The Beaverton Review

Hall's Catarrh Medicine
Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. **HALL'S CATARRH MEDICINE** consists of an Ointment which quickly Relieves by local application, and the Internal Medicine a Tonic, which assists in improving the General Health. Sold by druggists for over 20 Years. **F. J. Cheney & Co., Toledo, Ohio.**

Editor and Publisher

Entered as second-class matter December 29, 1922, at the Post Office at Beaverton, Oregon, under the Act of March 3, 1879.

Subscription, \$1.50 per year.

Advertising rates on application.

Cleanliness is next to impossible.

Great opportunities come to those who make use of small ones.

Few are so color-blind as not to be able to distinguish the long green.

We need a child labor law to keep them from working their parents to death.

Most parents have a hard time trying to live up to their children's expectations.

The ideal kind of a disposition is one that is sunny under every sort of sky.

The billing and cooing do not end in June. At the worst, only the cooing stops.

The individual who can appreciate the funny side of life has inherited a priceless boon.

Another way to tell whether your wife is doing all of her

own cooking is to note the number of tin cans she throws out.

"What shall we do with our children?" asks an exchanger. We don't know, but we know what Dad would have done with his.

The trouble with a good many Beaverton boys is that they insist on doing as father did instead of as father says to do.

Experts declare that human intelligence reaches its maximum at the age of sixteen. Our young generation doesn't deny it.

Whether man evolved or not is debatable. We have historical evidence, though, that he revolved, and legal evidence that he looted.

Face cream and powder, etc. might not look quite so bad when properly used, but most girls put it on as though they used a putty knife.

Give a college boy a pair of elephant pants and a banjo or ukelele and he doesn't waste a moment's thought as to who makes the nation's laws.

Sent to repair an electric doorbell, an electrician pushed the button several times, got no response, and left, assuming that nobody was at home.

Prohibiting firearms will not insure safety so long as people with an urge to maim and kill can buy a second-hand car for thirty-five or forty dollars.

It has been said that "The average man learns from his own experiences, the wise man from the experiences of others." To get the most out of

this quotation, he profits the most who takes from both.

We have noticed that about the only thing that comes to the man who waits is a good big crop of whiskers.

The best definition of a go-getter is the fellow who runs out of gasoline ten miles from the nearest filling station.

The Prince of Wales recently started on a trip with twenty-one cooks and three hundred trunks. And at that he'll bet he doesn't have as much fun as the man who starts out with nothing but a flivver, a frying pan, and a coffee pot.

When a man and his wife start to go anywhere, he tells her to get his good suit, fix the buttons on his shirt, get his cuffs and good shoes, tie his necktie, brush his hat and coat, perfume his handkerchief and a few other little jobs. Then he puts on his hat and says: "Great Scott, ain't you ready yet?"

To get cows on feed test to eat a full ration of sunflower silage required a 10-day transition period for the O. A. C. station herd. Only two cows of one lot on test cleaned up the sunflower silage as ravenously as they ate corn or vetch and oats silage.

PUBLIC SALE

I will sell at public auction on the Hodler place on the Walker Road, one mile north of Beaverton, at 1 o'clock P. M. Wednesday, September 9th, the following described property:

29 head of cattle as follows: 21 milk cows in fine condition giving good flow of milk; 5 2-year-old heifers, all bred, one being thoroughbred Ayrshire; 2 1-year-old Ayrshire heifers; 1 2-year-old Ayrshire bull subject to register; all tuberculin tested.

One team, weight about 2600 pounds; double set harness; iron wheel wagon; hay rack; harrow; new cultivator; single horse corn planter; mowing machine and rake; steel beam plow; new hay carrier; milk cooler and cans; and other small farm tools, too numerous to mention; 40 tons of hay, mostly baled.

Terms of sale—\$20.00 and under, cash; over \$20.00, six months time will be given on approved note at 8 per cent interest.

Y. Yamanishi, Owner.
J. W. Hughes, Auctioneer.
Doy Gray, Clerk. c39-10

If Back Hurts Begin on Salts

Flush Your Kidneys Occasionally by Drinking Quarts of Good Water

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pipes so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent mineral-water drink, which everyone can like now and then to help keep the kidneys clean and the blood pure, thereby preventing serious kidney complications. By all means have your physician examine your kidneys at least once a year.

The economy of your MONTAG means more heating months per year

—more heating months—AT LESS COST! Conditions are different in this section. We admit it—we advertise it—we boast about it. Therefore, the furnace must be different—must be especially constructed to meet those conditions and installed with expert knowledge of them. That's why Montag Furnaces spell the maximum in economy. For more than 40 years Montag heaters have been built right here—on the Coast—where they are to be used. And we see to it that the proper type of Montag Furnace is properly engineered into your home. This means the Montag Furnace will give you more heating months in the year—and a smaller fuel bill. Actually, the Montag will save sufficient fuel, in a few seasons, to pay for its entire cost.

A Montag Furnace properly installed, is the most satisfactory heating plant you can buy. There is a type to meet your particular requirements—to fit your individual home. But, it takes time to install a Montag Furnace—the Montag way. Place your order now—today. Let us get busy at once. Pay as convenient.
