## Grange Holds Busy Session

### Program Was Given by Members Birthdays of Washington and Lincoln Were Honored

Last Saturday was the regular meeting of the local Grange. A good crowd of members were present, also visitors from Cedar Mills, Sherwood and Hillsboro and one from Idaho. The morning session was taken up with degree work. At the banquet table at noon Mrs. Eggman who is a member of the Home Economics committee, sprung a surprise on the members by presenting a large cake with sixty six lighted candles in honor of the sixty-sixth birthday of the Grange in Oregon. Every one present had a generous portion and all declared Mrs. Eggman an adept at cake making.

During the afternoon session the birthdays of Washington and Lincoln were honored. Each one answered roll call with a quotation from, or a story of these two prominent and beloved Americans. C. E. Hedge made a splendid talk on some early Oregon history, leading up to the time when Abraham Lincoln came to near being the governor of Oregon. Elton Keefe gave a recitation as did Robert Denney, Jr. Mrs. Metcalf's select reading, "Lincoln's Efficiency" was well taken. An exercise by four girls, "Crowning Lincoln" was followed by instrumental piano selections by the Misses Jennie Larson and Mary Miller. This concluded the program.

Miss Bessie Chappell, State Supervisor of Home Economics, was present and explained the nature of her work throughout the state. She announced a meeting would be held at the Beaverton high school for next Thursday afternoon for the organization of classes in millinery and dressmaking.

## BEAVERTON SHOWN TO BE GROWING STEADILY

That the City of Beaverton is steadily growing is shown by a recent order received by Postmaster Gady from the Third Assistant Postmaster General to increase the rates charged for rental of lock boxes in the postoffice. The rates charged are dependent upon the business transacted by the office, and the greater the business, the higher the rates. So that this latest order shows that Beaverton is surely, while perhaps slowly, forging ahead.

The new rate of rentals of lock boxes is shown by the size of the lock boxes and not the largest ones. Those which have been renting for 35 cents per quarter are raised to 45 cents and those which have been costing 45 cents are raised to 60 cents per quarter. There is no change in the price of the 75 cent boxes.

In this connection the Postmaster wishes to banish any suspicion that may linger in the minds of some patrons that the revenue from rentals forms part of his salary. He is accountable to the Department for box rentals the same as any other moneys handled, and it merely forms one of the sources of revenue for the Department.

The new increase will take effect April 1st.

Inasmuch as Washington's Birthday, February 22, falls on Sunday this year, the day following, Monday the twenty-third will be observed as a holiday by the local postoffice. All incoming mail will be worked and placed in the boxes and the general delivery window will be open until 10 A. M. There will be no rural delivery service. The usual holiday dispatches of mail will be made.

An election has been called in Springfield for March 3rd, to vote bonds for a new school house.

Contract has been let for the Gnat Creek bridge, for \$3,837. This is the first road work to be done this year in Astoria.

## VALENTINE PARTY GIVEN FRIDAY

Mr. and Mrs. L. L. Walker entertained a number of their friends at their home on the Canyon Road Friday evening, Feb. 13.

The two large living rooms were converted into a perfect Fairy Land. Wherever one might look were gay little red hearts, glowing daffodils, soft pussy willows, huge pots of Scotch Heather, and Hyacinths in profusion lent themselves to the daintiest of decorations.

The evening was spent in playing merry Valentine games. At a late hour dainty refreshments were served. Each of the guests was presented with a lovely little Valentine favor. Those present were Mr. and Mrs. G. Sundberg of Hoffman Road, the Misses Mable, Amy and Helen Sundberg, Lou Rodney, Mr. and Mrs. Jack Godard, Mrs. W. Caviness and daughter Helen, Miss Effie White, Mrs. E. Holcombe, and Wilbur Holcombe.

## VOCATIONAL CLASSES WILL BE ORGANIZED

An unusual opportunity is being offered the women of Beaverton in the nature of dressmaking and millinery classes. If you have any sewing problems—it may be the making-over of an old dress or coat—it may be the making of a new garment for some member of the family—join a class and work under the direct supervision of a specially trained woman. These vocational classes are being conducted in various parts of the State by the State Board for Vocational Education. They are proving especially popular because women are securing the help they have long felt a need for.

Anyone interested in this class work phone Mrs. Eggman or Mrs. R. Boyd for further information.

## FARM REMINDERS

Red clover at the rate of 12 pounds an acre, or alsike clover at the rate of 8 pounds an acre, can be sown in the spring in various ways. Broadcasted in fall sown grain in February as soon as germination will occur is a desirable method of planting at this time. Clover should be seeded on deep, well drained, sweet or slightly acid soils. A light coating of land plaster on any soils helps to secure a good stand and a good crop.

