## Beaverton to Play Benson

### Outlook Bad As There Are Nine New Men On Team; Tigard, Livermore, Briggs Back

Beaverton High will play its initial contest of the football season Friday, Oct. 2 at 3:15 when it lines up against the Benson Tech second team of Portland.

Coach Metzler's outlook is not what could be called rosy. He has only three veterans left from last year's team, Curtis Tigard, end, John Livermore, center and Roy Briggs, are all he has to build a team around and consequently he is not any too optimistic regarding Friday's encounter.

While Coach Metzler has said little regarding his probable lineup—it appears as though his backfield will consist of Lawrence Day at Quarterback who is playing his first season at this position. At half either Briggs, a letterman from last year's team shifted from the line, Sprague or Bous and at full will be found Mark Jones, a new man at school, who will do the passing and kicking.

At ends Metzler has Curtis Tigard, a veteran, and Warren Jones, another new man, both are speedy, full of fight, and good tacklers. He has also "Shiek" Dant who may alternate with Jones and Tigard.

At Tackles, Coach Metzler is still undecided, and has them all guessing, although Woods may be chosen.

Guards will probably be filled with Lindow and Henning, both new men. Coach Metzler is somewhat worried at having two new men at guard but Johnny Livermore, a letterman and veteran center, should steady the line somewhat.

But when one considers the fact that half the men on the team have never been in an interscholastic struggle one cannot wonder at Metzler's somewhat downcast outlook.

But it can be said for the team that they will fight to the last notch.

## HIGH SCHOOL

The Student Body of the Beaverton high school held its first meeting of the year Sept. 21 and nominated officers. Those elected were: Pres., Myron Gray; Vice-Pres., Curtis Tigard; Secretary, Ruth Haukenbeck; Treas., Gayford Wilson; Reporter, Frances Sundberg; Parliamentarian, Martha Woodruff.

The enrollment of the Student Body this year is 195, 18 more than can be seated in the assembly. These eighteen students, who are all Freshmen, are assigned to a room called the roll room.

The Sophomore Class is giving a party October 9th in honor of the Freshmen. All upper-classesmen, alumni, and faculty are invited.

The Boys' Athletic Association has challenged the Girls' Association in selling season tickets for the games. These tickets are good for the whole year and are \$1 for students and \$1.25 for persons outside of the school. Those purchasing these tickets will save money because one game alone is \$0.25 and only four games could be seen at the price of one season ticket.

## THIMBLE BEE TUESDAY LADIES ENTERTAIN

Mrs. F. G. Donaldson and mother, Mrs. L. W. Davis, entertained sixteen ladies at a Thimble Bee on Tuesday afternoon in honor of Mrs. Connie Spencer of Linc, England, who is the guest of her son, F. L. Spencer and family, and Mrs. L. Strayer of Long Beach, California, now visiting her mother, Mrs. Ed Morgan of Sorrento, and incidentally to celebrate Mrs. Davis' eighty-second birthday, which was brought to the attention of the guests when the tea wagon with cake and lighted candles was placed in front of Mrs. Davis as a surprise to her.

## NATIONAL FIRE PREVENTION WEEK

A tremendous disaster occurred today. Property valued at \$1,166,744.44 was wiped out and 41 persons lost their lives by fire. The destruction proceeded continuously through 24 hours; every hour \$61,115.60—every minute \$1,018.59—every second \$16.97, was wiped out. This is another way of stating what the National Board of Fire Underwriters, the highest authority on the subject, tells us—namely, that our national annual fire-loss is \$535,372,782.

Just what does this mean? In this state, according to the Underwriters, "matches—smoking"—is responsible for the largest fire-losses. Now if, in every instance of carelessness on the part of users of matches, the place where the fire had occurred had been built of incombustible materials, the consequences of the carelessness would have been less disastrous.

## CLUB LEADER WILL BROADCAST MONDAY

H. C. Seymour, State Club Leader will give the first club radio talk of the season next Monday evening, October 5, at 8:30 P.M. This will be given from the O.A.C. radio station, KFJD, which has a wave length of 254 meters.

His message will include the results and the winners of the State Fair and will also outline the plans for the Pacific International Livestock Exposition.

One of the Club Staff will give a radio talk from this station, KFJD, the first Monday evening of each month, so they can play on these talks regularly.

