If you're satisfied with your lot—build a house on it.

Nine tailors can make a man, perhaps, but they can't make him pay.

That boxer is of the vegetable variety. He has a cauliflower ear.

Our Stenog says "I should worry—even a mighty oak was once a nut."

Two can starve more quickly than one. So marry in haste and repent at work.

The worst thing about winter is that it doesn't come during the summertime.

Pride makes some people ridiculous and prevents others from becoming so.

Most wild oats are sown on the night shift, and reaped in the cold, gray dawn.

Alas! If they have been married a year the Daily Dozen is not referring to kisses.

Towns slow to adopt highway improvements are finding that they are on side roads.

Talk may be cheap, as is sometimes said—but not when you're sassing a speed cop.

If money really talked, an old dime could tell some wild tales about what it used to buy.

That is a great triple play the police work on the speeders—speed cop to judge to jail.

If a man's head is filled with wisdom he doesn't have to use his mouth as a safety valve.

It is said that no two men ever think alike, but, nevertheless, a great many widows remarry.

Many of us are never sure whether it is opportunity knocking or the wolf scratching at the door.

A Los Angeles bank messenger says he spent \$30,000. Perhaps he mistook himself for a movie star.

It is a lot more satisfying to make a success in a small way than it is to make a failure in a big way.

It's so simple. People never get what they want in this world because they want what they can't have.

A railroad bulletin says that sharp curves are being eliminated. That's a new one on thin people.

Auto dealers will be tickled to learn that a St. Louis garage man was fined for using a stored car.

Think how horrid it will be when the women control and a man can't get a job unless he has a good shape.

The French don't want to pay us anything for ten years. The French, it seems, think Uncle Sam is Santa Claus.

In Hollywood, they think a certain movie star is married again. She refuses to say. Perhaps she can't remember.

What is one going to do with a woman, at the wheel of a car for the first time, who suddenly announces "Here comes a tree."

Considering the use to which they are put, some bathing outfits would get just as wet while splashing around in the radio waves.

The American gum chewing habit is spreading to all parts of the world. It may be that it will cement our national friendships.

The bird who drives through grade crossings without looking both ways is the kind who can be depended upon to take pills in the dark.

Just as the little boy used to look forward to his first long trousers, so the girl of today looks forward to her first knickerbuckers.

Style experts have decreed looser clothes for men, but the chief interest will be in the extent to which they will have to loosen the purse strings.

CURE FOR SPEED MANIA
Drive as fast as your one-cylinder head dictates to the nearest filling station; buy 10 gallons of gasoline and have it put in a washtub which you have brought with you. Then stick your head in it three times—and take it out twice.

The other day we noticed Mr. E. M. Massey repairing the walk between his place and Front St. The walk was not in front of his home but on the other side of the street. It might be well for some of the rest of us to look around. Maybe there are walks just across the street from us we might fix up instead of kicking about the condition.

20,000 lambs were sold in Brineville for 11 cents a pound.

Where U. S. Farm Products Go

Products of the American farm go to every civilized country of the world. Out of the United States each year is sent approximately one-half of the total cotton crop, one-fourth of the yield of the wheat fields, one-fifth of the porkers and huge quantities of corn and tobacco, dried fruits and other products of field and feed lot.

The accompanying chart, prepared by the Sears-Roebuck Agricultural Foundation, shows where the principal exports go.

In the United Kingdom more of America's farm exports are consumed than in any other nation. The United Kingdom uses more American cotton than any other country, her annual consumption averaging around 1,580,010 bales. Germany is in the market for almost as much cotton, using 1,011,414 pounds last year. The United Kingdom is the first market for American wheat and flour, tobacco, corn sirup and condensed milk. She also takes large quantities of dried fruits, oil cake, meat, meat products and corn.

Forty-two per cent of the farmers in the United States blame their financial difficulties on the low prices of farm products, according to the Sears-Roebuck Agricultural Foundation, which has completed a study of the primary factors affecting the financial difficulties of the farmer based on a survey made by the United States Department of Agriculture. Seventeen per cent of the farmers feel that high taxes are the direct cause of the farm depression, eleven per cent blame the high costs for farm labor, ten per cent feel that high freight rates are responsible, ten per cent blame the high interest, six per cent credit the depression to reckless expenditures during boom period, and four per cent think it was too much credit.

An inquiry made by the Department of Agriculture through both bankers and farmers shows that an average 5 per cent of the farm owners in 15 corn and wheat-producing states lost their farms through foreclosure or bankruptcy during the late depression. Four and a half per cent more had turned over their farms to creditors without legal process, making a total of about 13.5 per cent who had lost their farms with or without legal proceedings. An additional 15 per cent were really bankrupt, but were holding on through the leniency of their creditors. By groups of states the percentage of owner-farmers who lost their farms since 1920 were as follows: Five East North Central states, nearly 6 per cent; seven North Central states, over 9 per cent; and for the three Mountain states nearly 20 per cent. The percentage of tenants who lost their property ran materially higher.

Records of the Department of Justice indicate that in the pre-war years, 5 per cent of all the bankruptcy cases were farmers. During the deflation 14 per cent of all bankruptcy cases were farmers. In some of these states where in pre-war years the farmer bankruptcy cases represented about 7 per cent of all such cases, this percentage in 1922 had risen to nearly 30 per cent.

These losses have not been due to inefficiency on the part of the farmers, points out the Agricultural Foundation, as practically all of them were incurred by men who had been doing fairly well until they entered the period of drastic deflation.

BIBLE THOUGHT FOR TODAY

PRAY FOR THE GOOSEBERRY MILDEW

Satisfactory control of gooseberry mildew in Oregon requires exceedingly careful attention to the timing of the applications. Lime-sulfur one part to 30 pts. water should be applied first before the leaves have emerged more than one-fourth inch.

If the first application is delayed, the fungus may start to produce spores and make later applications far less effective. The first spray should be followed by others at intervals of 10 days or 2 weeks until blooming is started.

After the fruit has begun to set, experiments at the O. A. C. experiment station have proved that sulfur cannot be applied in any form without danger of gas formation in the canned product. Successful control is possible if the pre-blossom sprays have been timed right and have been given so thoroughly that every bit of leaf surface has been completely coated each time.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

THE PICTURE THAT SAVES THE STORY

The Wall Street Journal once remarked that Supreme Court decisions make dry reading. A fairly good artist could illustrate a Supreme Court Decision and make it electric with adventure and achievement.

Pictures in a desert of dry reading are the oasis on which the human mind may revel, rest and be refreshed.

Pictures make the best advertisement better and often save poor copy from the abyss of futility.

The Beaverton Review

Apple Fruit Cake—1 cup sugar, 2 cups flour, 4 cup lard, 1 teaspoon salt, 1 teaspoon of cinnamon, 4 teaspoonful cloves, 1/2 teaspoonful allspice, 1 cup raisins, 1/2 cup walnuts. Mix thoroughly and add 1 1/2 cups round apples to which one teaspoonful soda has been added. Mix with hands until very moist. Put in medium hot oven and bake one hour. This cake will keep for months. Can be served as a pudding by steaming pieces of the cake and serving with sauce.

Clean Kidneys By Drinking Lots of Water

Take Salts to Flush Kidneys, Bladder, Bowels or Back Murks

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, lag up and cause all sorts of distress, particularly headache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, rapid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder lingers you, begin drinking lots of good water and also get about four ounces of Jud Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jud Salts can not injure anyone, makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clear, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, say well-known druggists here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.
