes that will bring some of the old timers back to the days of yore again, and they may dance the old fashioned quadrille, so when they are through with the hop for the day they may shake their feet to a hop in the evening.