Sow vetch in February and not later than March 1. Fall plantings are best, but those who want vetch for hay can sow now at the rate of 80 pounds per acre of common vetch.

Oregon farmers are advised by the experiment station to sow pasture mixtures early. Good grass mixtures for spring sowing to establish permanent pastures are as follows: 6 lbs. English rye grass; 3 pounds each of Kentucky blue grass, tall oat grass, and red clover; 2 pounds timothy; and 1 pound of white clover an acre on well drained soils, or 8 pounds of English rye grass; 3 pounds each of red top, and orchard grass; 2 pounds of alsike clover and 1 pound of white clover an acre for wet or heavy soils. Sowing should take place from February 15 to March 15 if the grass is to be well established.

**THE SUBURBANITE**  
"Do you raise poultry?"  
"I won't go so far as to say that. I do board about 50 unreliable hens."

**ECONOMIC EXERCISE**  
"Ever do any sprinting, old man?"  
"Running into debt."  
"Any boxing?"  
"Sparring for time."

**TRUE PRAISE**  
"I don't believe she liked your jelly."  
"Why not? She praised it very highly."  
"I know that, but I notice she didn't ask you for the recipe."

**AMUSED**  
"Why are you laughing so over that Chinese paper? You can't read it."  
"Well, the characters look so funny."

## FROM OUR CORRESPONDENTS

Interesting Little Notes from the Surrounding Country as Told by Our Active Special Correspondents Weekly

### ALOHA-HUBER ITEMS

Mr. and Mrs. W. J. Alexander made a flying trip to Cornelius Tuesday.

Mrs. Mann has as her house guest Mrs. Katherine Madigan of Portland.

The lathing is going merrily on at the new residence of S. F. Wray. The Wrays expect to occupy their beautiful new home about March 15th.

Mrs. F. W. Livermore left last week for Kelso to visit her daughter, Mrs. Sievers, who is on the sick list. We hope to see her back soon.

The Ladies' Auxiliary to the Huber Commercial Club held its 12th regular meeting at the Huber Club House Tuesday afternoon. Much business was transacted and plans made for many social affairs in the near future.

E. J. Mann is having his ground plowed preparatory to planting some 3000 imported bulbs which recently arrived from Holland. As Mrs. Mann is a very able "gardener" there will be some landscape gardening there this summer.

Mrs. E. J. Mann gave a surprise party in honor of Mr. Mann's birthday on Wednesday evening, Feb. 11. Those present were: Mrs. Frank J. Strohan; Mrs. Kay Clearer Strohan; Mr. Will Strohan, Mr. and Mrs. Harry Lohman, Mr. P. B. Keyes, Mrs. Virginia Bacon, all from Portland, and the host and the hostess. The evening was pleasantly spent in card and dancing followed by an oyster supper. On departing at a late hour all wished Mr. Mann many happy returns of the day.

### SCOFIELD NEWS

### The Beaverton Review

E. L. McCormick of Hillsboro was elected president and Geo. Covell of Beaverton, secretary of the Washington County real estate board last Thursday evening. The organization voted to join the Northwest Real Estate board and the National board.

J. L. Crow of this city has been installed Department Commander of the Oregon G.A.R. to fill the vacancy caused by the death of Col. Doseh. Commandant Crow formerly held the office of senior vice commander, which office is now held by J. L. Marshall of Newberg.

### BEAVERTON HIGH TO SEND DELEGATES

Beaverton High School has been invited to send delegates to the second annual Educational Exposition to be held this year during the Washington's birthday holidays. The delegates will be: Supt. McGlasson, Mrs. Florence Dewhurst, John Gray, Jean Jackson, Homer Wilson, and Joan Stickney. More than 600 high school students and faculty members attended the exposition and indications are that more will attend this year.

Educational and vocational guidance is one of the chief aims of the annual exposition. Not only will every school and department of the college prepare an elaborate display of the work carried on by it, but national figures in the educational world will be there for the period to confer with the student's regarding their choice of a career, whether or not the student's bent in life can be developed at O. A. C. Dr. Stanley Coulter, dean of men at Purdue university, will counsel with the men and an equally prominent woman will meet the girls.

While the exposition is educational, recreation for the visitors will not be neglected. Friday evening a night horse show is scheduled while Saturday night an all-school stunt will be staged. One or more basketball games have been tentatively arranged, and Sunday afternoon concerts by campus musical organizations will be featured.

Oregon State News

A new Congregational Church will be dedicated March first in Eugene.

George Waters will build a \$35,000 apartment house on 10th Street in Astoria.

