WHERE DID YOU SPOSE

A man dashed up to the ticket office with just one minute left in which to catch his train. He made the ticket window with a series of slides and skirts and jerks.

"Quick," he said, "give me a round trip ticket!"

"Where to?" inquired the clerk.

"B-h-back here, you poor dumbell!"

SOME PARTY!

A student had been spending his money somewhat too freely, and was short of funds. It was near the holidays and he did not want to write home for money. As a last resort he pawned his dress suit.

When the time came to leave the suit was still unredeemed. He hurriedly scraped up sufficient cash to get it back, then packed it in his grip, and was off.

At home, his mother was helping him unpack. She discovered the pawn ticket on his coat.

"Henry, what was this ticket on your coat for?" she asked.

The reply was, "Oh, I went to a dance the other evening and had my coat checked."

She continued in silence until out came the trousers. They, too, had a ticket on them.

"Henry," she said, "What kind of a party was that?"

## Yosemite High

## STAR MAKES A REAL RECORD

AGAIN Star flings a challenge to all cars in its price class. . . From Los Angeles to Yosemite—364 miles in HIGH GEAR!

Under strict observation—carrying as passenger an official observer who swears to the truth of these statements—a bonafide stock model Star adds this real Yosemite triumph to its long list of record power achievements.

364 miles in high gear, all the way, regardless of the almost impossible grades, through traffic, sandy and muddy roads, the Million Dollar Motor has scored a smashing victory—never before accomplished carrying passenger, irrespective of size or price.

Highest Yosemite Gas Mileage

By winning all Yosemite high gear power honors, Star followed close on the heels of its gasoline mileage victory in the 9th Annual Los Angeles to Yosemite Economy Contest, when the new Star Coach averaged 27.96 miles per gallon, the highest in its class. Ton mileage [weight] calculations gave first place to another [open type] car representative of a much higher priced class.
