GOLDEN RULE DAY TO AID NEAR EAST

Five Million Dollars Needed
for Refugee Orphans Under
American Care.

23 NATIONS JOIN OBSERVANCE

By W. B. HINSON, D. D.
Oregon Chairman Near East Relief
and
L. S. BOOTH,
Western Washington Chairman

With the co-operation of civic and religious leaders throughout the United States, the Near East Relief has inaugurated its campaign for the second observance of International Golden Rule Sunday on December 7. The aim is to raise funds to provide during the coming year for 100,000 orphan children under American care in Bible Lands. More than five million dollars is the minimum needed.

Setting aside of one day each year in honor of the Golden Rule as a guide to individual, national and international life, is an American idea which has been approved and adopted by twenty-three nations. The day, December 7th, will be observed throughout Europe and in many non-European countries, such as Japan, Korea and Palestine.

Four annual holidays—Christmas, New Year, Eastern and Armistice Day—have heretofore been celebrated internationally. A fifth has now been

added to the list. The movement was started in America by the Near East Relief as a new, striking and intensive method of raising funds for the feeding of the children in American orphanages in Bible Lands.

On this day—December 7—Americans are asked to eat a dinner of soup, bread and stew, or of corn grits and condensed milk, or of rice, macaroni and cocoa. As they eat this novel meal, they are asked to remember that, coarse as it is, it is all that holds body and soul together for the orphaned boys and girls overseas, to whom the elemental factor of hunger is each day's vital problem.

People here are reminded that, however poor the fare may seem, they can at least have two bowls of soup if they like, and two slices of bread. As they finish their second serving, they are asked to remember that the orphan wards of the Near East Relief can have only one serving, for there is not enough to allow more. They are asked to remember that these children exist on such a diet 365 days out of each year, and they will not live to become men and women unless more bread and more soup are provided.

Those who eat the Golden Rule dinner will not lack distinguished company. Such a meal will be served on Sunday in the homes of kings, prime ministers and presidents.

The Golden Rule is a universal creed. It is a common denominator of all religious and social welfare organizations. It is a test of our religion and our sincerity. Golden Rule Sunday is a day for personal stock-taking, for measuring our lives by a universally accepted standard of life to ascertain how nearly we have attained to an ideal. It is a day of plain living and high thinking.

The dinner, however, is not an end in itself. It is an occasion, in the words of President Coolidge, "for bringing to the minds of those who are prosperous the charitable requirements of those who are in adversity."

On Golden Rule Sunday the citizens of all nations will be seated figuratively at the same table, partaking literally of the same food, thinking the same thoughts and entering into a new realization of the brotherhood of mankind.

Full information, with sample menus and suggestions for the observance of the day, will be furnished by the Near East Relief, Portland or Seattle.

ANCIENT CHANT REVIVED

Beirut, Syria.—For many centuries, children in Palestine have used, for grace before meals, a chant which has been handed down from early church fathers. The chant survives today as a thrice-daily exercise in all orphanages of the Near East Relief. Several thousand copies of words and music have been sent to America for use in the observance of Golden Rule Sunday on December 7.

"NOTHING BUT THE TRUTH"

The Student Body play, "Nothing But The Truth" will be given in the High School Auditorium Thursday, December 11, and Friday, December 12. This is a farcical comedy in three acts and will prove an evening's entertainment that you cannot afford to miss. The tickets are now on sale at Dean's Drug Store.

The following is the Cast of Characters: Robert Bennett, as portrayed by John Gray; E. M. Ralston, John Livermore; Rensard Donnelly, Ralph Mapes; Clarence Van Dusen, Arthur Lang; Bishop Doran, Loy Antrim; ywendolyn Ralston, Joan Stickney; Mrs. E. M. Ralston, Merza Halsen; Ethel Clark; Georgianna Malarkey; Mabel Jackson, Carra Peterson; Sabel Jackson, Mildred McLeod; Martha, Veda Bous.

