\$1.50 Per Year

Shower Given

Bride Elect

Dorothy Louise Huntley Pleasantly Surprised By Friends. Many Fine Presents Received.

A miscellaneous surprise shower was given Miss Dorothy Louise Huntley, a bride elect, at her home Friday evening, April 17, by Mrs. Joe Moussig and Miss Mildred Anderson.

Mrs. J. E. Davis favored the party with several vocal solos and a very entertaining game was played, after which many beautiful gifts were opened.

At ten o'clock refreshments of brick ice-cream and cake and coffee were served. Six small tables were set, decorated with bunches of pink and blue forget-me-nots.

Those present were: Mrs. Otto Erickson, Mrs. Leslie Spencer, Mrs. R. R. Summers, Mrs. N. W. Gorham, Mrs. Will Boyd, Miss Vena Gaskill, Mrs. L. V. Graham, Mrs. Joe Moussig, Mrs. A. H. Sprauer, Miss Mildred Anderson, Mrs. H. L. Hudson, Miss Mildred Stimpson, Mrs. George Thyng, Miss Bessie Sutherland, Mrs. Doy Gray, Mrs. W. C. McKell, Mrs. Elmer Stipe, Miss Evelyn Larson, Mrs. J. E. Davis, Miss Freda Zimbrick, Mrs. J. W. Sprague, Mrs. W. O. Roberts, Mrs. F. W. Cady, Mrs. J. C. Huntley, Mrs. E. E. Swenson, Miss Janet Huntley, Mrs. Geo. Blaser, Miss Betty Huntley, Mrs. J. C. Summers, Mrs. Clifton Ackerman, Rhoda Thyng, Jean Kiene, and Mrs. J. W. Barnes.

WHEN TO

SEED ALFALFA??

The proper time to seed alfalfa is a question on which there is considerable difference of opinion. The kind of season and type of soil will determine alfalfa seeding time for many.

Success has been attained by seeding as early as April 15th and as late as June 6th. The late seeding was drilled.

All are pretty much agreed that the late seeded alfalfa must always be drilled by either a hand or a horse drill. Do not cover too deeply.

This office recommends seeding at corn planting time, or May 10th to 15th. There will be weeds to hinder the crop if it is seeded at this time, but one had best fight weeds by mowing than to seed too late and fail to get a stand on account of dry weather.

Alfalfa land should be fall plowed and shallow cultivated in the spring without further plowing. The ideal soil preparation is a firm seed bed with a shallow soil mulch on top for a seed covering and to prevent excessive evaporation of soil moisture.

If land to be seeded to alfalfa has not been fall plowed it would be advisable in most cases to disc the land instead of plowing it, then proceed with shallow cultivation as with a spike tooth harrow. Alfalfa succeeds better when a cultivated crop has been grown the year previous to seeding.

J. J. Van Kleek last season ran a culti-packer over his alfalfa land just before broadcasting the seed. This made the soil firm and left it in small ridges. The seed was then broadcasted and covered by a spike tooth harrow with the teeth slanted back. A corrugated roller will answer as well.

Rolling after seeding is not advisable on most soils. Rains following may leave the soil too firmly packed for the young alfalfa sprouts.

Dragging or planking after seeding is apt to drag the seed from the high places to the low, thus leaving bare places in the field.

There is much miscellaneous advice afloat on alfalfa. Be careful whose advice you follow. Use your head. Follow the man who has already made a success growing alfalfa.

Yours very truly,
O. T. McWhorter,
County Agent.

Architects have finished the plans for a \$130,000 Hotel Josephine, to be built in Grant's Pass.

BEAVERTON MAY LOSE \$2000 PAY ROLL

The Beaverton rock-crusher is not operating this year and Beaverton business men are missing a monthly pay roll of somewhere near \$2000.

Several local men are forced to seek employment elsewhere and local people wanting rock will have to pay about double what it could be secured for from the local quarry.