The best head lettuce that will be available when the first cold weather and early December arrives, will come from the cold frames in which the lettuce plants set at a distance of a foot apart, will be protected by glass sash from unfavorable conditions such as frost and heavy rains. Make a seeding of New York variety immediately and harvest some solid lettuce by Thanksgiving.

### ALOHA-HUBER ITEMS

Mrs. Mary Hatfield of Oregon visited the school all day Wednesday, September 23, and substituted in the primary room for a short time while Mrs. Barker went to Hillsboro to attend to the booth.

The first Parent-Teachers Club meeting of the year will be held at the school house Wednesday, Oct. 7, at 8:00 P.M. Every parent and patron interested in the school is urged to attend. Several officers will be elected and other important business transacted. There will be a short program followed by light refreshments and a social hour.

Children of Aloha-Huber school were much in evidence Friday at the County Fair. With their teachers and parents they marched through the fair grounds singing and giving their school yells. Prizes were won in sewing as follows: June Gilmore, first, \$4; Barbara Schultz, second, \$2.00; Winifred Thoms, third, \$1.00. Billiard Goggins won second prize of \$2.00 on his vegetable exhibit. The school booth received the blue ribbon and a prize of \$15.00.

In athletic events Fordene Walmer came in first in two races and was the delighted recipient of \$8 in prize money. Ethel Reynolds won second and third in two races and received \$3.00. Gladys Sillers came in third in one race and received \$1.00. The day was brought to a close by a jolly ride on the merry-go-round when the only music consisted of school songs and yells.

A complete course in drawing and water painting was inaugurated Tuesday at school to develop the artistic talent among the students.

Frances Jenne, who underwent an operation some time ago for appendicitis at a hospital in Portland, was frightened by the recent thunderstorm. Some of the stitches were torn loose, which prolonged her stay.

## LOCAL MINISTER RESIGNS POSITION

It is not often in a town that the majority of the local churches changes its leaders, but coincident with the announced retirement of Rev. Gray from the local Methodist pulpit comes the announcement of the resignation of the Congregational pulpit by Rev. Blanchette.

Rev. Blanchette, who spent the month of September in Minneapolis with his family, advised his congregation by letter last week of his determination not to return west, and made his resignation effective October 1st. The church committee, which has as its rare the supply of the pulpit, announces that it will endeavor to secure a pastor at once and that in the interim the pulpit will be supplied both morning and evening by the best talent available.

The morning service announced for next Sunday, Oct. 6th, is a combined service with the Sunday School when the latter will present its Rally Day Program beginning at 10:30 A. M. During the service the Rev. Geo. N. Taylor will preach. Do not miss hearing him, for he has a real message for you, and do not miss the younger members of the Sunday School, for their program will be full of appealing interest. At night the Rev. R. G. Harbutt will be the speaker. A cordial invitation is extended to all to worship at the Bethel Church.

## Fire At Starch Factory Monday

### Damage Slight And Out Of Proportion To Interest In Fire; Origin Of The Blaze A Mystery

A fire of very mysterious origin broke out in the starch factory Monday evening. This building has been vacant for upwards of two years and the origin of the fire will probably never be fully ascertained.

Fred Koshland and Will Fleming, coming from the studio Monday evening just after dark, while it was sprinkling, noticed a light and stopped, but feared to enter the building as they were afraid there would be tramps or desperate characters there. Koshland came downtown and got his gun, went back, and entered the building. Finding the light was upstairs he decided he'd better get someone to go up with him. When he was about halfway down town he met Will Ryan. Together they went back and entered the building, mounted to the second story, and in a tunnel about 30 feet long, 8 ft. high, 6 ft. wide, they found a small fire which had just broken through the floor as they entered the tunnel. It burned a small hole in the floor directly over some electric wiring, and a narrow strip part way up the wall of the tunnel.

It is interesting to conjecture how the fire started, as it is known that boys have been in the building and hoboos have been seen entering and leaving the building, apparently making a stay there over night. Possibly the fire originated from a dropped cigarette or match, possibly hoboos left a lighted candle or had built a little fire in a can or something which after they left ignited the floor.

Work has been begun on the new Schuler apartments at Medford. The building will cost \$60,000.
