## ELIGIBILITY STANDARDS RAISED

Students from places outside of Oregon must hereafter be eligible for admission to the university of the state in which they completed high school work before they will be allowed to enter the University of Oregon, according to a ruling just passed by the faculty.

This action was taken as a result of an investigation showing that the scholasticism of most of the non-resident students was below the student body average. In order to stop an influx of poor students, the faculty passed this ruling in addition to requiring that outside students comply with the University entrance requirements.

The new ruling, it is expected, will probably cost the University approximately 100 students from other states next fall, but will tend to save the university expenses.

Forty-six of the seventy students who entered the University from one neighboring state failed to meet the entrance requirements of their state university but met the University of Oregon eligibility rules. Entrance requirements of the various coast colleges are not the same. The average grade of the non-residents who had not qualified to enter the university of their home state was 4.22, which is lower than that of the student body. Only twenty-four of the outside students had grades above the general average of the student body.

The Klamath Falls post office will be rated at a first-class office by July 1.

## VINSON'S ELECTRIC IS INCORPORATED

Articles of Incorporation were filed last Monday, June 15, for Vinson's Electric. This firm has been doing business some time in Beaverton but owing to the purchase of an interest by P. A. McPherson, son-in-law of F. W. Bishop, it was thought that incorporating would be the proper procedure.

The officers of the company are L. J. Vinson, President and General Manager; P. A. McPherson, Vice President and Secretary; Mrs. I. J. Vinson, Treasurer.

The Articles of Incorporation call for a capital stock of three thousand dollars, all of which is fully subscribed, and the organization automatically becomes a closed corporation.

## LETTERS

From Our Readers

1926 N. Virgil St., Hollywood, California, June 17, 1925. To my friends in Beaverton, Greetings:

I sincerely regret that I did not have an opportunity to say goodbye personally to you all, but it became necessary for me to leave for Hollywood on a moment's notice, when I am to produce another series of Al Ferguson Features for one of the larger companies here.

To the last minute I had hopes of making this series in Oregon; but circumstances made it imperative that they should be made in the south, this being the reason for my sudden departure.

As soon as I have completed this series I am going to return to Oregon with my own company and continue where I have left off.

Beaverton will always have a warm spot in my heart, for in no other place have I made so many real friends and received such whole-hearted cooperation, and I hope to be able to return shortly and show my appreciation.

Miss Peggy O'Day, who visited Beaverton some time ago, is going to make a series of pictures in the same studio as I am, and sends her best wishes to everybody and wishes to thank you for the very nice time she had while in Oregon.

I would more than appreciate hearing from any of my friends. My address here is 1926 N. Virgil St., Hollywood, so if any of you should happen to come to Los Angeles I will be delighted if you will come out and look me up. So for the present Au Revoir.

Very sincerely yours, Al Ferguson.

## WHY BEAVERTON?

A man talking to me on an interurban train from Portland to our town, propounded this question, "Why Beaverton?" I replied that it was a place to live normally, a suburb, away from the crowded conditions of a city, its noise, smoke, danger, temptation and glitter, and that we would ere long present Portland with a key.

The Tunnel project will open the eyes to a panorama of real and wondrous beauty, beholding a spacious scene of fertile valleys, green hills, dotting its mesa, forests of evergreen Douglas fir trees, and Beaverton like a diamond that sparkles in its setting.

In this marvellous age, in which it is a great privilege, think back, speed the auto, radio, movie, etc. Stop a minute. Are we not depending much for life's happiness on the goal of getting (After you have riches, what?) I am afraid you will be cheated.

The foundation of happiness

## GRANGE HOLDS ROSE FESTIVAL

The Grange hall was aglow with the beautiful colorings of the wild flowers, roses, and perennials last Saturday afternoon. Three long tables were laden with perennials and roses.

The children had six exhibits of wild flowers. There were three prizes given for these. Ruth and Robert Denney, Glen and Paul Shellenberger, and Millie Zimmerman were the winners. Geo. Covell Jr. and Elton Kelly are to be commended for the very creditable exhibits they made.

Prize winners for the roses and perennials were Mrs. Lawrence, Mrs. McGowan, and Mrs. Eggman. Mr. R. W. Gill, the well known dahlia and seed man, acted as judge.