The reason for the shut-down is: In the past the people residing near the rock quarry have not been given due consideration in many respects.

Too much powder has been used often times—more than necessary. Rock has been scattered in adjoining fields and left there for the farmers to remove. Sometimes flagmen were not sent out nor proper warnings given when blasting was about to take place.

Because of these conditions, there is a petition signed by about thirty people residing near the rock quarry asking the County Court not to operate the quarry in 1925.

There is also a petition before the County Court at Hillsboro signed by about one hundred citizens of Beaverton and vicinity asking that the rock crusher be operated this year on account of the big demand for crushed rock in this locality.

Road District No. 10 has voted a ten mill tax for rock road construction this year. The City of Beaverton Road District No. 41 needs crushed rock for rock city streets under construction.

Hocken Addition needs rock for streets. Dallas Murray wants rock for the Westdale streets in his new addition east of town. The Mason Addition needs rock for paving.

The Squires Service Station needs rock. The Clement Filling Station wants macadam. The Union Oil Plant is calling for rock, and nearly every automobile owner wants a little crushed rock in front of his garage and they don't want to pay double the price to have it shipped in from some distant quarry!

Earl E. Fisher, who has been feeding the crusher at this quarry for the past few years, is anxious to operate this year. He has been having friendly talks with the people nearest the quarry and knows about their grievance, and believes if they are assured that conditions will be better this year, that it will be for the best interests of all Beaverton that the Rock Crusher be operated.

He says that if the County Court will award him the contract for operating the crusher, he will meet those living near the quarry more than half way in doing the square thing this year.

If the new Commercial Club would arrange to go as a body before the County Court at the county seat and present Beaverton's case in the near future (the round trip would take less than two hours) the prospects are that everything could be arranged satisfactorily to all and a big pay roll all summer would be assured for local business houses.

Now is the time to pull together for Beaverton.

"CINDERELLA" TO BE GIVEN HERE

In lots of ways we never grow up. We have to be dignified and sober, and appear very learned; yet, all the time, we keep a tremendous affection for the things of our childhood.

Fairy stories, for instance! How we long for some of those princes and princesses and fairy godmothers, in our every day life. That's the reason for the Kegg & Goldsmith Marionettes, coming to the Beaver Theatre for Saturday, May 2. They will play "Cinderella" in the afternoon only, starting at 2:30.

Besides doing all that humans do, they do some things that no human could—the fairy godmother floats in on a shaft of light, and the elves hop over a wall twice their height, and Pixie, the cat, indulges in a dance that just convulses the audience.

Don't forget the date, Saturday, May 2, and that the play "Cinderella" will be given in the afternoon only.

Moore & Barnicott of Astoria plan to build a \$35,000 hotel.

FROM OUR CORRESPONDENTS

Interesting Little Notes from the Surrounding Country as Told by Our Active Special Correspondents Weekly

HILLSBORO NEWS

Florence E. Pollock, plaintiff, has filed divorce proceedings against H. Pollock, defendant, on grounds of non-support.

Julius Coupe, found guilty of liquor law violation, has been fined \$250 and costs. The trial took the major part of two days.

C. E. Kern was fined \$500, and six months, but was paroled on payment of \$150 and costs. He was charged with having moonshine in his possession.

Alabama Ladies' Minstrels, given by the Ladies' Service Club, was such a success that it was given two nights in this city, and one night in Laurel.

O. J. Irel, brother of the three Irels who were arrested about a week ago on a liquor charge, has been taken in custody by authorities, on the same charge.

Jess Hansen and Harrison, arrested two months ago on a charge of grand larceny, were paroled on payment of \$250 and costs. There were six indictments against them.

The high school tryouts for the track team were held last week. Much good material was discovered. The high school will enter a team in the county track meet in Forest Grove early in May.

