To loosen a fruit jar rubber, soak it. And to make a tight husband loosen up, just soak him.

The season of year is here when college graduates begin to worry over the wages paid to bricklayers.

We have noticed that when a man sings at his work, he doesn't seem to be doing either of the jobs very well.

You are on the way to prosperity when you get more joy putting a dollar in the bank than you get in spending it.

Growling at the weather never yet brought wet or dry. As the Lord made it, the wisest plan is to let Him manage it.

Some people think that the only thing as bad as too many relatives visiting them is not to have any relatives to visit.

It is very seldom that you hear the wife of a poor man doing very much bragging concerning the blessings of poverty.

There are a good many useless things you can give a young bride, but nothing is so useless nowadays as a cookbook.

Nothing will surprise the June grooms more than the speed which a bride can show in learning to say "mine" instead of "ours".

If you want water to rise above its source, you must pump. If you want business to rise above its visible opportunity you must hump.

How many of you around the City of Beaverton can remember when it was possible for a fellow to do something that wasn't against the law?

Twenty two million letters were sent to the dead letter office in Washington last year. And there probably wasn't a bill in any of them.

There are approximately two million laws of all kinds in force in the United States. You will please take notice that we said in force—not enforced.

Any honest American citizen will tell you that the difference between a motorist and a gossip is that a motorist never runs down another person intentionally.

They say that modern radio has added many words to the English language. Yes, and it is our firm opinion that the biggest short of them are not fit to print.

Penches travel all the way across the United States from California in tin cans, and now since Henry Ford got busy human beings are doing the same thing.

There is no preservative or antiseptic, nothing that keeps one's heart young like sympathy, like giving one's self with enthusiasm to some worthy thing or cause.

Science can explain a great many different things, but it is sure, but it cannot explain why some Beaverton men always see all of the faults of the fellow and none of their own.

Is it fair always to forget all the good or kindness shown to us by those with whom we live, for the sake of one little pain they may have caused us, and which, most likely, was quite unintentional on their part?

VALUABLE HOUSEHOLD RECIPES AND SUGGESTIONS

Chocolate Malted Milk—One cup evaporated milk, one cup of water, three teaspoonsful of cocoa, two teaspoonfuls malted milk. Mix cocoa with water until syrup is obtained. Put all ingredients in a fruit jar and shake thoroughly and serve with chilled tea.

Milk Punch—One cup evaporated milk, sugar to suit the taste, one cup of tea, two tablespoons of lemon juice, two tablespoons orange juice, one-half cup water, small stick of cinnamon, one-half cup of fruit juice (currant or berry preferred). Boil slowly the cinnamon, a lemon rind and an orange rind in the water for ten minutes. Strain and when cool add the other ingredients. Place in a fruit jar and shake well. Serve in tall glasses with chopped ice.

Egg Nog—One egg, a pinch of salt, one-half cup cold evaporated milk, one-half cup of ice water, one and one-half tablespoons powdered sugar, two tablespoons fruit juice, and a little grated nutmeg. Add salt to egg white and beat to a stiff froth. Add the sugar, the well beaten yolk of the egg, and the fruit juice and nutmeg. Fill glass with milk and cold water. Sprinkle top with chopped nuts.

Scalloped Ham and Potatoes—One pound of smoked ham, 6 medium potatoes, one and one-half cups evaporated milk diluted with one and one-half cups water, flour. Cover the bottom of an oiled baking dish with sliced, raw potatoes. Sprinkle with flour and pieces of ham one-half inch square. Repeat until dish is full. Fill the dish three-fourths full of diluted milk. Bake until potatoes are tender.

Eggs en Casserole—Six hard-boiled eggs, three tomatoes, 2 tablespoons butter, three tablespoons flour, two teaspoonfuls salt, three-fourths cup evaporated milk, three-fourths cup water, one-half cup grated cheese, buttered crumbs. Cut hard-boiled eggs in half and arrange around the edge of a greased casserole. Slice tomatoes in center of dish. Make a white sauce of the milk, fat, water, and flour. Add cheese and stir over a low fire until cheese is well mixed and is smooth. Pour over tomatoes and eggs. Cover with crumbs and bake twenty minutes in a moderate oven.

Bronk Shrimps—Two cups of shrimps, canned or fresh, four tablespoons fat, one-half teaspoon salt, a few grains cayenne, the yolks of two eggs, one-half cup evaporated milk, one-half cup water, one tablespoon flour, two teaspoonfuls lemon juice. Clean shrimps, and cook in half the fat for two minutes; add seasoning and lemon juice; cook two minutes longer. Remove shrimps and make a white sauce of the remaining fat, flour, and milk; when thickened add yolks of eggs slightly beaten, stirring in quickly and cooking two minutes; add the shrimps.

Chicken en Casserole—Tender chicken for roasting, two tablespoons butter, two tablespoons lard, salt and pepper, one pint hot water, one cup of evaporated milk, one tablespoon chopped parsley, two cups of chopped mushrooms. Clean the chicken, split down back, and lay breast upward in casserole. Spread fat over breast, dust with salt and pepper, add hot water, cover closely and cook in hot oven for an hour. When nearly tender put in the evaporated milk, mushrooms and parsley, cover again, and cook for twenty minutes longer, then serve hot in casserole.