A contract has been let in Astoria for a \$12,000 business house on 16th Street.

Robert E. Davey will establish a new weekly newspaper in Newport about March 1.

The old telephone toll line between Scio and Jefferson is to be rebuilt, to cost \$6,000.

Bond issues which will be presented at the coming Eugene election will total \$550,000.

Contracts have been let for building 29 residences on Missouri Boulevard at St. Helens.

A contract has been let in Eugene for building the Ninth street bridge, for \$11,236.75.

The contract has been let for a large addition to the Neas store building in Grant's Pass.

The Sanborn-Cutting salmon cannery will build a modern vegetable cannery this season in Astoria.

The Oregon Packing Company will contract for 200 acres of cucumbers in Woodburn. The cost of this acreage has already been secured.

The box factory at Milton is being enlarged and will soon start double shifts for 1925 contracts. The mill was partially destroyed by fire, last year.

One year extension has been granted Fred Herrick for beginning logging operations at the Malheur National forest, on his contract. Ninety miles of railroad are being built in Crane.

### CANADIAN HISTORY COURSE OFFERED

A course in Canadian history will be offered for the first time at the University of Oregon in the fall term with Dean Colin V. Dymont of the College of Literature, Science and the Arts as instructor. The course will cover the history of the Dominion from the time of Jacques Cartier, early French navigator and explorer, to the present, including the French discovery and exploration, the conquest by the English, and the political, military, and social development thereafter. The relationships of Canada to the United States will be an important part of the course.

The Pacific Fruit Company at Albany is to have a \$10,000 building at Ferry and Water streets.

A long distance telephone district is to be formed in Brownsmead.

## Train Hits Auto Injures Five

### Car Dragged About Seventy Feet Thrown Into the Ditch Mess of Wreckage

Five people were injured last Friday afternoon, February 13, at the Southern Pacific grade crossing at Huber, when the roadster driven by Owen Fulk of Elmonica was struck by a logging train and demolished.

In the car with Fulk were his grand-children, Helen, aged 10; Louise, 9; and a younger child, Ralph McCauley and two other boys, were on the running-boards. As the driver approached the crossing, his vision being obstructed by the boys on the running-boards, he called out to them and asked if the coast were clear. Receiving no answer, he drove on.

The car was hit by the compression cylinder of the engine, dragged about seventy-feet and thrown into the ditch a mass of wreckage. Two of the boys jumped off before the crash, but young McCauley, rendered powerless by fear, clung to the car until it was hurled into the ditch.

The seat of the roadster was caved in, and Helen Fulk, who was sitting on that side of the car was injured the most severely, receiving a broken pelvic bone and other hurts. Louise, the next younger girl, was badly bruised and shocked. Ralph McCauley suffered a broken leg, a broken rib, bruises, and a dangerous contusion at the base of the skull. The grand-father and smallest child were considerably shaken up and bruised but not seriously.

The injured persons were extricated from the wreck by passers-by who had witnessed the disaster and were taken into the Huber store, where they were given first-aid treatment by Dr. C. E. Mason of Beaverton who had been summoned to the scene.

The sufferers were taken by an Arrow ambulance to the Good Samaritan hospital in Portland where they were thoroughly examined and given treatment. At the present time the hospital reports that the children are mending nicely and will all recover.

The children were pupils of the Aloha-Huber school and were on their way home when the accident occurred.

### SAVINGS AND LOAN ASSOCIATION ORGANIZED

Mr. J. M. Person, formerly a salesman for the Burroughs Adding Machine Co. called on the Editor Tuesday and asked to have quite a lengthy article he had prepared printed. The article was put so much in the shape of a direct advertisement that we did not feel disposed to print it as it was written so we asked permission to use part of it.

Our visitor stated that the Washington County Savings and Loan Association had been recently formed. He then went on to state that upwards of \$30,000.00 were sent out of Washington county every year to the different Savings and Loan Co's. The article states:

"It is well known that Washington county has more natural wealth and offers better security for real estate loans than most any other section in the Northwest. It is to stop this flow of money into other localities and to divert it to the upbuilding and development of our own community that the Association was created.

"These associations offer an ideal plan of saving money systematically—that is, the setting aside a few dollars each month, whatever one can spare. These savings are grouped and loaned out on first mortgage security."

The Board of directors is composed of the following: E. L. Johnson, Dr. J. O. Robb, Geo. Hancock, D. D. Bump and J. M. Person of Hillsboro and J. H. Shearer and Geo. T. McGrath of Forest Grove. The headquarters of the Association are at the Washington County Agency in the Shute Bank Building in Hillsboro.
