Putting two and two together makes a rumor.

The penalty of selfishness is to be left without a single good friend.

Understanding is the first great need in all of our human relations.

Life is not bearable with a woman unless it is unbearable without her.

None are so fond of secrets as those who do not intend to keep them.

Misgivings are what a woman has about her next-door neighbor's character.

The greatest of all faults is to be unconscious of any which you may have.

Experience may be a good tutor, but the terms are always excessively high.

Youth must have its fling especially when the girl has just thrown him over.

Hint to brides: The thing that separates two members of a team is a tongue.

The fancy-work that almost all girls like the best is the weaving of romances.

There are quite a few of us who talk on principle, but in reality we act on interest.

An ideal home, from the standpoint of a woman, always has a man in it somewhere.

A Texas man claims an oil stock swindler got his fortune. How quaint and old-fashioned.

We have found that thrift is a rich contribution to the building up of a good character.

The man who marries a ready-made family soon finds himself wearing a ready-made suit.

About this time every year we always decide that what our town needs is a change of climate.

While you are working today, plan for tomorrow, when perhaps you will not be able to work.

Uncle Sam always gets the wishbone, but sometimes it breaks with the little end in his hand.

Everything is a habit, and success depends upon the ease with which you change your habits.

The great advantage in making love in a flyover is that it is so easy to get the thing started.

You can estimate your standing in a hick town by the number of folks who try to borrow your money.

"Every normal man should have a hobby," says a doctor. Every normal man has. It is raising a family.

It has been said that a true sailor can stand a squall anywhere excepting when it occurs in his own home.

Women take better care of their hands than do men. This, however, is not always true of their bridge hands.

Now we think we know why bathing girls left the magazine covers. They secured better jobs posing for the 1925 calendars.

Reports come from Indiana that a bank safe was stolen near Terre Haute. We suppose that the bank was too big to carry away.

## BIBLE THOUGHT FOR TODAY

**January 18**  
Seek ye the Lord while He may be found, call ye upon Him while He is near.—Isaiah 55:6.

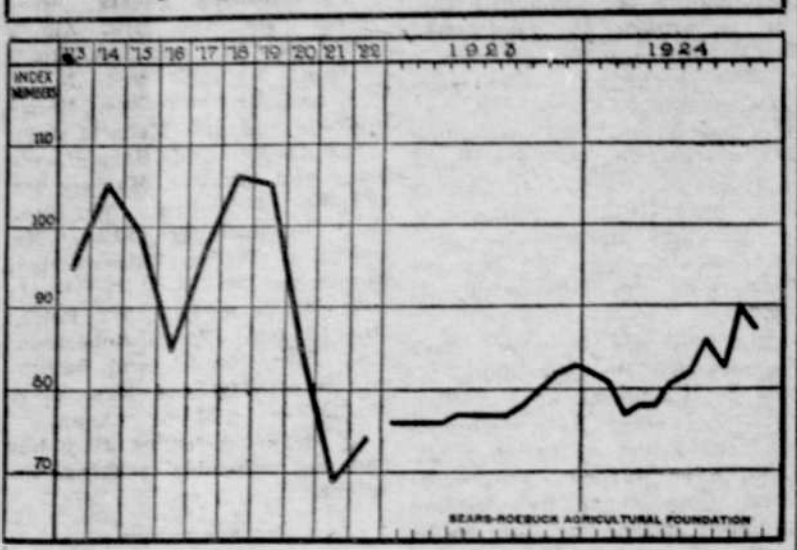

**January 19**  
Let this mind be in you, which was also in Jesus Christ. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves.—Philippians 2:3, 4.

**January 20**  
Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge him, and He shall direct thy paths.—Prov. 3:5, 6.

**January 21**  
Shew me Thy ways, O Lord; teach me Thy paths. Let integrity and uprightness preserve me; for I wait on Thee.—Psalm 25:4, 21.

**January 22**  
A man that hath friends must shew himself friendly; and there is a friend that sticketh closer than a brother.—Proverbs 18:24

