Mr. Castleton, Of The Hollywood Revue, Will Answer Questions About Motion Pictures

When Castleton's Hollywood Revue opens at the Beaver Theatre on November 9, it will have Mr. Castleton with it in person. In speaking of the original idea of Revues of this sort in Hollywood was to just enjoy an evening of nonsense and music.

"Take for instance my present situation. I am making a picture in Portland with Forrest Taylor and Ann Berryman. The part I am playing is a very nasty villain. And you can bet that it is a relief to get away from the part and the make-up and hear people laugh instead of saying, 'Isn't he nasty?'"

"The Bathing Girl Orchestra I believe will be something new and novel to Beaverton. It would surprise most anyone if they could know the musical talent that there is to be found around a motion picture studio. I feel that I have five dandy musicians and I know blamed well that they are fine looking girls, so I guess everyone will like them as well as I do."

"The Hollywood Revue is built for laughing purposes only and of course songs and music. We will change every other night while in Beaverton, giving three complete changes in the six days."

Mr. Castleton will answer any questions that are written to him in care of the Beaver Theatre that pertain to motion pictures or Hollywood.

Mr. and Mrs. F. H. Hocken drove down Saturday. Mr. Hocken returned to Spokane on Monday, but Mrs. Hocken is staying over looking after business interests.

A. W. Havens, abstractor from Hillsboro, came down on Tuesday evening to cast his vote for the Tunnel. He said he told those birds in Hillsboro a thing or two before he left.

Mr. Frank De Grace of Alameda, California, was visiting the Boring family Wednesday. De Grace put in the first moving picture theatre in Beaverton. He opened up in the building now occupied by the Review, in 1912.

Mr. C. W. Harold of Reedville made the Review a call Thursday. He is in the plant and seed business in Reedville, having purchased the Woods place about three weeks ago. He says he has upwards of 7500 pansies to start out with. This adds another industry to this rapidly developing community.

Mrs. J. Summers entertained the 500 club at her home last Friday. A one o'clock luncheon was served, and the remainder of the afternoon was spent in playing cards. Those present were Mesdames Elmer Stipe, W. O. Roberts, Doy Gray, H. L. Hudson, George Blasser, W. Shellenberger, J. C. Huntley, Otto Erickson, Jesse Davis, W. H. Boyd, H. R. Nelson, W. Peck. High honors were won by Mrs. H. R. Nelson and consolation by Mrs. H. L. Hudson.

LETTERS

From Our Readers

Dear Friends: The result of Tuesday's election is gratifying. The vote west of the hill shows the strong sentiment for this enterprise to build a Tunnel and populate this valley with happy homes, a suburb of the fast-growing metropolis of Portland, Oregon.

Everybody can vision the scene from the portal of the Tunnel—the sun-kissed valley of the Tualatin, where hill and meadow meet your eye, fertile soil, evergreen firs, dog wood, vine maple, and Oregon grape flourish naturally. It is enchanting in all its expanse of glory.

I am proud of you and the spirit shown for "Progress."

Invite all to be our neighbors where there is pure air and children can romp and play.

Look out for a ten-cent car fare.

Fred Koshland.

NATIONAL TIMBER RECEIPTS RISE

Breaking all records in the history of the forest service, receipts for the sale of national forest timber for the first quarter of this fiscal year amounted to \$1,955,165, according to word just received from the chief forester by the Portland office of the forest service.

Receipts from the sale of timber from the national forests of Oregon and Washington alone for this quarter total \$278,596.42, the largest ever received for any quarter. For the same period in 1924, local receipts from timber sales were \$174,213.29 forest officials state. The total annual timber cut from all the national forests in Oregon and Washington averages only about 3 per cent of the total annual cut from private lands in these states, according to the forest service.

This is the first time, forest officials point out, that timber-sale receipts for any quarter year have ever topped a million dollars for the forest service as a whole.

It is not expected that any of the remaining three quarters of the fiscal year will touch this high level, since the summer is the loggers' busy season in the west. Timber sales on the national forests have been increasing and now bring to the federal treasury over \$3,000,000 yearly.

FIRE DEPARTMENT TO SHOW PICTURE

"Fighting the Flames," featuring William Haines, Dorothy Devore, Frankie Darrow, David Torrence, and Charlie Murray, will be shown at the Beaver Theatre here on Wednesday and Thursday evenings, November 4th and 5th, for the benefit of the Beaverton Fire Department.

This is your opportunity to help the Beaverton Fire Fighters, who need new equipment that they may be able to protect Beaverton from the ravages of FIRE.

Let's all be there.

CARD OF THANKS

We wish to thank our kind neighbors and friends for their sympathy and many acts of kindness during our bereavement, the death of our beloved son and brother; and also for the many beautiful floral offerings.

OBITUARY

Delbert A. Shearer was born near Goldendale, Washington, on February 7, 1903. He made his home in Goldendale until about five years ago, when he moved to Beaverton. From that time until he met his death, with the exception of a year which he spent at Los Angeles, California, he made his home in Beaverton.

He leaves to mourn his loss his father and mother, Mr. and Mrs. D. A. Shearer; his sister, Mrs. Nelle Mettler, and three nephews, Raymond Shearer, Walter Shearer, and Wilber Mettler, besides a host of friends.