While crossing the highway at Tobias, Mrs. A. N. Taylor of Portland, was struck by Mr. A. Meserve of Astoria. Both cars were knocked off the highway, and the fenders were smashed. No one was injured.

BURRVILLE

Levi White went to Portland Saturday.

Mrs. A. E. Rye was a Monday visitor in Banks.

Mrs. H. L. Vail spent a part of the past week at Manning.

John Gillispie and wife were week end visitors at Portland. Chas. Roth of Shady Rest was in Forest Grove Monday and Tuesday.

Burton Phillips of Manning was in Burrville Wednesday morning.

The Misses Love of Scofield spent Sunday at the Chas. Carlson home.

Mrs. J. D. Rainey was a Sunday afternoon caller at the A. E. Rye home.

A bunch of young people attended the show at Manning Tuesday night.

Mrs. C. D. Wymore of Manning was a Tuesday visitor at the A. E. Rye home.

Joe Spur and family of Portland were week-end visitors at the J. W. White home.

Jimmie McFarlane of Man-

ning was a Monday evening visitor in Shady Rest.

There is now a Sunday Oregonian Route from Manning to Shady Rest, with Lyle Bledsoe as carrier.

SCOFIELD NEWS

Mrs. J. Bellish and son visited Sunday at Buxton.

E. B. Whittlesey was in Portland over the week end.

S. Holt and family were in Hillsboro Saturday night.

Mrs. E. H. Stewart and daughter were in Portland Friday.

Mr. and Mrs. I. P. Bledsoe of Manning were in camp Monday.

Miss Verona Bellish of Buxton was in Scofield Sunday evening.

Mr. Alfred Willis has his mother visiting his over the Easter holidays.

A. Lull and wife and J. Peppard and wife motored to Hillsboro Saturday evening.

Mrs. J. Reese and daughter made a business trip to Portland on Friday morning.

Mrs. J. Gray and new baby returned Friday evening from Hillsboro to make her home here.

Mr. and Mrs. Chas. Myers were in Buxton Saturday evening attending the W. B. A. program.

Mr. and Mrs. Ed Becker and children attended the W. B. A. Lodge program and pie social last Saturday evening at Buxton. Mrs. Becker won the new quilt.

ALOHA-HUBER ITEMS

Mrs. C. F. Niepert has as her house guest Mrs. Ruth Parsons of Garibaldi.

Mrs. Walter Anderson is a busy rancher, gathering 500 baby chicks. Mother and chicks are doing fine.

A surprise party was given Mr. Walter Anderson in honor of his birthday. A delightful time was enjoyed by all.

Mrs. L. Lynd and children are down from Roseburg on a visit with Mrs. Lynd's parents, Mr. and Mrs. T. Cascadden.

Mrs. C. J. Rose and Mrs. C. F. Niepert spent Thursday in Forest Grove with Mrs. Rose's mother, Mrs. C. E. Shafer.

Mr. and Mrs. Herbert Cox were visitors at the Clark-Torry gardens and purchased choice gladiolas to beautify their new home.

The Ladies' Auxiliary to the Huber Commercial Club held its regular meeting Tuesday. After the meeting refreshments were served by Mrs. J. E. Mittel.

15,000 people visited Salem on Blossom Day, April 12.

HIGH SCHOOL

A gold pin has been awarded to Miss Lutina Hufelt by the Remington Typewriting Company for writing on a Remington Typewriter for fifteen minutes with a net speed of fifty seven words per minute, with less than five mistakes.

Professor Carlton from the University of Oregon gave the Senior Class a very interesting address on college preparation and the right way to choose a college.

Don't miss seeing the Senior Class play, "Anne What's-Her-Name." It was shown Thursday night and will be shown again tonight, Friday, April 24.

The Junior-Senior Prom will be given Friday, May 1st, at Huber Hall. It will start at 8:30 P. M. promptly. The alumni is cordially invited to attend.

The various sewing clubs are now finishing up their work, and hope to be 100 per cent. Will someone please volunteer as a leader for a canning club as several boys and girls wish to organize one?