## Buying Power of the Farmer

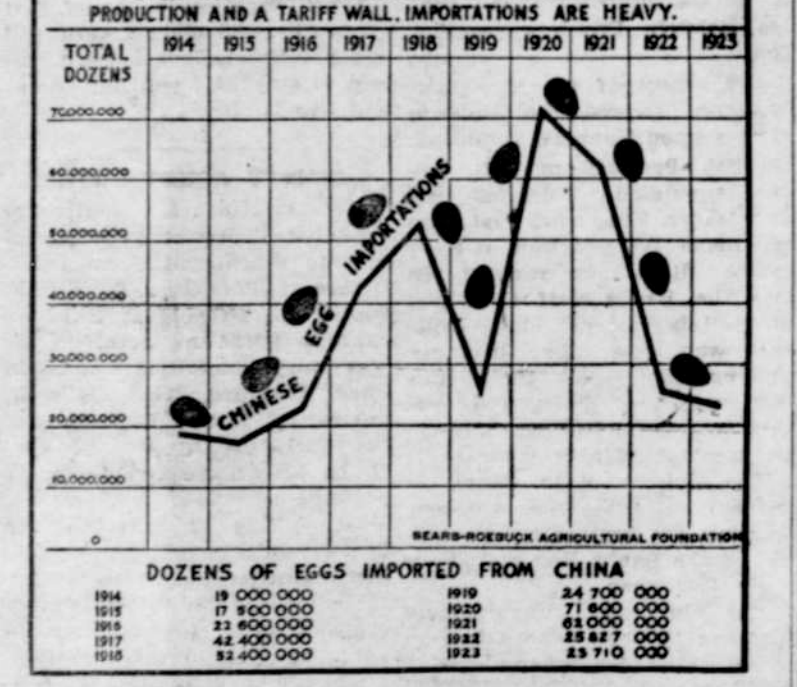

The purchasing power of farm commodities continues to rise. Latest estimates show an average of 4.8 points higher for the first eleven months of this year than during the corresponding months of 1923, according to a report of the Sears-Roebuck Agricultural Foundation, based on the new index numbers of farm prices prepared by the United States Department of Agriculture.

Farm prices show a combined value of 134 on November 1, 1924, as compared with 100 in 1913. This combined index number includes 39 farm commodities which represent more than 90 per cent of the value of products sold by farmers, the Foundation points out. Using August, 1909, to July, 1914, as 100, the purchasing power of these products stood at 87 on November 1 of this year. In 1918 the purchasing power was 106, decreasing to 69 in 1921. In 1922 it rose to 74 and by 1923 the average stood at 78. During the first eleven months of this year the purchasing power of farm commodities averaged 82.3 as compared with 77.5 in the same period a year ago.

Advances in grain, which averages about 22 per cent of the total value of farm products sold, and in price of meat animals, which averages 27 per cent, have been the largest factors in the increase of the farmer's purchasing power since 1921. The grain farmer received during the early part of this year prices about 10 per cent above the pre-war five-year average. This had risen to 30 per cent increase by July. At the same time the general price level of commodities the farmer has to buy ranges 30 to 80 per cent above the 1913 level.

## CHINA SHIPS MILLIONS OF EGGS TO U.S.

Chinese hens are laying millions of dozens of eggs to be beaten into American cakes and candies, in spite of the increased height of the tariff wall. Enough Chinese eggs are coming into the United States annually to furnish approximately one dozen for every family. But the Chinese hen does not compete with the American hen in supplying the eggs for the breakfast table. Of the 23,710,000 dozen coming in last year practically all were in the dried or frozen form, according to the Sears-Roebuck Agricultural Foundation.

The American hen cannot be accused of loafing on the job. In addition to furnishing all the eggs needed for American use, she produces a huge surplus for export. Last year this surplus amounted to 30,000,000 dozen—0.200,000 dozen more than were imported. The American exports were largely eggs in the shell, which sell at higher prices than the frozen and dried eggs from China.

In 1914, just a decade ago, there were 19,000,000 dozen Chinese eggs imported. By 1918 the imports totaled 52,400,000 dozen, and in 1920 the number had climbed to 71,000,000 dozen. In 1922 the year the tariff went into effect, only 25,327,000 dozen were imported. Last year the number was still further reduced, with only 23,710,000 dozen coming in.

Present prices are not especially attractive to imports. The demand is for strictly high quality eggs, the production of which for the home markets the American hen monopolizes.

**January 23**  
What shall we do with our bread?—Ecl. 11:1.

**January 24**  
Is humbleness necessary to gain the Lord's favor?—Jas. 4:10.

**A POEM**  
'Tis sweet to love  
But oh! how bitter,  
To love a girl  
And then to gitter.

**Bachelor**—That sermon sure told the beauty of married life. **Althusband**—I wish I knew as little of it as the speaker does.

**Bithel**—I wonder how many men will be made unhappy when I marry.  
**Althee**—How many do you expect to marry?

"But ma, Uncle John eats with his knife."  
"Hush, dear, Uncle John is rich enough to eat with a fire shovel if he prefers to."

**Old Lady**—Mebbe you're right **Old Man**—Sure I am.  
**O. L.**—Mebbe you're right at last. There's always a first time.

**Jeweler**—When did the watch stop?  
**Customer**—When it hit the floor.

Many turkeys were captured in 1924 and were taken to England to be exhibited as a novelty. Some of them escaped, however, and are being held in cold storage by the butchers.

Between Christmas presents and summer vacations a married man sure has his troubles.

Many a woman broadcaster is perfectly willing to work for **THE BEAVERTON REVIEW**.

**OPEN NOSTRILS! END A COLD OR CATARRH**  
How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head of catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuff-up and miserable. Relief is sure.