A very pleasing program was rendered, in which the Grange children took part. Also, Mr. Claud Neely, who sings with Evangelist Leavitt, added two entertaining numbers. Miss Viola Hansen presented two much appreciated vocal selections. Mr. Gill gave an instructive talk on the planting of garden and flower seeds.

## Wedding Bells For June Brides

Three Most Fashionable Marriages Solemnized; All Popular in This Vicinity.

## Tucker-Haines

At a very attractive home wedding last Sunday, June 14, Miss Gladys Haines, daughter of Mrs. Myrtle Haines of this city was united in marriage to Mr. Lawrence Tucker of Portland, the Rev. C. A. Blanchette, assisted by the Rev. H. S. Wiley of Oswego, officiating. The bridal party, which included Miss Fern Haines as bridesmaid, and little Ruth Lamb of Portland as flower girl, entered the rooms to the strains of Mendelssohn, played by Miss Bernice Newbill of Dallas; and met the groom under a bower of floral artistry, where the vows were exchanged. Mr. Albin Kolek of Orenco was the groomsman.

The bride made a lovely picture in her white gown of Canton Crepe with an embroidered tulle veil held in place by a coronet of orange blossoms. She carried a shower bouquet of bridal roses.

Preceding the ceremony Mr. Lester Mooberry sang "When Song is Sweet" and Mr. Willis Gady sang "Because." Refreshments of ice cream and cake were served at the reception held immediately following the ceremony. Miss Newbill contributed several piano solos at this time.

Mr. and Mrs. Tucker will camp for the summer at Lake Grove, on Oswego Lake. They expect to postpone their wedding trip for about a year, when they will visit relatives in central and southern United States, returning to Oregon eventually to make their home.

## Prink-Lemmon

Miss Orma Lemmon and Mr. Clifford L. Prink were united in marriage Friday, June 12, at 8 P. M. at the Aloha Baptist Church parsonage, the Rev. Bleakney officiating. The rooms were prettily decorated with ferns and flowers.

The bride was prettily gowned in pink Crepe de Chine trimmed with silver lace, and carried a shower bouquet of orange blossoms, which was a present from an aunt in California.

After the ceremony the couple left for a short trip to Astoria. They will be at home to their friends after June 21 at Huber.

Those present at the ceremony were Mr. and Mrs. H. E. Prink, Mr. and Mrs. E. L. Lemmon, Mr. and Mrs. G. Richardson, Mrs. J. Marsh, Floyd Prink, Ellard and Gaynell Lemmon, Betty Jane Prink, Helen Lindahl, and Mrs. Chap-pell.

## Peterson-Mashburn

Miss Genevieve Mashburn and Arthur Peterson were married in Grand Mound, Wash., Sunday, June 14 at 10 A. M., by Rev. Sharp, pastor of the M. E. Church at Centralia. Only the immediate relatives of the bride and groom were here.

Miss Mashburn will be remembered as Genevieve, who has been working in the Yeager Bakery, and Mr. Peterson is the young man who came to Beaverton at the time Yeager's moved here.

Immediately after the ceremony the young couple left for Tacoma for a short stay. The first of next week they will be at home to their friends at Olympia, Wash., where Mr. Peterson has a position.

J. H. Yeager feels very proud of the fact that he contributed the wedding cake, a grand affair, almost filling 100-pound sugar barrel. The cake arrived at its destination in fine condition, and needless to say was enjoyed by those present.

## Summer Arrives

## PARTY PLANS TO CLIMB MOUNTAIN

Next Sunday, June 21st, a party from Beaverton will climb Mt. Hood. With clear weather it should be an ideal day for the trip, as it is the longest day of the year, and there are no forest fires to cause haze.

Anyone wishing to make the trip is welcome and should see L. A. Kennedy Saturday morning. The party will leave Saturday afternoon.

is a home. Right under your nose, this little town of Beaverton is hard to surpass for its natural advantages, and Real Gold. In connection with the Tunnel improvement, a highway undoubtedly will be built down the Wilson River, to the sea, Tillamook Beaches, seventy miles or less from Beaverton connecting with the Roosevelt Highway.

Tell the world of your faith, your appreciation, and the good points of your home town, the best place on Earth to live.