Among those from Beaverton who attended the funeral services in Goldendale Saturday were Harold Nixon, Charles Fry, Lester Squires, Donald Hennesy, Margaret Hennesy, Miss Babcock; from Cedar Mills: Mr. and Mrs. Bert Reeves, Peter Lem; and from McMinnville: Mr. and Mrs. Will Cornelius, Mrs. Chester Shearer and son Walter, and Mrs. Mena Lillgard.

CROP AND LIVESTOCK STATISTICS REQUESTED

Annual statistics of farm crops and livestock in Oregon are sought by the Oregon Cooperative council through the state college extension service. A resolution to that effect was introduced by E. L. Faville, editor of the Western Farmer and chairman of the agricultural committee of the Portland chamber of commerce, at a meeting of the council with the extension conference at the college. It was unanimously adopted.

"The request will be granted provided there is sufficient cooperation among the growers," said Paul V. Maris, director. "The tendency among growers has been to under produce or over produce without finding it out till too late."

The council also asked the college to conduct short courses for directors of cooperative associations, and pledged themselves to carry the educational work out to the various counties. The purpose is to acquaint first the managers and directors of cooperatives, then the members and lastly the general public, with the aims and methods of cooperative marketing.

Members of the council said that there is much misunderstanding of the field and conduct of these associations, even among their own members and officers. The proposed school, they agreed, would be only a step in the right direction, but it would be important and necessary.

Extension, experiment station and instructional staff members consented to accept their parts in this new educational and statistical work and assured the council that they would carry on to the best of their ability. Most of the county agents and field workers were present attending the annual extension service conference.

SAINTS LOSE FIRST GAME IN LAST TWO YEARS

St. Mary's football team lost its first game in two years when they lost to Aquinas High of Portland by the score of 7 to 0.

The contest was bitterly fought from beginning to end and although the Saints were outweighed twenty pounds to a man, they outplayed the Portlanders in every angle of the game.

The first three quarters were scoreless and in the last quarter Aquinas got the breaks, when they intercepted a pass which paved the way for the winning score. The St. Mary's team had the ball on the one-yard line three times during the game, but could not punch it over. Here is where weight counted.

This is the only game lost out of 13 games in two years. Friday, Oct. 23, at 3:30, Hill Military will play St. Mary's at the local field.

Mr. and Mrs. Haines from Chicago, who have been visiting at the W. C. McKell home here, have left for their home. Mrs. Haines is a sister of Mrs. McKell.

Tunnel Election Carries Big

1878 People Vote Yes For Tunnel District; Erickson, Patullo And Frazier Elected Directors

Never before in the history of Beaverton has such a large number of votes been cast as was cast at Tuesday's election, when almost 1200 people recorded their choice as to whether or not they favored the Beaverton-Portland Tunnel. The vote in Beaverton stood 920 for to 254 against the organization of the Tunnel District and at Fairvale 346 voted favorable and only 46 opposed.

There is a different story to tell in Portland, where at one precinct out of 262 votes the favorable ones numbered only 114 and at Fourth St. out of 1023 votes the Tunnel District received 498. This makes a total of 2857 votes, out of which the Tunnel received 1878 or almost a 2-1 vote for the organization of the District.

The three directors chosen were Otto Erickson of Beaverton, David A. Patullo of Raleigh Station, and Charles R. Frazier of Portland.

The Review is in receipt of a telegram from F. H. Hocken of Spokane, congratulating Beaverton on the organization of the Tunnel District.

In Portland there are rumors of an injunction restraining the directors from acting, but whether it will materialize into anything serious is not known at this time.

The construction of a Tunnel through Council Crest was first proposed more than 20 years ago as a means of communication between this district and Portland. In 1921 a law was passed by the Oregon legislature authorizing the organization of tunnel districts in the state, but it was not until this spring that a really concerted effort was made to put this law into operation.

The Oregon Journal states that the assessed valuation of property in the Tunnel District is approximately \$80,000,000, and of this valuation about \$84,000,000 applies to property in the west side business district of Portland.

The possibility of running water mains through the Tunnel direct to the Beaverton reservoir is a benefit which would be derived from the construction of the Tunnel as it would cut down the excessive pumping charge which must at present be paid by the users of Bull Run water on this side of Council Crest.

BOOST FOR BEAVERTON

"Beaverton will be the second Hollywood." This is the statement of Mr. A. H. McInnis, who is busy in a big vaudeville show.

Coming to the Beaver Theatre Thursday, Oct. 29, Norman Noble and his Dreamland Orchestra, featuring Mark Martin, the Accordion wonder.

A real fast, snappy orchestra of seven pieces with four singers.

The members of this combination are: Mary Broadbent, Piano; Andy Noble, and Antone Schadle, Saxes; Bill Schadle, Traps; Norman Noble, Trumpet; Mark Martin, Accordion; and John Tafe, Banjo.

Don't fail to hear the program of this orchestra at the Beaver Theatre, Beaverton, and remember the date, Thursday, Oct. 29.

LOSES RABBIT FOOT!

Frank Noyes has been packing a rabbit's foot for some time. His luck has been great! He won three boxes of bonbons at Mape's Parlors, and placed them in his car. In some way he lost the rabbit foot, and the charm was gone!

What happened? Well—a fine-looking young lady came along. Sure, I like bonbons," and was pleased to take one box. Then Verne Domagalla noticed some fellows take another box—but the weather being foggy, he couldn't quite identify them.

In the meantime Frank is trying to catch another rabbit!