"Nothing But The Truth" is built upon the simple idea of its hero speaking nothing but the absolute truth for a stated period. He tells a friend ten thousand dollars that he can do it, and boldly attacks Truth to win the money.

For a very short time the task is placidly easy, but Truth routs out Old Man Trouble and then things begin to happen. Trouble doesn't seem very large and aggressive when he first pokes his nose into the noble resolve of our hero, but he grows rapidly and soon we see our dealer in truth disrupting the domestic relations of his partner.

In fact, Trouble works overtime, and reputations that have been unblemished are smirched. Situations that are absurd and complications almost knotted, pile up, all credited to Truth, and the result of the wager to cherish that great virtue from the loss of the man who has espoused the cause of truth to win a wager.

The audience is kept in throes of laughter at the seemingly impossible task of unangling snarls into which our hero has involved all those he comes in contact with.

ATTEMPTS MADE TO ESCAPE FROM JAIL

An attempt to break from the county jail, the second within a week, was made by inmates of the place Saturday afternoon.

This time the entire tier of bricks on the inside had been removed. The outer layer was in process of removal before the effort was discovered late in the afternoon by one of the jailers.

The other attempted break was in the early hours of the morning. A night guard placed on the outside of the building discouraged further efforts under cover of darkness.

The new quarters, which are on the top floor of the courthouse, are completed, but the place is not heated as yet. The work of installing a heating system is being rapidly conducted, as the old jail can not be counted upon to hold the inmates in its crowded condition.

TWO PRODUCTIONS ARE COMPLETED

Things are pretty busy up at the Premium Studio. Two features, have been completed. One "Scarlet and Gold" is the story of the North West Mounted Police. Another, "The Phantom Shadow" is a story of the underworld. People in Beaverton will probably not be given an opportunity to see these until presented on the regular exchange, as the local theatre was out of business at the time they were completed.

One of the features of these stories that we will all be interested in is the acting of Santy, the aireadle seen so frequently on Beaverton streets. It is said that he takes a prominent part in the production, that he photographs well and that he bids fair to become a rival of Strongheart, the now famous Hollywood canine.

Mr. Fleming announces that work will begin in about ten days on another production, which is expected to exceed any thing before undertaken in Beaverton.

CITY ELECTION

PASSES QUIETLY

The election passed off very quietly Tuesday. There was only one ticket in the field, and very few names were written in, although a considerable sized vote was cast. About 250 persons came out to exercise their franchise.

The only contest was for the office of Recorder. It is reported that George Thyng, present incumbent, won out by about 30 majority, the largest majority he has been able to swing for several years.

There was an amendment to the charter proposed that would give the Council the power to levy a tax of 25 mills for purchasing apparatus. This measure lost by only about 12 votes. Part of the sentiment expressed against the measure was that by making it a charter amendment the Council would have had a perpetual right to assess this amount each year against the property in the city.

It is to be regretted that this matter was kept so quiet but it seems to be the attitude of certain of the city officials to keep everything away from the newspaper they possibly can. So far as elective offices are concerned, the city administration will be carried on by the following:

W. E. Pegg, Mayor; Hugh Lewis, Howard Hughson and C. C. Beach, Councilmen (A. Rossi holds over as Councilman for another year), and G. Thyng, Recorder.

SERIOUS ACCIDENT OCCURS TUESDAY

A serious accident happened Tuesday noon when Ralph Mapes was taking lunch to his father, proprietor of Mapes and Son's pool hall on Watson St. One of Ralph's schoolmates, who lives in Tigard, came along with that hilarious bug we have been noticing on the streets for some time past.

As Ralph was a good natured chap he was asked to have a ride. He climbed onto the hind end of the insect and the driver started off towards the school. In making a sharp turn, Ralph, who was standing up, was thrown, striking on his shoulder, breaking his collarbone.

Dr. Mason reduced the fracture and has Ralph trussed up so that he can hardly wiggle his little toe. As Ralph was one of the actors in the school play, having been assigned to one of the most prominent parts, it is expected that the play will be postponed, as it is not thought that at this time another actor can be secured who can fill his place.

