Other Tunnel Meetings Coming

Judge Robert Tucker Petitioned to be Candidate for director; Patullo and Erickson Candidates

Following the opening last week of the speaking campaign by the Portland-Tualatin Valley Tunnel committee, announcement has been made of meetings to be held in other valley towns, each beginning at 8 o'clock P. M. as follows:

Cooper Mountain, Livermore, Aloha, and Huber districts, at Huber school or club house, on Friday, September 25.

Hiteon, Tuesday, September 29.

Hazeldale and Rosedale districts, at Hazeldale school, Friday, October 2.

Garden Home, at Community Club, Tuesday, October 6.

Reedville, at school house, Friday, October 9.

Maplewood, Beaverton, and Fairvale, dates will be announced later.

A series of steriopticon views, showing the details of construction and ventilation in tunnels in other cities and the residential and business development as a result of boring tunnels through barriers similar to Council Crest, will be shown by the committee, and motion picture entertainment supplements the program.

The committee carries its own electricity for the pictures, produced by a portable plant donated by the Kohler company, with offices in Portland and Hillsboro.

The election will be held on October 20. The first election does not obligate the voters to bond themselves, but merely creates Oregon Tunnel District No. 1, and elects directors authorized to make a survey and obtain an estimate of the cost of constructing the tunnel from Marquam Gulch to the Tualatin Valley. This estimate with a proposal for a bond issue to cover the cost then is submitted at a second election.

Judge Robert L. Tucker is being petitioned to become a candidate for director at the first election. David Patullo, of Balfour, Guthrie Co., and Otto Erickson, former mayor of Beaverton, are the other 2 candidates.

VOTE "YES" FOR THE TUNNEL OCTOBER 20

A petition has been circulated this week and is now filed with the County Clerk by virtue of which E. E. Swenson, well-known realtor of Beaverton, becomes a candidate for one of the three Tunnel Directors to be elected at the election Oct. 20.

The election on the 20th is creating considerable interest. The question most commonly asked, however, in regard to the election, is "Just what will the election do?"

The election to be held on the 20th will first of all determine whether the people in the district inclosed within the bounds of the proposed organization want to perfect a tunnel organization. It will give the 3 directors power only to make preliminary surveys, and to call an election which will determine whether bonds for the building of the Tunnel may be sold.

This election on the 20th is only a step in the organization of a big municipal organization, just as when a city thinks of incorporating they take a vote whether they will incorporate or not, just as when a school district is to be organized, an election is called to determine whether the voters want the school district or not. This election will not impose a tax on any one. It will only deside whether the municipal corporation shall become a reality or not.

After the municipal corporation becomes a reality then the directors of the corporation must first perfect the organization and then call for or ask an election to vote bonds to build the Tunnel.

Everybody shou'd turn out and vote for the organization of the Tunnel District. It is not voting a tax on anybody. The bond election must necessarily come after the preliminary surveys are made and the surveys are everything that you are authorizing by voting "Yes" at the Tunnel Election Oct. 20.

TRIO CELEBRATES BIRTHDAYS TOGETHER

Saturday night a number of neighbors surprised Mr. Chapman, Mr. A. H. Wright, and Mrs. Hart. Mr. and Mrs. Hart, by the way, are spending some time with Mr. and Mrs. Wright having motored out here from Memphis, Tennessee. They are old friends of the Wright's.

The occasion of the surprise party was the birthdays of the three on the very same day, something rather out of the ordinary.

Chapmans and Wrights being close neighbors, the Friend Wives proceeded to get busy and arrange the surprise for the triple birthday. The Wright family and their visitors called at Chapman's to extend their best wishes to Mr. Chapman. A little later the real surprise came, when several of their neighbors walked in. Several guests from Portland were also present.

The evening was pleasantly spent in playing cards and games. Refreshments of ice cream, cake and coffee, were served, and at a late hour, when the guests were departing many good wishes were extended to the trio.