A big community picnic is being planned for the last week of school. A program will be put on, consisting of athletic events and some drills and some marches. The eighth grade is also making plans for Commencement Exercises to be held during that week.

Charlotte Patterson, fourth grade, was struck by an auto at Beaverton Sunday evening but we are glad to hear she was not seriously hurt. However, she has been absent from school this week. All the children who were hurt in the accident at the railroad crossing March 13 are back in school and able to walk the entire distance.

A large crowd attended the local Declamatory Contest at the club house April 8 when 15 contestants took part. In Class 3, Frances Marvin took first and Corriene Antrim second; in Division B, George Mann was first and Lucille Johnstone second; in Division C, Stanley Wood was first and Neal Hoffman second. These contestants presented our school at the district contest at Beaverton Friday, April 11, and Frances Marvin and Lucille Johnstone won honors in their respective divisions and will represent this district at the County Meet at Hillsboro, Saturday, April 25.

At Beaverton, Doris Wells of the fifth grade and Margaret Clark of the eighth grade won out in spelling and we hope they will win first honors at Hillsboro Saturday. Aloha-Huber is on the map.

CHURCH LOCATION SELECTED

At a meeting of the members of the Congregational Church held Wednesday night, a location for the new Church was selected, being two lots of Dr. Mason's property at Sixth and Watson Streets.

Following is a list of the cast: Elijah Quenby, Harold McHenry; Reuben Quimby, Vernon Evers; Mr. Magee, Timothy Coleman; John Bland, Jack Paich; Jack Norton, Francis Hoyes; Jim Cargan, Harold Lagroue; Lou Max, Eugene Shuffe; Mr. Hayden, Victor Hays; Reggie Thornhill, Vernon Hays; Peter the Hermit, Arlon Eckstein; Jiggs Kennedy, Ray Speiring; Mr. Bentley, Dominic Van der Zanden.

Admission will be charged of 35 cents for adults and 15 for children.

Admission will be charged of 35 cents for adults and 15 for children.

Admission will be charged of 35 cents for adults and 15 for children.

Admission will be charged of 35 cents for adults and 15 for children.

POWER COMPANY

REDUCES RATES

In filing new rate schedules with the Public Service Commission of Oregon, which became effective on April 18, the Puget Sound Power & Light Co. is applying to its new properties in Washington County, Ore., those efficient and economic methods of operation to which its wonderful growth is due.

The Puget Sound Power & Light Co. believes in a policy of rate reductions consistent with adequate and reliable service and with a return sufficient to insure fair return to its security holders.

New residential and commercial lighting schedules are from 17% to 50% lower than the rates heretofore applied. The residential rates are so designed to permit the use of electricity in the home at the lower steps of the rates, thus to a great extent obviating the necessity of installing additional wiring to obtain the three-cent domestic heating rate.

Beaverton-Made

Picture Coming

Some Scenes Portrayed Are Said to Surpass All Previous Films. Ferguson At His Best.

The five-reel feature produced by the J. J. Fleming Productions, Incorporated, entitled "The Fighting Romeo," will be presented at the Beaver Theatre Monday and Tuesday, April 27 and 28.

The leading role is taken by Al Ferguson. Miss Elaine Eastman is the leading lady. Miss Eastman is the girl found on her ranch at Gresham and who made such a tremendous hit in "The Flash" and "Driftwood."

The cast includes Ferdinand Schumann Heink, who plays the part of "Romeo." William Dills Portland's favorite for many years, has a leading role in this picture.

The outside scenes of the picture were shot in Tygh Valley, which is a typical western town and admirably adapted to the filming of western frontier film stories.

One scene in the picture, the fight on the precipice thousands of feet above the valley, has been proclaimed by the critics of New York the greatest filmed picture that it has even been their pleasure to view.

The interiors of course were shot in the home studio