HILLSBORO UNION DISTRICT IS VOID

The long-disputed question as to whether or not the Hillsboro Union High School district, that was formed in the early part of last summer is legal, was settled in circuit court Saturday when Judge G. R. Bagley read a decision to the effect that the description of part of the territory included was faulty and the entire union district, as a result, is void.

Immediately following the verdict two petitions were filed, one from Forest Grove and one from Hillsboro. Both towns are anxious to form a union district including Cornelius, a town lying about half way between.

CHRISTMAS SEAL RESULTS ARE HUGE

George Fast Yielding to Health Through Work Financed by Christmas Seals.

The Christmas Seal is with us again. Seven million of them have been distributed throughout the state of Oregon to be sold during the month of December to finance the "Fight Tuberculosis—Give Health" campaign. The seal, with its bold victorious figure, typifies the movement which it has financed so successfully that within the last fourteen years the death rate from tuberculosis has been cut in half in the United States. Throughout the country, one hundred thousand people are enjoying the Christmas season, who would have perished if the disease were as uncontrolled as it was a decade and a half ago.

In Oregon, the toll in tuberculosis deaths in 1923 was 623, and the best estimates indicate that about 5000 people in the state are afflicted. Tuberculosis is now characterized by leading specialists as a preventable, curable disease, and one that need not menace the lives of our citizens, if known measures of prevention and proper living are put into practice.

The chief object of the Christmas Seal Sale is to finance the educational campaign which will help equip the general public with such information about the maintenance of their health, that tuberculosis shall be ultimately eliminated as a destroyer of mankind.

TUBERCULOSIS YIELDS TO HEALTH PROGRAM

Five Cents For Health Program Seal Pays for Oregon Campaign.

The only source of funds for the anti-tuberculosis and Public Health work conducted by the Oregon Tuberculosis Association and its seventeen affiliated County Public Health Associations, is the Christmas Seal Sale. Every person who purchases seals last year is entitled to the satisfaction of knowing that even at the small per capita expenditure of 5 cents, over a period of a year, a long list of things was accomplished.

Thousands of children were enrolled in the Modern Health Crusade, and given the benefit of definite teaching and practise in the performance of habits of personal hygiene so necessary to good health. Public Health Nursing service was extended into a larger number of Oregon counties during the year than ever before. Free tuberculosis clinics were held. Thousands of pieces of literature was distributed. Health films were circulated. Supplementary material to aid in the required teaching of Health and Hygiene was offered to every teacher in the state.

Another piece of the Association's work, of the utmost value, is the making of surveys, and investigations regarding the tuberculosis situation in the state. The Bureau of Census and Surveys has been able to furnish accurate and up-to-date statistics that are fast crystallizing public opinion in regard to the desperate need of additional tuberculosis hospital facilities. All this was done on 5 cents per capita. If every purchaser would double his purchase the Association could double its service.

Oregon Seal Record Excellent.

A record in the December Christmas Seal Sale was made by Oregon last year, which places her well toward the top of the list of states in the per capita sale of seals. Her 1923 record was 5.6 seals sold for every person in the state, an increase of seven-tenths of a seal over the 1922 mark.

Portland, and Multnomah county, Oregon, last year won a cross-country contest against Portland, in Cumberland county, Maine. The race was to see who would sell the highest number of seals per capita. A large silver loving cup was awarded Multnomah county, which reached the record of 9.2 against her opponent's 6.2. Even so, Multnomah did not reach the top among the Oregon counties, for she was slightly surpassed by Deschutes.

The 1924 Christmas Seal Sale began December 1, and continues until Christmas. The sale constitutes the sole support of the Oregon Tuberculosis Association, with all its health and anti-tuberculosis work, and provides funds for the County Public Health Associations. Ninety-five per cent of the proceeds are retained within the state, only five per cent being sent as contribution to the National, or parent organization.

For seventeen years, Christmas Seals have been following their useful career in the United States. The first sale amounted to about \$3000. Last year's totaled four and a quarter million dollars.