LYCEUM COURSE TO OPEN HERE

"Lowell Patton and His Artists" will open a Lyceum Course at the Beaver Theatre Thursday evening, October 1. They will present costumed character studies in music, and offer a program that is new, original, and artistic from every standpoint. It is under the direction of Lowell Patton, noted dramatic interpreter, composer and pianist. His assisting artists are his brother, Gault Patton, and Ludovic Huot.

Rich costuming and stage settings add to the charm and color of this unique program. Incidental folk dances are given with musical settings.

Some very fine effects in ensemble singing are obtained by the trio. The program is high class and worth while in every particular, and one that has a wide popular appeal.

JUNIOR C. E. SOCIETY HAS BUSINESS MEETING

The Junior Society of Christian Endeavor met at the home of their Superintendent, Mrs. M. H. Metcalfe, Saturday afternoon for a short business meeting. After the meeting adjourned the young folks enjoyed games out-of-doors and a weenie-roast supper gave a final touch that was agreeable to all. It was a successful meeting with a large attendance.

Maxine Iannehill will lead the Sunday evening meeting at 7 o'clock in the Bethel Congregational Church.

Work on the schoolhouse play shed is progressing slowly on account of slow delivery of building material.

The last rains have kept the cucumber growers busy the past few days by the greatly increased production of the crop.

ALOHA-HUBER ITEMS

The new play shed is being constructed south of the school house. It will greatly relieve crowded conditions in the basement play rooms.

School opened September 14 with an enrollment of 169. The teachers are Mrs. C. E. Barker, first and second grades, 36 pupils; Miss Lola Newman, 3rd and 4th grades, 36 pupils; Miss Lucy Eggiman, fifth grade, 37 pupils; Mrs. Viola Kearney, 6th and 7th grades, 42 pupils; Mr. Albert McFarland, 8th grade, 19 pupils. Mr. McFarland also teaches part of the 7th grade subjects. If the community continues to grow we will soon need another teacher.

Aloha-Huber school has a very attractive booth for its exhibit at the County Fair. The school colors are purple and white and the booth is decorated with purple and white crepe paper and asters. The sewing clubs sent enough work to more than fill the booth, and won three ribbons as follows: Wilma Mason first, June Gillmore second and Barbara Schultz third. School will be dismissed all day Friday to give the children a chance to attend the Fair.

Man Fatally Injured By Cow

Caught by Collision in a Narrow Passage; Dies Next Morning; Cow's Horn Broken

Sunday morning Thomas C. Reed met with an accident which resulted in his death at his farm near Scholls.

Reed had dressed for church but his cows were still in the yard. One of them he was trying to "cut out" from the rest of the herd. The others were all out of the yard safely when the lone animal made a bolt for the gate, Mr. Reed attempting to head her off. They met in the narrow space. The cow was quite badly injured, as a horn was broken, probably by coming in contact with a gate post.

In the collision Mr. Reed suffered internal injuries resulting in his death the next morning.

He was buried from the farm home where he lived. Rev. Mr. Wharton preached the funeral sermon. Interment was in the Mountainside Cemetery.

The evening was enjoyed with games and stunts after which refreshments were served. It being close to Mr. Metcalfe's birthday a cake with candles was a feature of the refreshments.

GOODNESS GRACIOUS ME!

It was Wednesday, the day for raisin bread. He was worried, for he knew that since one thousand men voted on what millions wanted most in a shaving cream there was no longer an excuse for a dingy film on the teeth. Although he knew that it was much better than the average ten-cent smoke he wondered which one of the fifty-seven varieties to buy. As he walked across McCall St. he instinctively jumped out of the way of the world's finest automobile before he realized that no metal had touched him. The worried look increased and he told himself that he could use the extra $50 a month and wondered if after all good oil wasn't cheaper. As he entered the office he caught a glimpse of himself in the hall mirror and was convinced that clothes do not make the man. But alas, the insidious part of it was that not even his closest friend would tell him, yet he was certain that if he wore his garters around his neck he would change them oft n r.

A ruse is a blind. A blind is a shade, a shade is a shadow, a shadow is a ghost, a ghost is a shade, a shade is a color, a color is paint, and paint is rouge. Therefore, by Euclid, axiom one, rouge must be a ruse. And, curiously enough, it is really true.
